### Wright's Dairy Farm and Bakery

Northern Rhode Islanders have been enjoying Wright's Dairy Farm products since 1900. For generations the farm has delivered exceptional quality in dairy and pastry products and service to match.

National Grid's Small Business Services Program helped Wright's implement a lighting retrofit project that casts new light on old family traditions. By providing a free on-site energy assessment and paying up to 70% of project costs, the program made the energy efficiency improvements affordable and easy to implement.
