### NOTICE OF FILING AND REQUEST FOR COMMENTS

D.P.U. 19-49

July 2, 2019

Petition of Massachusetts Electric Company and Nantucket Electric Company d/b/a National Grid for approval of its 2018 Interconnection Timeline Enforcement Mechanism Report.

---

On April 1, 2019, Massachusetts Electric Company and Nantucket Electric Company d/b/a National Grid (“National Grid” or “Company”) filed with the Department of Public Utilities (“Department”) its annual Timeline Enforcement Mechanism (“TEM”) Report (“Report”) pursuant to the Department’s Order in Timeline Enforcement Mechanism, D.P.U. 11-75-F (2014) and the Company’s Standards for Interconnection of Distributed Generation, M.D.P.U. No. 1320 (“Interconnection Tariff”).<sup>1</sup> On April 10, 2019, the Company filed a corrected page of its initial filing. The Report consists of National Grid’s TEM calculation, a list of interconnection applications eligible to be included in its TEM calculation, and a list of projects excluded from the TEM calculation. The Department docketed this matter as D.P.U. 19-49.

In D.P.U. 11-75-F, the Department directed each Distribution Company to report annually its compliance in meeting interconnection timeframes to execute an early or final Interconnection Service Agreement (“ISA”), measured from January 1 through December 31 (“Reporting Year”), for the following interconnection tracks: (1) Simplified Process, (2) Expedited Process, and (3) Standard Process. D.P.U. 11-75-F at 4. The TEM provides a way to measure each Distribution Company’s performance in meeting interconnection timelines and requires each Distribution Company to report its aggregate performance in meeting interconnection time frames; penalties or offsets based on the annual reporting; a deadband and cap to limit the penalties incurred and offsets earned; and a method for calculating penalties and offsets. D.P.U. 11-75-F at 2. Compliance with the interconnection timeframes for each track is determined by comparing (1) the aggregate average time measured in business days necessary to execute an early or final ISA (the Aggregate Necessary Tariff Time Frames), with (2) the total aggregate number of business days allowed by its Interconnection Tariff to execute an early or final ISA for the Reporting Year (the Aggregate Allowed Tariff Time Frames). The resulting value is then multiplied by the weighting given to each interconnection track: 20 percent for the Simplified Process, 40 percent for the Expedited process, and 40 percent for the Standard Process. D.P.U. 11-75-F at 4. Penalties or offsets are earned when performance by a Distribution Company’s performance deviates by more than five percent from the Aggregate Allowed Tariff Time Frames. D.P.U. 11-75-F at 4.

---

<sup>1</sup> On April 10, 2019, the Company filed a corrected initial filing.

The Company states that it has met the interconnection timeframes as required by the Interconnection Tariff and as a result has not incurred any penalties. The Company calculates that it has earned the maximum eligible amount of offsets, \$1,500,000, to be applied against any penalties incurred in the following Reporting Year.

A copy of the petition and accompanying exhibits are available for inspection during regular business hours at the Department's offices. In addition, the filing is also available on the Department's website at <http://web1.env.state.ma.us/DPU/FileRoom/dockets/bynumber> (enter "19-49"). To request materials in accessible formats (braille, large print, electronic files, audio format), contact the Department's ADA coordinator at [DPUADACoordinator@state.ma.us](mailto:DPUADACoordinator@state.ma.us) or 617-305-3500.

Any person interested in commenting or intervening on this matter may submit written comments or petition for leave to intervene no later than the close of business (5:00 p.m.) on **Wednesday, July 31, 2019**. A petition for leave to intervene must satisfy the timing and substantive requirements of 220 CMR 1.03, including a description of the manner in which the petitioner is substantially and specifically affected by this proceeding. Receipt by the Department, not mailing, constitutes filing and determines whether a petition has been timely filed. A late-filed petition may be disallowed as untimely, unless good cause is shown for waiver under 220 CMR 1.01(4). To be allowed, a petition under 220 CMR 1.03(1) must satisfy the standing requirements of G.L. c. 30A, § 10.

One original copy of all written documents must be filed with Mark D. Marini, Secretary, Department of Public Utilities, One South Station, 5th Floor, Boston, Massachusetts 02110. In addition, one copy of all written comments or petitions to intervene should be sent to the Company's attorney, Liana Moore, Esq., Bowditch & Dewey, LLP, 175 Crossing Boulevard, Suite 500, Framingham, Massachusetts 01702.

All documents should also be submitted to the Department in electronic format using one of the following methods: (1) by e-mail attachment to [dpu.efiling@state.ma.us](mailto:dpu.efiling@state.ma.us) and [Kate.Tohme@state.ma.us](mailto:Kate.Tohme@state.ma.us) or (2) on a CD-ROM. The text of the e-mail or CD-ROM must specify: (1) the docket number of the proceeding (D.P.U. 19-49); (2) the name of the person or company submitting the filing; and (3) a brief descriptive title of the document. All documents submitted in electronic format will be posted on the Department's website: <http://www.mass.gov/dpu>.

Any person desiring further information regarding the Company's filing should contact its counsel, Liana Moore, Esq., at 508-416-2470. For further information regarding this notice, please contact Kate S. Tohme, Hearing Officer, Department of Public Utilities, at (617) 305-3500.
