# We will be working in your neighborhood.

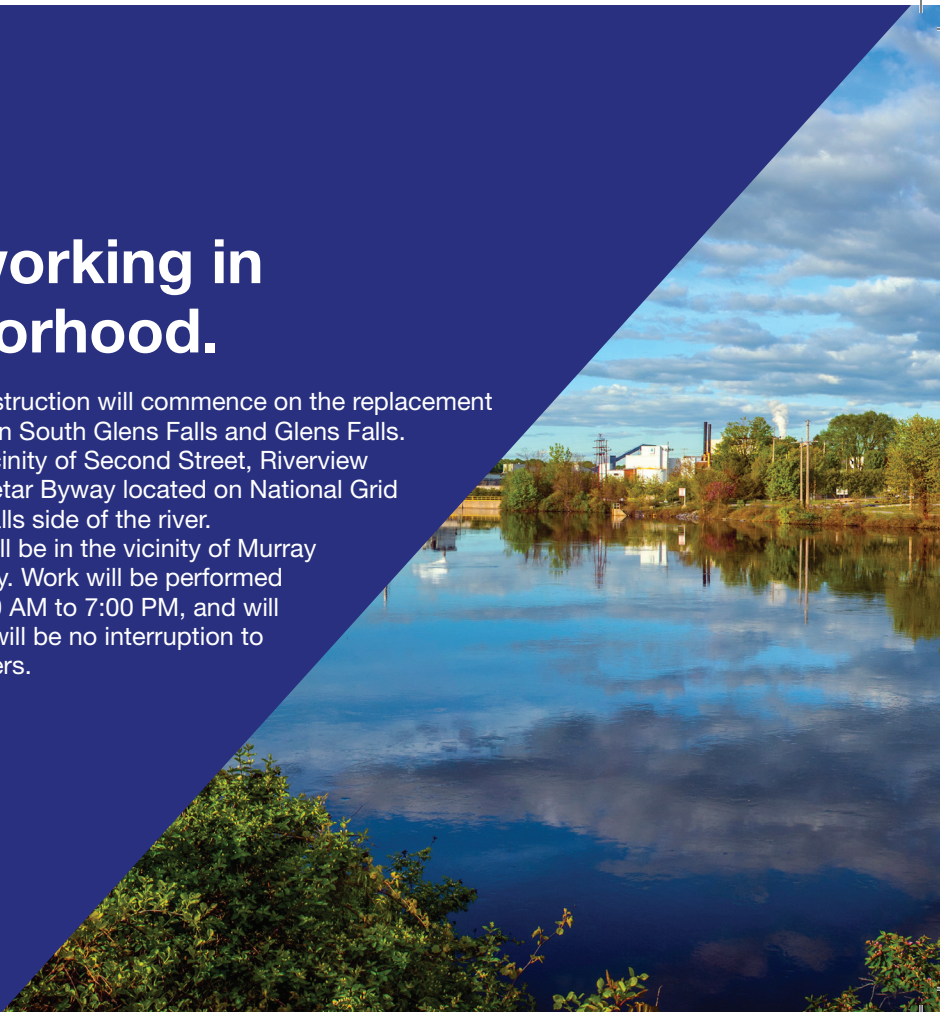

Starting in mid-April 2025, construction will commence on the replacement of energy infrastructure between South Glens Falls and Glens Falls. Crews will be working in the vicinity of Second Street, Riverview Street and the portion of the Betar Byway located on National Grid property on the South Glens Falls side of the river.

Work on the Glens Falls side will be in the vicinity of Murray Street and Finch Paper property. Work will be performed Monday through Saturday, 7:00 AM to 7:00 PM, and will be completed fall 2025. There will be no interruption to the gas service for our customers.

Smell gas?  
**Act fast.**

## What to expect:

- Traffic will remain open but may be limited to resident-only use during certain project phases.
- A traffic flagger will be on site to assist vehicular and pedestrian traffic.
- Crews will be able to assist entering and exiting residential properties on Second Street as necessary.
- Temporary closure of the Betar Byway for the protection of the public and work crews.
- There will be materials and machinery storage near the construction zone during and after work hours.
- Once the work is complete, crews will restore any disturbed areas.
- For your safety, please do not enter work zones and be mindful of traffic cones and signage.

We appreciate your patience and understanding as we complete this critical project. Should you have any questions or concerns, please contact Project Engagement at **518-554-8454** or **box.ENYprojects@nationalgrid.com**.
