We're here to help this summer.

With the warm days of summer ahead, and global events leading to higher energy prices, we know this will have an impact on household budgets.

We offer ways to help you manage your energy use and monthly bills — including budget payment plans, energy efficiency tips and programs, and assistance with community support agencies.

211: Support when you need it.

When you need help — paying bills, feeding your family, finding health care and much more — remember **211**. Across the U.S., 24 hours a day, seven days a week, **211**'s Community Resource Specialists are ready to connect you with free or low-cost support. Call **211** or text your zip code to **898-211**. See more at 211.org

Avoid heat stress.

When humidity and high temperatures last for several days, watch for signs of heat stress, including confusion, dizziness, fatigue and headache. Wear loose, lightweight clothing, stay hydrated, and seek medical care right away if you have symptoms.

Emergency HEAP grants extended through August.

There's still time to apply for an Emergency Home Energy Assistance Program (HEAP) grant. Act quickly — funds are available for those who qualify until Aug. 31, 2022 or until they run out. Learn more at ngrid.com/billhelp, under **Grant Programs**.

CLOSED**

Inspect natural gas pipes regularly.

As a natural gas customer, you're responsible for maintaining all gas lines that begin at the outlet of the gas meter and extend above or below ground on your property. Used for outdoor appliances, pool heating, generators and more, buried gas lines can corrode or leak if not properly maintained. Periodically hire a professional plumbing/heating contractor or leak survey and corrosion expert. If unsafe conditions are found, have the pipeline repaired immediately. Learn more at ngrid.com/gassafety

Stay safe. Call 811 before you dig.

It's the season for outdoor projects — such as planting trees and shrubs or adding fencing, a pool or deck. Whether you're doing it yourself or hiring a professional, always call **811** before digging. It's not only the law but it could prevent loss of life, injury and property damage.

NY811: Call **811** or **1-800-272-4480**
or visit NewYork-811.com

Look into our Budget Plan.

The Budget Plan uses the amount you usually pay on your National Grid bills in a year and breaks that total into 12 predictable monthly payments. You'll still only pay for the total amount of energy you use in a year. Find out if the Budget Plan is right for you at ngrid.com, under **Billing & Payments**.

Multi-family, apartment or business complex owners please post. This is an important safety notice. Please have it translated. See "select language" link at ngrid.com

Meter safety inspections.

To ensure your safety, New York State law requires us to periodically inspect your gas meter and associated piping even when it's located indoors. Learn more at ngrid.com/inspection

Stay storm ready, year-round.

Because storms can happen at any time, be prepared with a storm kit. Learn more at ngrid.com/stormsafety

Go paperless.

Enroll in paperless billing and receive your bill anywhere you access your inbox. See ngrid.com/paperless

TTY service.

For assistance or to report an emergency, deaf, hard-of-hearing and speech-impaired customers can call **711** with compatible TTY devices.

Smell gas. Act fast. Gas Emergency?
Call **911** or **1-800-490-0045**
