

# We are upgrading infrastructure in your neighborhood.

Bellmore Upgrade Project | April 2026

Dear Neighbor,

Beginning in May 2026, National Grid crews will begin a gas system reinforcement project in Bellmore / Merrick. The purpose of the Bellmore Upgrade Project is to maintain adequate system pressures during peak loads during the winter heating season. This work is expected to be completed in Spring 2027. **There will be no impact to National Grid service to customers.**

Construction work will be done in sections, starting at the intersection of Sunrise Highway (westbound) and Newbridge Road and progressing west to the intersection of Hewlett Avenue. In an effort to minimize traffic impacts, **work on Sunrise Highway will be completed at night from 9PM to 5AM. Each night's work zone will encompass a section of Sunrise Highway (westbound). The right-hand lane will be closed within that section, during work hours.** Once work is complete in the morning, all excavations will be secured and plated, and any lane closures re-opened for traffic.

Once the work zone has moved to the Merrick LIRR station, be advised that **access to the station parking lot will remain open, but may be limited to certain driveways during work hours.** Be mindful of traffic flaggers and posted signage and leave extra time when traveling. Street parking on Hewlett Avenue and Newbridge Road, near the intersection of Sunrise Highway, will be limited for the duration of the project. There may be materials and machinery stored near the work zone during and after work hours. For your safety do not enter work zones.

After work on Sunrise Highway is complete, crews will begin work on residential streets: **Johnson Place, Albermarle Avenue, Newbridge Road and Hewlett Avenue.** To minimize potential disturbances for residents, work on these residential streets will take place **during daytime hours: Monday through Friday | 7AM to 4PM.** *\*specific construction activities may require additional work hours.*

**Questions regarding the Bellmore Upgrade Project should be directed to National Grid's Project Engagement team** at (631) 213-2009 or [Box.Llprojects@nationalgrid.com](mailto:Box.Llprojects@nationalgrid.com). A dedicated project website: [ngrid.com/bellmore](http://ngrid.com/bellmore) has also been created to provide additional information and post regular construction updates throughout the project.

# Upcoming construction activities in your neighborhood

Bellmore Upgrade Project | April 2026

Beginning in May 2026, National Grid crews will begin a gas system reinforcement project in Bellmore / Merrick. **See revise side for full details.**

**There will be no interruption of gas service for our customers.**

## What to expect:

- **Lane closure during nighttime work hours.** Our crews will be closing the right-hand lane in a section of Sunrise Highway (westbound) each night during work hours: 9PM to 5AM. Flaggers will be on site to assist motorists and pedestrians safely around the work zone.
- Excavations will be safely covered, and lanes will reopen when crews are not working
- **Access to the Merrick LIRR station parking lot will remain open** but may be limited to certain driveways during nighttime work hours. Be mindful of traffic flaggers and posted signage.
- **Parking impacts** on Hewlett Ave and Newbridge Rd near the intersection of Sunrise Hwy for the duration of the project.
- **There will be materials and machinery storage** near the construction zone during and after work hours.
- **For your safety do not enter work zones.**

## Quick Project Facts

**What:** Upgrading underground infrastructure

**Where:** Sunrise Hwy, then Hewlett Ave, Newbridge Rd, Albermarle Ave and Johnson Pl.

**When:** May 2026 to Spring 2027\*

*\*Schedule and work hours are subject to change.*
