

Residential AMR Meter Opt Out Application

AMR Meter Opt Out Terms

Per Massachusetts Electric Company's and Nantucket Electric Company's Terms and Conditions for Electric Service, M.D.P.U. tariff 13-83-A, residential customers may have their National Grid Automated Meter Reading ("AMR") electric meter replaced with a non-AMR electric meter that does not utilize a radio frequency transmitter.

By signing below, you (the "Customer") agree to the fees listed in the above referenced terms and conditions which may be amended from time to time. Effective May 1, 2014, the fees are as follows:

Service	Fee	Frequency
Remove AMR electric meter and install non-AMR electric meter	\$26.00	one-time
Manually read the non-AMR meter(s)	\$11.00	monthly

The one time fee(s) will appear on your first bill after the non-AMR meter(s) has been installed at your premises. The monthly manual meter reading fee will begin on the same bill.

If you later choose to have your AMR meter re-installed, a one-time re-installation fee will apply that is equal to the fee listed above for the AMR meter's removal. Starting on the first bill after all non-AMR meters have been replaced with AMR meters, the monthly fee will be waived.
