

Ongoing work in your neighborhood

South Ozone Park | Queens

Dear Neighbor,

Beginning, on/or around October 20th, 2025, our crews will reach the final phase of construction activities on our project along South Conduit Avenue, and in our construction staging area at the corner of Old South Road and 130th St. This process is critical to ensuring our infrastructure's integrity is secure and reliable for our customers throughout Queens, NY. There will be no interruption to the gas service for our customers.

What to expect:

- Construction crews continuing work on South Conduit Ave. and in our construction staging area at Old South Road and 130th Street.
- Specialized equipment including cranes will be on-site throughout the duration of the work.
- **Traffic will remain open on South Conduit Ave. but expect lane shifts during work hours.** Traffic flaggers will be on site to assist vehicle and pedestrian traffic.
- **In addition, during crane operations, 128th street may be temporarily closed at the intersection with South Conduit Ave. This temporary closure will be for short intervals, allowing us to complete work in a safe and timely fashion. Local residents will retain access to their driveways and parking.**
- Crews will secure and cover excavations after construction hours with road plates.
- Once the work is complete, crews will backfill and restore impacted areas to NYC DOT specifications.
- **For your safety do not enter work zones during and after construction, please be mindful of traffic cones and signs.**
