**We're working on a new
electrical substation that
will enhance reliability.**

ngrid.com/raquettelake

Dear Neighbor,

We wanted to let you know that we've begun working on a new electric substation at 132 State Route 28 and have created a project website so you can stay informed on the project's status.

Visit **ngrid.com/raquettelake** to view photos, learn more about the project and see the latest construction timeline.

If you have questions, please contact Project Engagement Representative Erin Gryniak at **518-603-1040** or **erin.gryniak@nationalgrid.com**.

Thank you for your continued patience as we complete this critical project.

Sincerely,
National Grid
