

We are working in your area to increase safety and reliability for your community.

NL-25 Project Elmont, NY

December 1, 2022

Dear Neighbor,

We are writing to let you know that work on Ridge Road is finishing its last stages of completion. Our crews will continue to restore Ridge Road, including any affected roadway and sidewalk areas over the next couple weeks.

We understand the impact caused by this project to your neighborhood. Our crews are doing everything possible for a timely completion of the work and restoration of disturbed areas. We thank you for your patience during this time.

Please note, National Grid crews will be returning in Spring 2023, but this work will be confined to the grass area on the southern side of Dutch Broadway and will not affect Ridge Road.

For questions or concerns during restoration, or for more information, please contact us at the number or email below:

Thank you,

National Grid Stakeholder Management
