

We can help drive new tenants to your buildings.

Get up to 100% funding on electrical infrastructure.

With more electric vehicles on the road, there are opportunities for your building to attract new tenants by installing EV charging stations. Our Upstate NY Make-Ready Program can help you install them at your buildings with ease.

Adding just one EV charging station can:

Give your building a competitive edge

Accommodate current EV-driving tenants

Attract new EV-driving tenants

Add value to your property

Demonstrate your commitment to sustainability
