

## Small Business Program

# Sunny Mart

### Sunny Mart

As a small independent business, the Sunny Mart focuses on the details — service, selection, and convenience. The store's new, more efficient lighting welcomes customers and helps to control operating costs.

National Grid's Small Business Services Program helped Sunny Mart identify and implement simple improvements that yield significant savings. Providing a free on-site energy assessment and paying up to 70% of project costs, National Grid made the project easy and affordable.

North Smithfield, RI

*"We don't have a big staff to take on projects like upgrading our lighting, so we were happy to have the support of National Grid and the contractor. The new lighting is bright and attractive and saves us money every month."*

—Karuna Mehta, Owner
