

## Upcoming construction activities in your neighborhood

Commack RCV Project | April 2026

Beginning this May, National Grid crews will begin upgrading infrastructure at the northwest corner of the LIE N. Service Road and Commack Road in Commack, within the Cumberland Farms property.

**The Commack RCV Project** will install a remote-control valve (RCV) to improve system integrity and our ability to respond to system needs.

**There will be no interruption of gas service for our customers.**

### What to expect:

- **Construction** during work hours:  
**Monday - Friday | 7AM-4PM.**
- **Right lane closure** on Commack Road close to the work zone, during work hours.
- **Cumberland Farms open during construction.**
- Crews will work to minimize traffic disruptions. Please be mindful of cones and flaggers if temporary lane closures are necessary.
- For your safety do not enter work zones.
