We are upgrading infrastructure to provide better service to your community

Northwest Nassau Integrity Project – May 2025

Dear Neighbor:

Since 2017, we have made significant upgrades to our infrastructure system through the Northwest Nassau Integrity Project. The project is upgrading infrastructure to increase reliability, enhance safety and operational flexibility and improve service throughout Long Island. We are writing to update you on our work hours as we continue work on the Long Island Expressway Service Road.

In the coming weeks and months, the Northwest Nassau Integrity Project will continue on the LIE North Service Road west of Lakeville Road, onto Horace Harding Boulevard, and finally onto Bates Road.

What to expect during work:

- **Traffic will remain open** on all streets but expect lane-shifts and sidewalk closures during work hours.
- **Traffic flaggers** will be on site to assist vehicular and pedestrian traffic.
- Excavation of the roadway, installation of new infrastructure, temporary restoration of the roadway, testing of the new infrastructure, and final restoration of the roadway.
- The project site will be secured with road plates during non-work hours.
- **For your safety please do not enter work zones and be mindful of traffic cones and signs.**

There will be no interruption of gas service for our customers.

Our team will send out new information as it is available. For answers to your questions, please see the project contact information below. We look forward to answering your questions.

For information regarding work timelines, please see our project website www.ngrid.com/nwn or scan the QR code to learn more.

Contact us:

Box.NWN@nationalgrid.com or call 516-882-4864.

Please note: Every National Grid employee carries a photo ID card, and any contractor doing work for us is also required to carry ID.

*Due to the complexities of outdoor construction, schedule is subject to change. Please reach out to our project team for more information.
