winter 2021

Are you ready for winter?

Our useful tips and programs can help you reduce your natural gas use and save.

With the cold months upon us, we want you to have the information you need to enjoy safe, uninterrupted access to natural gas.

While we're pleased to have secured new short-term natural gas supplies for this winter, during extremely cold days the demand for natural gas is at its highest and may come close to the amount our system can provide. That's why conserving natural gas is so important. You can help lower the demand on our system and save at the same time!

Conserving natural gas is a great way to save energy and money and supports our primary responsibility and commitment to provide you with safe, reliable gas service this winter.

We have useful tips and programs to help you reduce your energy use and save.
ngrid.com/save

Explore our programs, rebates, incentives and conservation tips that can help you stay comfortable and manage your energy use. We also offer billing and payment options to help you manage monthly energy costs.

Remember – we're here to help.

Winter is here, and so are we when you need us.

If you have been financially impacted by the pandemic and are concerned about paying your National Grid bill, solutions are available.

All customers qualify for payment assistance.

Our personalized COVID-19 Payment Agreement allows you to spread your past due amount over 12 manageable monthly installments – with 0% down and no financial reporting.

To learn more, visit ngrid.com/billhelp or call us at **1-718-643-4050**.

Stay alert to scams.

Scams can happen at any time. To protect yourself, always verify the identity of any person who contacts you claiming to represent National Grid.

Where to find assistance.

Home Energy Assistance Program (HEAP)

assists income-eligible customers with winter heating bills. Income caps have been raised, so you may be eligible even if you have never qualified before. HEAP grants do not need to be paid back.

Act quickly – HEAP funds are available until March 15, 2021 or until they run out.

Emergency HEAP opens Jan. 4 and provides additional funding toward heating bills for eligible applicants.

Energy Affordability Program (EAP) provides a monthly bill discount. Enrollment is automatic with receipt of a HEAP payment and continues for those who apply for HEAP annually. Visit otda.ny.gov/programs/heap or learn more at ngrid.com/billhelp

The Neighborhood Heating Fund is a Metro NY program administered by HeartShare Human Services that provides emergency financial assistance to National Grid HEAP-eligible customers who have exhausted HEAP assistance. The program opens Feb. 4 until funds run out. Visit ngrid.com/discount and select “Grant Programs.”

Our Consumer Advocates can provide additional support. Email ConsumerAdvocacyNYC@nationalgrid.com or call **1-718-643-4050**.

Payment centers

For the safety of our customers and employees, our walk-in payment centers remain closed until further notice. Please visit our website for reopening dates. Thank you for your patience and understanding.

Payment Options

We offer a variety of ways to pay your bill. Visit ngrid.com and select **Ways to Pay** for details.

Keep meters clear of ice and snow

Prevent a serious safety risk. Falling ice and heavy snow from a roof can damage meters or service connections, resulting in a gas leak.

Online assessment

Save energy in your home. Take our online assessment at energyassessment.nationalgridus.com/residential/start/

Safety tips

- Check your CO detectors to make sure they are working properly.
- Never hang items from gas pipes. Doing so can weaken pipes and cause a hazard.
