

SHIFT Commercial and Industrial Program

Financial Incentives for Building Optimization

Savings and High Impact Efficiency Funding Track (SHIFT)

From advanced heating, ventilation, and air-conditioning controls to refrigeration, compressed air, and process equipment upgrades, we can help you reduce the upfront cost of more efficient building equipment and support your business goals.

UNY Prescriptive Incentives

Commercial Measures	Incentive Method	Electric Incentive	Gas Incentive	Total Incentive
Drain Water Heat Recovery	\$/unit	\$1,500	\$1,500	\$1,500*
Energy/Heat Recovery Ventilators	\$/CFM	\$2.00	\$1.00	\$3.00
Demand Control Ventilation - Electric	\$/kWh	\$0.25	\$2.50	\$0.25
Demand Control Ventilation - Gas	\$/Therm			\$2.50
Kitchen Demand Control Ventilation	\$/HP	\$1,000	\$400	\$1,400

Industrial and Manufacturing Measures	Incentive Method	Incentive Rate
Air Compressors	\$/HP	\$150
Refrigerated Air Dryers	\$/CFM	\$2.50
Compressed Air Flow Controller	\$/HP	\$40
Low Pressure Drop Filters	\$/HP	\$5.50
Zero Loss Condensate Drains	\$/unit	\$120

* DWHR can get an electric incentive or a gas incentive. All incentives will be capped at 50% project costs. Project maximum \$100,000

** Prescriptive incentives for air compressors are only available for locations with one air compressor system. For locations that contain more than one air compressor system, projects will need to be submitted as Process Custom projects

UNY Custom Incentives

UNY Custom	Incentive Method	Incentive Rate
Electric	\$/kWh	\$0.20
Gas	\$/Therm	\$4.00

All incentives will be capped at 50% project costs. Project maximum \$250,000

Eligibility

- Be a National Grid electric or gas customer
- Pay the Systems Benefits Charge (SBC)
- Use 250kW> electric demand monthly, and/or
- 50,000 therms natural gas annually

For Contractors Register as a ProNet Member

- ProNet Membership is required to participate in LCI energy efficiency programs in New York.
- 5–10-minute process
- W9 and Certificate of Insurance
- Review and accept ProNet Terms & Conditions

How to Apply for SHIFT

Email: SHIFTNYS@nationalgrid.com

ProNet Registration

For questions please email: ngridpronet@nationalgrid.com

Customers located in Disadvantaged Communities (DAC) are eligible for increased project cost caps of 85% of project costs, subject to applicable program requirements and project maximums. Customers should work with their program representative to check: www.nyserda.ny.gov/ny/disadvantaged-communities
