

2022 Rhode Island

# High-Efficiency Natural Gas Commercial Kitchen Equipment Rebate Application

1-800-787-1706 | [ngrid.com/ribiz](https://ngrid.com/ribiz)

Save energy with high-efficiency natural gas commercial kitchen equipment. Incentives are provided to reduce the cost difference between standard efficiency and high-efficiency equipment.

- Fryers
- Conveyor Ovens
- Steamers
- Rack Ovens
- Convection Ovens
- Combination Ovens
- Griddles
- Pre-Rinse Spray Valves

**TO APPLY:**

1. Refer to **[ngrid.com/ri-commercialkitchen](http://ngrid.com/ri-commercialkitchen)** to determine if your equipment meets the program requirements. Equipment must be installed by a qualified professional.
2. Go to **[www.ridap.nationalgridus.com](http://www.ridap.nationalgridus.com)** to complete and submit your online rebate application. Customers who do not have online access can call **1-800-787-1706** to receive a rebate application. All required information must be either submitted online or postmarked by 1/31/2023.
3. Submit online or mail the following items:
  - Completed and signed application
  - Copy of a paid-in-full and dated work order/invoice/receipt that identifies:
    - Equipment or measure installed
    - Quantity installed
    - Labor costs
    - Material costs
    - Manufacturer
    - Model number
    - "Paid in Full" or "Zero Balance"
    - Installer name (if contractor installed)
  - A completed and signed Form W-9 is required documentation from Gas Account Holder to confirm customer's Tax ID Number and Tax Classification.
4. Mail to: National Grid RI Gas Rebates  
PO Box 2528  
Manchester, CT 06045

**PROGRAM DETAILS**

To check the status of your incentive, please visit **[www.ridap.nationalgridus.com](http://www.ridap.nationalgridus.com)**. This program is available for installations completed between 1/1/2022 and 12/31/2022. Applications must be submitted online or postmarked by 1/31/2023. Issuance of incentives for completed applications is contingent upon program availability. Check **<http://www.ngrid.com/ribiz>** frequently for program updates and installation extensions. Qualified equipment must be connected to a National Grid gas meter and be on a commercial gas rate and pay the System Benefits Charge (SBC). For customized measures not listed in this brochure, please contact National Grid Efficiency at **1-800-787-1706** or email [efficiency@nationalgrid.com](mailto:efficiency@nationalgrid.com). All incentives are given on a per-unit basis. All incentives are subject to change without notice.

For questions, please call **1-800-787-1706**.

**2020 COMMERCIAL KITCHEN REBATES**

PRODUCT	REBATES
High-Efficiency Combination Oven	\$1,000
High-Efficiency Rack Oven	\$1,000
High-Efficiency Conveyor Oven	\$1,000
ENERGY STAR® Fryer	\$1,000
ENERGY STAR® Commercial Convection Oven	\$1,000
ENERGY STAR® Commercial Steamer	\$1,000
ENERGY STAR® Commercial Griddle	\$500
High-Efficiency Pre-Rinse Spray Valve (for use with natural gas-heated water)*	\$25

A list of eligible equipment is available online at **<http://www.ngrid.com/ri-commercialkitchen>**.

These programs are funded by the energy efficiency charge on all customers' utility bills, in accordance with Rhode Island law.

Incentives available to eligible natural gas customers only. One Gas Account Number per form. Some restrictions may apply. Incentive offers are subject to change without notice. Please review terms and conditions. Form must be completed in its entirety.

Submit online at [www.ridap.nationalgridus.com](http://www.ridap.nationalgridus.com) or mail  
National Grid RI Gas Rebates  
PO Box 2528  
Manchester, CT 06045

Please make sure your invoice includes:

- Equipment or measure(s) installed

## WORK COMPLETION AND INCENTIVE VALIDATION

I hereby affirm the equipment and measures indicated within this application have been installed at my facility. I acknowledge that all work is subject to on-site work verification and inspection as may be required by federal, state and local law and by National Grid. I am aware of the Terms & Conditions stated on the reverse side of this application and am attaching copies of itemized proofs of purchase and invoices for the installation performed. Customers cannot receive an incentive from National Grid and from NYSEERDA for the same equipment. I hereby authorize the Company to release my energy use information to Energy Efficiency Program Sponsors and System Benefits Charge (SBC) program administrators and/or its designee, and I understand that such information will be kept confidential and used only for the purposes of program evaluation and determining eligibility and energy savings. I understand that I may be contacted in the future by National Grid or its designee to evaluate my experience with this program and/or to collect on-site data needed to measure the energy saved by this equipment.

## TERMS AND CONDITIONS

1. **Incentives** — Subject to these Terms & Conditions, this program is offered by Narragansett Electric Company d/b/a National Grid ("the Company" or "National Grid"). The Company, through its contractual vendor, Energy Federation. (the "Vendor"), will pay incentives to eligible customers in the Company's Service Territory, for the purchase and installation of the equipment/measures described in this literature and within this application. To be eligible for an incentive, a completed application form must be received within 60 days of the installation of energy efficient equipment.
2. **Customer Eligibility** — National Grid customers located in Rhode Island are eligible for incentives if they are gas customers on qualifying commercial rate codes and they are directly responsible for the payment of the company's energy bills for the facility in which they do business. Equipment is eligible for only one incentive payment from the gas utility. Installations must be completed between 1/1/2022 and 12/31/2022. Online applications must be uploaded to the website [www.ridap.nationalgridus.com](http://www.ridap.nationalgridus.com) by 1/31/2023. Mailed applications must be postmarked by 1/31/2023. Check <http://www.ngrid.com/ribiz> frequently for program updates or installation extensions.
3. **Energy Efficiency Measures (EEMs)** — (a) The Company will only pay incentives for the specific EEMs listed on the front of the application. There will be no incentive payments for substitute EEMs unless the substitute is approved by the Company in writing and in advance of installation. (b) All EEM installations must be installed in conformance with state and local code requirements and by properly licensed contractors. (c) All projects requiring five (5) or more units and/or exceeding \$25,000 in incentives must be pre-approved by National Grid. (d) I hereby authorize the Company to release my energy use information to Energy Efficiency Program Sponsors (EEPS) and System Benefit Charge (SBC) program administrators and/or its designee. I understand that such information will be kept confidential and used only for the purpose of determining program eligibility and energy savings.
4. **Post-Installation Work Verification** — The Company reserves the right to not pay any incentive until it has performed a verification of the specified installation. If the Company and/or Vendor determines that the EEMs were not installed in a manner that is consistent with program guidelines and applicable state and local code requirements, the Company and/or Vendor may require that the installation be modified before making any incentive payments. The cost of such modifications is the responsibility of the customer.
5. **Incentive Amounts** — The Company will provide incentives for approved equipment, equal to the incentive amount indicated in the program literature and within this Application. The Company reserves the right to change its incentive amounts without notice, in addition to negotiating a lower incentive amount on a per-unit basis in the case of multiple installations at the same site. The incentive may not exceed the installed cost of the EEMs. The Company will not provide incentives of more than 50% of the cost of equipment and installation. Speak with your National Grid representative for more information.
6. **Proof-of-Cost of Installation** — The customer must submit copies of all itemized proofs of purchase and invoices documenting the installation (including all materials, labor and equipment invoices), which reflect the actual cost of purchasing and installing the equipment. In addition, the Company may request any other reasonable documentation or verification of the date of installation or the cost to the customer of purchasing and installing the equipment. The documentation shall be provided with the submission of this application.
7. **Indemnification** — Customer shall defend, indemnify and hold harmless the Company and its officers, directors, employees, agents, servants and assigns from and against any and all losses, claims, demands and/or liability for damage to property, injury or death of any person, or any other liability incurred by the Company, including all expenses, legal or otherwise, arising out of or related to the equipment or installation, except to the extent attributable to the negligence of Company. In no event shall Company's liability to customer exceed the incentive amounts.
8. **Payment** — The Company, through the Vendor, expects to make incentive payments to eligible customers within 6-8 weeks of a satisfactory work verification. The customer must refund any incentive made to the extent the contractor or equipment does not satisfy program requirements.
9. **Installation Service Cost** — The Company will recognize material and installation costs only to the extent that they are reasonable and actually incurred by the customer and fall within the guidelines of the Program.
10. **No Warranties** — The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product installation. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the equipment or the adequacy or safety of such equipment.
11. **Limited Scope Review** — The scope of review by the Company and the Vendor and their inspector of the installation of the equipment is limited solely to determine whether incentives are payable. It does not include any kind of safety or code review, and should not be relied upon as one.
12. **Changes in the Energy Efficiency Program** — The Program and these Terms & Conditions may be changed by the Company at any time without notice.
13. **Payments Assignable to a Third Party** — (a) The Customer may request that the Company's Energy Efficiency Program incentive be paid directly to a third party by so indicating in this application. Notification of third-party payment will be sent to customer upon submission of application. (b) If no payment choice is made, the Company will send the payment to the Customer directly at the address indicated in this Application.
14. **No Tax Liability to the Company** — The Company is not responsible for any tax liability which may be imposed as a result of receipt of the incentive by the Customer.
15. **Contractor Insurance** — The Company is not responsible for any damage that may be caused as a result of an installation of any equipment. It is the responsibility of the customer to select qualified contractors who carry adequate insurance coverage.

These programs are funded by the energy efficiency charge on all customers' utility bills, in accordance with Rhode Island law. National Grid is one of the largest investor-owned energy companies in the world. In the US, we serve nearly 5 million electric and 3.4 million gas customers in Massachusetts, New York and Rhode Island. Save energy and money with our award-winning efficiency programs.
