

Charlton to Sturbridge Interconnection Project

Fact Sheet

Project Overview:

National Grid is planning an interconnection project that connects a solar farm in Charlton to National Grid's electrical system. The project requires pole and line upgrades in the towns of Charlton and Sturbridge.

The project is roughly 3.5-miles and stretches from **N. Sturbridge Road and Podunk Road**.

Some more limited work is also required on **Charlton and Picker Road**. Please use the map to in the bottom right for reference.

What to expect during construction:

- **Tree trimming and vegetation removal**
- **Pole installation and replacement**
- **Traffic pattern changes.** Please be aware of construction traffic signs and cones.
- **No planned interruptions to service** for National Grid customers.
- **Restoration** of disturbed areas.
- **Direct contact with our Outreach Team.** If you have questions or concerns, please call or email our team.

Safety Information:

National Grid staff and contractors are required to carry photo IDs. If someone requests entry and does not have proper ID, don't let that person in. Call National Grid at 1-800-322-3223 or your local law enforcement.
