

Small Business Program

Mews Tavern

Mews Tavern

Originally a small fishermen's tavern which opened in 1947, owners Dave and Danny have transformed Mews Tavern into a legendary Rhode Island restaurant and bar. It's an authentic Celtic Pub where you can enjoy the best burger in South County and enjoy live entertainment. There is a great deal of history packed into Mews. People from all over come to visit this legendary establishment and now all patrons will drink and dine under their new energy efficient lighting that was installed after Mews took advantage of National Grid's Small Business Program. After a free energy evaluation they decided to move forward with recommended measures that helped decrease energy costs and their environmental impact.

Efficiency Improvements

Mews installed an Energy Management System and new energy efficient custom lighting.

The result:

Total Project Cost	\$28,159
National Grid Incentive	\$19,712
Cost to Customer	\$8,448
Estimated Annual Energy Cost Savings	\$10,439
Annual kWh Savings	77,750

Wakefield, RI

"Our business is very visual and detail-oriented. Good lighting is critical for doing our best work. Being able to improve our lighting and save on energy costs is just smart business for us."

—Bob Betti, VP of Manufacturing
