

MASSACHUSETTS ELECTRIC COMPANY
NANTUCKET ELECTRIC COMPANY
OPTIONAL INTERVAL DATA SERVICE

Availability of Service

Service is available under this tariff for customers receiving service under Massachusetts Electric Company's and Nantucket Electric Company's (the "Company") Optional Enhanced Metering Service, M.D.P.U. No. 1283, and customers receiving metered retail delivery service from the Company who have a Company-owned interval data recorder ("IDR") installed at their facilities.

Fees:

Under this provision, the fees for this service will vary depending upon the number of accounts and frequency of requests for interval data. Access is available to the customer or its authorized agent.

One-Time Request for Interval Data:

Initial request covering a single calendar year	No Charge
Subsequent request within same calendar year	
Single retail delivery service account	\$165.00
Additional retail delivery service account requested at same time	\$7.08 per account

Fees will be prorated for customer requests which include interval data which has been provided previously in response to an earlier request for data service.

Subscription Service for Interval Data over the Internet:

The Company may offer subscriptions to eligible customers for access to interval data through an Internet account which is available for the customer's use. Annual fees for this service are provided below. The minimum contract length is one year. The availability of this service will be subject to the Company's ability to render such service.

Single retail delivery service account	\$243.00 annually
Additional retail delivery service account requested at the same time	\$85.00 per account, annually

Terms and Conditions

The Company's Terms and Conditions for Distribution Service in effect from time to time where not inconsistent with any specific provisions hereof, are a part of this tariff.
