We are upgrading infrastructure to provide better service to your community.

Greenpoint Facility Upgrade | November 2024

Dear Neighbor,

We are writing to update you on the current work at the National Grid facility in your area. Our crews are upgrading operations equipment and constructing a new control center parallel to Porter Avenue. In the coming weeks, we will continue removing existing infrastructure and structures, which may cause additional noise impacts.

Key Points:

- **Work will resume Thursday, November 21 and fully clearing the area by the end of January 2025.**
- **There will be no impact to your National Grid service.**
- **Work will take place Monday to Friday from 9:00 am – 3:00 pm**
- **Our crews will not be working between December 23, 2024, and January 5, 2025.**

As construction activities are scheduled our team will continue to keep you updated. If you have any questions about this project, please contact our project engagement team below.

Thank you for your patience and understanding as we move closer to completing this important work.

Thank you,

Project Engagement
