

EDI: Specific Testing Conditions¹

The following conditions will not be tested:

- A-004/03 - Multiple services not supported
- A-005/01,02,03,04 - Multiple services not supported
- A-006/01,02,03,04 - Multiple services not supported
- A-009/01,02 - Removed from Test Plan
- B-002/01,02,03,04,05 - Multiple services not supported
- B-004/01,02,03,04,05 - Multiple services not supported
- H-001 - Usage History (**Rhode Island Only**)
- L-001 - Low Income Payment Guarantee (**Rhode Island Only**)

EBT Test Plan - Specific Conditions

- B-009/03: Removed from the test plan, Service Identifier is not supported. Information is a duplicate of B-009/02
- C-002-01: Removed from the test plan, this condition is not valid as test condition B-004/01,02,03 was not done.
- A-004/01,02: We will accept A-004/01 from the supplier and return A-004/02 to the supplier for the purposes of testing associated test conditions (i.e. A013). Multiple services are not supported. Refer to specific notes below.

Values entered for the following fields will be ignored and spaced out

- Type of service
- Service identifier
- Sales Tax Applicable (**Massachusetts and Nantucket only**)

Values for the following fields will not be returned

- Primary metering indicator
- Number of unmetered units

Change the alpha value to '0' for Supplier Price Structures:

Examples: "R000001" should be "0000001"
"G000001" should be "0000001"
"U000001" should be "0000001"
