

Small Business Program

Collins Marine

Collins Marine

Located in Western New York, Collins Marine has been a leading company in boat sales, rentals, and repairs for over 50 years. Their showroom and marina showcase a wide range of premium boats.

Energy Efficiency Solutions

Installed:

- Interior and Exterior LEDs

Savings Summary

Wanting to satisfy their constant need for an optimal work environment, Collins Marine paired up with National Grid's Direct Install team to find a lighting solution. Interior and exterior energy efficient LED upgrades were installed, leading to over \$3,800 in annual energy savings.

The result:

Total Project cost	\$20,590
National Grid incentive	\$13,687
Cost to customer	\$6,902
Annual kWh savings	92,049 kWh
CO₂ lifetime reduction	90,213 lbs.
Annual cost savings	\$3,804.55
