

Electric Vehicle Charging Station Make-Ready Program

Give your healthcare facility a competitive edge.

Complete your EV project and get up to 100% funding for your electrical infrastructure.

Take the healthcare experience to the next level with electric vehicle charging stations. Our Upstate NY EV Charging Station Program can help you make your facility extraordinary by adding EV charging stations — for less than you may think.

Adding just one EV charging station can:

- Add an extra benefit for visitors, patients and employees
- Help you stand out from the competition
- Add value to your property
- Demonstrate your commitment to sustainability

Plug your facility into EV charging stations.
