

We can help give your workplace a competitive edge.

Get up to 100% funding on electrical infrastructure.

Your strategic vision is what helps you meet the extraordinary challenges of our time. Now, a new change is coming: the estimated 850,000 new electric vehicles expected on New York state roads by 2025.

Our Upstate NY Make-Ready Program can help you make your business stand out by adding EV charging stations—for less than you may think.

Adding just one EV charging station can:

Accommodate current EV-driving employees

Attract future employees

Help you stand out from the competition

Add value to your property

Demonstrate your commitment to sustainability
