

Upcoming work in your neighborhood

National Grid Construction Update October 2024

Dear Neighbor,

We are working to modernize our infrastructure system across Queens and as part of that work we will be performing test holes in your neighborhood in the coming weeks. More information about test holes can be found on the back of this flyer.

Starting October 15th for approximately four weeks, neighbors can expect to see work in the following locations:

- **Metropolitan Avenue between 70th Road and 74th Avenue**

We understand the inconvenience that this work may cause. As always, our crews will work diligently to minimize any impacts to the community.

If you have any questions or concerns about this work, please feel free to reach out by emailing us at box.queens@nationalgrid.com.

Thank you for your patience during our work in your neighborhood.

**Please note, due to the complexities of outdoor construction, schedule is subject to change.*
