Re: Narrows Road Reliability Notice

August 18, 2023,

Dear Neighbor:

To ensure we can continue providing safe and reliable energy service to Staten Island, our team at National Grid has identified important upgrades in your neighborhood. This upgrade, known as the Narrows Road Reliability Project, is planned to begin in late-August 2023 and is expected to be complete in the Fall 2024. We will be upgrading existing infrastructure along Narrows Road N in the sidewalk and roadway.

The first part of construction includes upgrading the existing infrastructure within the sidewalk and roadway area beginning near Little Clove Road and heading east on Narrows Road N. Once that work is complete, crews will begin upgrading critical infrastructure within the vicinity of Dekalb Street, Rhine Avenue, and Richmond Road to increase safety and reliability. Crews will then make their way back west on Narrows Road N to Little Clove Road. Once construction is complete the impacted areas will be restored to Department of Transportation (DOT) standards. **Traffic will remain open on Narrows Road N during construction hours. Traffic flaggers will be on-site to direct vehicular and pedestrian traffic, as necessary.**

There will be night work for the duration of the project along with daytime work hours in specific locations. See below:

Hours of work:

Night work hours are Mon-Fri, 9PM to 5AM

Intersection of Rhine Avenue and Dekalb Street, Mon-Fri, 9AM to 3PM*

We are committed to enhancing the safety and reliability of the communities we service. If you have any questions, we encourage you to reach out to our outreach team using the provided contact details below.

Please note, this project will not interrupt National Grid service for our customers.

Sincerely,

National Grid Stakeholder Management
718-749-9542
