

Small Business Program

Patton's Electric Co.

Patton's Electric Co.

Patton's Electric Co. has been dedicated to providing top quality home appliance products and service to the Chautauqua County and Western New York for years. The key to their success is ensuring customers enjoy their shopping experience and the right type of ambience to highlight their products.

Energy Efficiency Solutions

Installed:

- Indoor LEDs

Savings Summary

To continue to provide its top customer service, Patton's worked with National Grid to find a cost effective solution. By installing energy efficient LED upgrades, Patton's was able to achieve a savings of over \$6,100 in annual energy costs.

The result:

Total Project cost	\$30,087
National Grid incentive	\$18,814
Cost to customer	\$11,273
Annual kWh savings	55,565 kWh
CO₂ lifetime reduction	61,122 lbs.
Annual cost savings	\$6,178.86

Business Equivalence:

Selling almost 25 electric cook-tops.
