

## Small Business Program

# DiPaulo Restaurant

### DiPaulo Restaurant

DiPaulo Restaurant has been a popular dining spot in Western New York since 1965. Along with authentic Italian food and a high level of customer service, DiPaulo also offers banquet space for private events and large parties.

### Energy Efficiency Solutions

#### Installed:

- Interior and Exterior LEDs

### Savings Summary

Looking to provide the right ambience for their customer's dining experience—whether in the banquet space or the dining area—the DiPaulo family teamed with National Grid to find the right solution for their lighting needs. After a brief assessment, energy efficient interior and exterior LED's were installed, saving DiPaulo Restaurant over \$4,200 annually.

#### The result:

|  |             |
|--|-------------|
| <b>Total Project cost</b>                | \$24,131    |
| <b>National Grid incentive</b>           | \$12,830    |
| <b>Cost to customer</b>                  | \$11,301    |
| <b>Annual kWh savings</b>                | 52,611 kWh  |
| <b>CO<sub>2</sub> lifetime reduction</b> | 53,483 lbs. |
| <b>Annual cost savings</b>               | \$4,213.32  |

#### Business Equivalence:

Selling almost 420 bowls of pasta.

*"There are so many benefits! The dimmable, soft lighting is easier to control and makes everything look better."*
