Upcoming work in your neighborhood

June 2026 – August 2026

Dear Neighbor:

Beginning in June we will be doing maintenance work on a segment of our underground transmission system in Hempstead, NY. This work is required to meet federally mandated compliance standards and is essential to ensuring the ongoing safety and reliability of your local energy delivery.

The project will begin on Dutch Broadway & Ridge Road in Elmont, Makofske Avenue & Marguerite Avenue in Elmont, and Roosevelt Avenue and Admont Avenue in Franklin Square. Residents should expect traffic and parking impacts during and after construction hours. Crews must monitor activities for 24 hours until completion. There will be no interruption of services for our customers.
