

Long Beach Upgrade

Long Beach, NY | March 2024

Dear Neighbor,

We would like to inform you of upcoming work in your neighborhood. The Long Beach Upgrade Project will upgrade our existing infrastructure within the National Grid facility at the intersection of Park Place and Riverside Boulevard in Long Beach.

There will be no interruption to service for National Grid customers.

What to expect during construction:

- **Increased truck traffic on Park Place & Riverside Boulevard.** All construction will be taking place within the fenced-in National Grid facility, not in the roadway or sidewalk. However, neighbors can expect an increase in truck traffic to the Long Beach Station on Park Place and Riverside Boulevard. Please be aware of construction traffic signs and cones.
- **Noise disturbances.** There will be increased noise disturbances mainly at the beginning of the project while we use heavy machinery to excavate the area.
- **Safety.** For your safety please do not enter work zones and be mindful of traffic cones and signs.
- **Direct contact with our Outreach Team.** If you have questions or concerns, please call, or email our team.
