# Steam system prescriptive incentives application

Prescriptive Measures 1-877-316-9491

Custom Measures 1-800-843-3636

[ngrid.com/business](http://ngrid.com/business)

Save energy and money by properly managing your steam system. Receive funding for a steam system survey and repairs at your facility.

Steam systems are one of the most intense users of energy in buildings. This incentive program is designed to help customers reduce energy consumption and improve efficiency and reliability in steam systems.

- **Receive up to \$18,750 for steam trap replacements and up to \$7,000 for a steam trap survey**

National Grid will fund 50% of the cost of a steam system survey, to a maximum of \$7,000. A pre-approved surveyor will examine your facility's steam traps in order to uncover failed or non-operating traps in addition to missing or damaged pipe insulation. The surveyor will recommend what measures are required to make your system more efficient.

In return for funding from National Grid, you agree to start a comprehensive steam trap management plan following the Department of Energy's recommended steam trap management procedures at

[https://www.energy.gov/sites/prod/files/2014/05/f16/steam1\\_traps.pdf](https://www.energy.gov/sites/prod/files/2014/05/f16/steam1_traps.pdf)

Incentives are available for complete steam system replacements for industrial and multifamily customers only. Commercial customers should contact National Grid. Incentives are also available for the addition of pipe insulation. To download this rebate form, visit [ngrid.com/save](http://ngrid.com/save).

## STEPS TO PARTICIPATE IN THE STEAM SYSTEM SURVEY PROGRAM

1. For information on pre-approved vendors and steam survey application, contact National Grid at **1-800-843-3636** or visit our website at [ngrid.com/save](http://ngrid.com/save).
2. Contact a pre-approved vendor for a price quote on a steam system survey.
3. Submit price quote to National Grid for approval. E-mail it to [efficiency@nationalgrid.com](mailto:efficiency@nationalgrid.com) or mail it to the National Grid address below.
4. Upon receiving the price quote, National Grid will supply you with an offer letter detailing the funding that can be provided upon completion of the survey. Offer letter must be signed and returned within stated time frame to ensure funding availability.
5. When the project is completed, send a copy of the survey invoice and repair invoice, if applicable, to National Grid at the e-mail address above or the National Grid address listed below. A completed and signed Form W-9 is required documentation from Gas Account Holder to confirm customer's Tax ID Number and Tax Status.
6. National Grid will send you an incentive check within **6-8 weeks** of receipt of these invoice(s).

## SURVEYOR'S RESPONSIBILITIES

1. Locate, identify and tag all the steam traps located within the facility.
2. Provide a steam trap log including the following information:
  - Operating status
  - Model number
  - Manufacturer
  - Trap type
  - Pressure/boiler plant description
  - A description of trap location

The surveyor(s) shall utilize a combination of testing methods including but not limited to: test valve method, listening device test, pyrometer method and visual observation.

3. Test all steam traps wherever possible and tag those traps that are not operating properly.
4. Instruct plant maintenance personnel in proper testing methods.
5. Note specific problems such as water hammer, improper sizing of condensate return systems, poorly designed piping configurations, improper or missing insulation, and any steam leaks.
6. Provide report of surveyed traps including: operating status, condition of each trap, those traps needing repair or replacement, and inlet and outlet pressures.
7. Report shall detail estimated therm losses for each trap and a cumulative site loss.
8. Please send a copy of the report to the customer and National Grid at the address below:

National Grid Energy Efficiency Programs  
8424 Ditmas Avenue  
Building #31  
Brooklyn, NY 11236

**MEASURE AND INCENTIVE LIST**

<b>PRODUCT</b>	<b>INCENTIVE</b>
Steam boilers ( $\leq$ 999 MBH) $\geq$ 82% AFUE <sup>1</sup> or Thermal Efficiency <sup>2</sup> Steam boilers greater than 1000 MBH must apply for incentives under the National Grid Energy Efficiency custom program. For questions, please call 1-800-843-3636.	<b>\$600</b>
<b>INSULATION</b>	
Pipe (limit 1000 linear feet)	<b>\$1.50/ft.</b>
<b>EQUIPMENT</b>	
Steam Traps (limit 250) (Both new and rebuilt steam traps are eligible; if install is greater than 250 or high pressure steam traps, please apply for rebate under our custom program - 1-800-843-3636.	<b>\$75 each</b>

1= Annual Fuel Utilization Efficiency (AFUE)

2= Thermal Efficiency (Efficiency of heat transfer in a boiler minus boiler radiation and convection losses.)

**TO APPLY:**

- If installing a steam boiler, refer to [www.ahridirectory.org](http://www.ahridirectory.org) to determine if your equipment meets the program requirements. Equipment must be installed by a qualified professional. Incentives available to eligible natural gas heating customers only.
- Go to <http://www.rebatesee.com> to view available funds and to complete and submit your online rebate application. Customers who do not have online access can call 1-877-316-9491 to receive a rebate application. All required information must be either submitted online or postmarked by 12/31/2019.
- Submit online at <http://www.rebatesee.com> or mail the following items:
  - Completed and signed application
  - Copy of a paid-in-full and dated work order/invoice/receipt that identifies:
 

- Equipment or measure installed	- Quantity installed	- Total installed costs
- Quantity or square or linear feet installed	- Manufacturer	- Model number
- "Paid in Full" or "Zero Balance"	- Installer name (if contractor installed)	
  - A completed and signed Form W-9 is required documentation from Gas Account Holder to confirm customer's Tax ID Number and Tax Status. Please include a hard copy of the Account Holder's W-9 form or visit <http://rebatesee.com> to upload.

To view an example of an invoice, please visit <http://www.rebatesee.com> and click on FAQ.

- Mail to: National Grid New York Steam System Incentive (NYC)  
Offer# 18-53044  
P.O. Box 540064  
El Paso, TX 88554-0064

**Program Details**

For questions, please call **1-877-316-9491**. To check the status of your incentive, please visit <http://www.rebatesee.com/#/tracker>. This program is available for installations completed between **1/1/2019 and 12/31/2019**. Applications must be uploaded or postmarked by **12/31/2019**. Issuance of incentives for completed applications is contingent upon funding availability. Check [ngrid.com/nycbiz](http://ngrid.com/nycbiz) frequently for program updates and installation extensions.

Qualified equipment must be connected to a National Grid meter and be on a firm commercial gas rate paying the System Benefits Charge (SBC). Customer cannot receive an incentive from National Grid and an incentive from NYSERDA for the same equipment.

National Grid does not endorse the products listed in the AHRI Directory nor makes any representations, warranties or guarantees as to, and assumes no responsibility for, the products listed in the directory.

All incentives are given on a per-unit basis. All incentives are subject to change without notice.

For customized measures not listed in this brochure, please contact National Grid Efficiency at **1-800-843-3636** or email [efficiency@nationalgrid.com](mailto:efficiency@nationalgrid.com).

PRESCRIPTIVE ENERGY EFFICIENCY MEASURE	*MANUFACTURER	*MODEL NUMBER	*INSTALLED DATE	*INSTALLED COST	INCENTIVE AMOUNT	*QUANTITY INSTALLED	*ANTICIPATED INCENTIVE AMOUNT
Steam Traps, limit 250					\$75 each		
New and Rebuilt Steam Traps qualify for incentives. If install is greater than 100 or high pressure steam traps, please apply for rebate under our custom program - 1-800-843-3636.							TOTAL INCENTIVE

New and Rebuilt Steam Traps qualify for incentives.  
 If install is greater than 100 or high pressure steam traps, please apply for rebate under our custom program - 1-800-843-3636.

One account number per form. Valid for purchases and installations made between 1/1/2019 to 12/31/2019. Applications must be uploaded or postmarked by 12/31/2019.  
 Some restrictions may apply. Offer subject to change without notice.

For Steam Survey or customized measures not listed in this brochure, please contact National Grid Efficiency at 1-800-843-3636 or email [efficiency@nationalgrid.com](mailto:efficiency@nationalgrid.com).

## TERMS AND CONDITIONS

1. **Incentives** — Subject to these terms and conditions (“Terms & Conditions”), the Commercial Natural Gas Energy Efficiency Program (hereafter the “Program”) high efficiency gas commercial business incentives are offered by The Brooklyn Union Gas Company and KeySpan Gas East Corporation each d/b/a National Grid (each “Company” or “National Grid”). The Company, through its contractual vendor (the “Vendor”), will pay incentives to eligible National Grid gas customers for the purchase and installation of specific Energy Efficiency Measures (“EEMs”) described in the Company’s Program literature and within the Program application.
2. **Customer Eligibility** - National Grid Gas customer are eligible if they are firm tariff gas customers on a qualifying commercial or multifamily firm rate codes that pays the System Benefits Charge (SBC), and they are directly responsible for the payment of the Company’s energy bills for the facility in which they conduct business (hereafter the “Customer”). Issuance of incentives for completed applications is contingent upon program funding availability and will be paid only for qualifying EEM installation completed between 1/01/2019 to 12/31/2019. Online applications must be uploaded to the website <http://www.rebatesee.com> by 12/31/2019. Mailed applications must be postmarked by 12/31/2019. Check <http://www.rebatesee.com> frequently for programs updates or program extensions.
3. **Energy Efficiency Measures (EEMs)** - (a) The Company will only pay incentives for the specific EEMs listed within this application. The Company will not pay for any EEMs that are not listed on the front of this Program application. The Company has the right to reject any incentive application with ineligible equipment or equipment not indicated on this incentive application. There will be no incentive payments for substitute EEMs or used equipment, unless the substitute is approved by the Company in writing and in advance of installation. (b) All EEM installations must be installed in conformance with federal, state and local code requirements and by qualified contractors. The Customer hereby authorizes the Company to release their energy use information to energy efficiency program sponsors and System Benefits Charge (SBC) program administrators and/or designees, and understands that such information will be kept confidential and used only for the purposes of program evaluation and determining program eligibility and energy savings.
4. **Participation in Other Energy Efficiency Programs** - Customers may not apply for or receive multiple incentives for the same EEM from other SBC funded New York State utilities or the New York State Energy Research and Development Authority (“NYSERDA”).
5. **Post-Installation Work Verification** - The Company reserves the right to withhold the payment of any incentive until it has performed a verification of the specified installation. If the Company and/or the Vendor determine that the EEMs were not installed in a manner that is consistent with Program guidelines and applicable federal, state and local code requirements, the Company may require that the installation be modified before making any incentive payments. The cost of any such modifications is the responsibility of the Customer.
6. **Incentive Amounts** - The Company will provide incentives for new (not used), approved equipment, equal to the incentive amount indicated in the Company’s Program literature and within the Program application. The incentive for a Steam Trap Survey shall not exceed \$4,000. The Company reserves the right to change its incentive amounts in addition to negotiating a lower incentive amount on a per-unit basis in the case of multiple installations at the same site. The incentive may not exceed the installed cost of the EEMs.
7. **Proof-of-Cost of Installation** - The Customer must submit copies of all itemized proofs of purchase and invoices documenting the installation (including all materials, labor and equipment invoices), which reflect the actual cost of purchasing and installing the EEMs. In addition, the Company may request any other reasonable documentation or verification of the date of installation or the cost to the Customer of purchasing and installing the EEMs. The documentation shall be provided at the time the customer submits the Program application.
8. **Limitation of Liability** - The Company’s liability shall be limited to paying the incentive amounts for the Program. The Company and its officers, directors, employees and agents and any of its affiliates and their respective officers, directors, employees and agents shall not be liable to the Customer and/or third parties for any claims, demands, losses, liabilities, judgments, damages (whether direct, indirect, consequential, special, incidental, punitive or exemplary), costs or expenses (including attorneys’ fees) whether suffered by the Customer or by any third party that arise out of activities associated with the Program.
9. **Payment** - The Company, through the Vendor, expects to make incentive payments to eligible Customers within 6-8 weeks of satisfactory work verification. The Customer must refund any incentive made to the extent the contractor or equipment does not satisfy Program requirements.
10. **Installation Service Cost** - The Company will recognize material and installation costs only to the extent that they are (i) directly related to energy savings, (ii) reasonable, (iii) actually incurred by the Customer and (iii) fall within the guidelines for the Program.
11. **No Warranties** - The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product installation. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy or safety of such equipment.
12. **Limited Scope Review** - The scope of review by the Company and/or the Vendor, of the installation of the equipment, is limited solely to determine whether incentives are payable. It does not include any kind of safety or code review, and should not be relied upon by the Customer as constituting a safety or code review.
13. **Changes in the Energy Efficiency Program** - The Program and these Terms & Conditions may be changed by the Company at any time without prior notice.
14. **Payments Assignable to a Third Party** - (a) The Customer may request that the incentive be paid directly to a third party by so indicating in the Program application. Notification of third-party payment will be sent to the Customer upon submission of the Program application for the purpose of Customer confirmation. (b) If no payment choice is made, the Company will send the incentive payment directly to the Customer at the address indicated in the Program application.
15. **No Tax Liability to the Company** - The Company is not responsible for any tax liability which may be imposed on the Customer as a result of the payment of the incentive to the Customer or a designated third party.
16. **Contractor Insurance** - The Company is not responsible for any damage that may be caused as a result of an installation of an EEM. It is the responsibility of the Customer to select qualified contractors who carry adequate insurance coverage.

National Grid is one of the largest investor-owned energy companies in the world. In the US, we serve nearly 5 million electric and 3.4 million gas customers in Massachusetts, New York and Rhode Island. Save energy and money with our award-winning efficiency programs.
