

We are beginning final restoration in your community.

South Ozone Park | May 2026

Dear Neighbor,

Our construction crews have finished the JBE natural gas infrastructure project and are starting final road and sidewalk restoration. The project is located along South Conduit Avenue, and at the corner of Old South Road and 130th Street.

Crews are **remobilizing to the site for final restoration and paving**. Our site restoration work has begun on 129th Street, just south of South Conduit Avenue.

Road restoration is a two-step process. Contractors will first mill the street surface before applying and rolling out the new asphalt. **Roads will not be closed** during paving operations. We will place notifications on parked vehicles 72 hours prior to paving operations for each segment of road.

Construction crews will continue work during our permitted work hours. Our Spring 2026 work hours are-:

- When schools are closed: **8AM – 3PM**, Monday – Friday
- When schools are in session: **9AM – 2PM, 3PM – 6PM**, Monday – Friday

Milling and paving crews will work during the following work hours:

- **10PM – 5AM**, Monday – Friday on South Conduit Avenue between 128th Street and 130th Street
- **10PM – 5AM**, Monday – Friday on 130th Street between 150th Avenue and South Conduit Avenue
- **7AM – 6PM**, Monday – Friday on 130th Street between 150th Avenue and Old South Road

Please note, schedules and work hours are subject to change due to weather or other factors. For your safety, please do not enter work zones during and after construction and be mindful of traffic cones and signs.

For any questions or additional information please contact our Project Engagement team and visit our project website at [ngrid.com/JBE](https://www.ngrid.com/JBE).

Thank you for your patience and understanding over the past several months as we completed our project.
