

Authorized Signature Listing

This form is issued by National Grid as the default form for National Grid Customers when another authorized signatory form is not prescribed by policy.

Signature for Corporation (C or S), Partnership, Trust/Estate, Limited Liability Company (must match Form W-9 tax classification)

Customer/Company Name	EV Application Number

INSTRUCTIONS: Any Customer must provide a listing of individuals authorized as legal representatives of the Customer who can sign contracts and other legally binding documents on the Customer's behalf. National Grid may require additional proof of authority or proof of signature authenticity.

For privacy purposes **DO NOT ATTACH** documentation containing bank account numbers, social security numbers, driver licenses, home addresses, or other personally identifiable information you do not want released as part of a business record. National Grid reserves the right to maintain the names and titles of authorized signatories for contract administration purposes.

Acceptable signatures include: (1) wet signatures, (2) hand-drawn electronic signatures or uploaded handwritten signature images, and (3) digital signatures using Adobe Sign, DocuSign, or similar tools. Typed names alone are not acceptable.

Authorized Signatory Name – Site Host	Signature (as it will appear on contract or other documents)	Title	Phone Number	Email Address

Authorized Signatory Name – Property Owner (if different)	Signature (as it will appear on contract or other documents)	Title	Phone Number	Email Address

Authorized Signatory Name – EVSE Owner-Operator (if different)	Signature (as it will appear on contract or other documents)	Title	Phone Number	Email Address

Acceptance of any payment under a Contract shall operate as a waiver of any defense by the Customer challenging the existence of a valid Contract due to an alleged lack of actual authority by the signatory.

Certification

I certify that I am a responsible authorized officer of the Customer and certify that the individuals identified on this listing are current as of the date of execution and are authorized to sign contracts and other legally binding documents related to contracts with National Grid on behalf of the Customer. I understand and agree that the Customer has a duty to ensure that this listing is immediately updated and communicated to National Grid whenever authorized signatories retire, are terminated, are no longer authorized, or whenever new signatories are designated.

The certifying official should not be the only authorized signatory listed on this form. If only one authorized signatory exists, National Grid may require additional evidence of signing authority. Please note you cannot self-certify your own signature as a single signer listed above.

Helpful Hints for Completing the Customer Authorized Signatory Form

- The individual signing the certification section must have authority to delegate authorized signatories.
- There should be at least two (2) different authorized signatories whenever practical.
- If the certifying official will also sign contracts, that individual should be listed in the Authorized Signatory section.
- Each person listed must include a corresponding signature sample.
- The signature shown should match the signature used on agreements and contract documents.
