

Residential AMR Meter

Remove AMR Meter Application Form

AMR Meter Opt Out Terms

Per Boston Gas Company's Residential Automatic Meter Opt-Out Provision, M.D.P.U. No. 92, residential gas customers may have their National Grid Automated Meter Reading ("AMR") gas meter replaced with a non-AMR gas meter that does not utilize a radio frequency transmitter.

By signing below, you (the "Customer") agree to the fees listed in the above referenced terms and conditions which may be amended from time to time. The fees are as follows:

Service	Fee	Frequency
Remove AMR gas meter and install non-AMR gas meter	\$66.00	one time
Manually read the non-AMR meter(s)	\$25.00	monthly

The one time fee(s) will appear on your first bill after the non-AMR meter(s) has been installed at your premises. The monthly manual meter reading fee will begin on the same bill.

If you later choose to have your AMR meter re-installed, a one-time re-installation fee will apply that is equal to the fee listed above for the AMR meter's removal. Starting on the first bill after all non-AMR meters have been replaced with AMR meters, the monthly fee will be waived.
