

Incentives and On-bill Repayment

When you install the efficiency measures recommended from your no-cost, onsite audit, National Grid will pay up to 70% of the installation and equipment costs.

For eligible customers, the balance can be placed on your monthly electric bill for up to 24 months. Or, pay in one lump sum and receive an additional 15% discount.

Eligibility Criteria:

- Average monthly kW demand of 200 kW or less

RHODE ISLAND

Cut your business' energy costs by up to 30% with the Small Business Services program from National Grid.

The Small Business Services program offers:

- A NO-COST on-site energy audit of your facility's electrical equipment
- Based on the audit, a proposal is developed with recommended energy efficiency measures
- Equipment installation at your convenience
- Removal and environmentally-friendly disposal of fluorescent lights and ballasts from your facility

Available energy efficiency equipment may include:

- Lighting upgrades
- Lighting occupancy sensors
- Gas measures (for natural gas customers)
- Walk-in cooler efficiency measures
- Site-specific custom lighting projects

Mews Tavern
Wakefield, RI
