NOTICE OF FILING AND REQUEST FOR COMMENTS

D.P.U. 20-32

April 13, 2020

Petition of Massachusetts Electric Company and Nantucket Electric Company, each d/b/a National Grid, for review and approval of their basic service costs adder rate adjustment for effect May 1, 2020.

On March 13, 2020, Massachusetts Electric Company and Nantucket Electric Company, each doing business as National Grid (“Companies”), filed with the Department of Public Utilities (“Department”), their annual basic service costs adder (“BSCA”) rate adjustment and reconciliation filing. The Department docketed this matter as D.P.U. 20-32.

The Companies propose to recover through their BSCA the reconciliation of their electric supply-related costs and revenues from January 2019 through December 2020 and their supply-related forecasted costs from January 2020 through December 2020, which include: (1) cash working capital; (2) bad debt; (3) administration of basic service; (4) conducting the competitive bidding processes; and (5) regulatory compliance.

The Companies propose the following BSCAs to take effect on May 1, 2020: (1) \$0.00412 per kilowatt-hour (“kWh”) for residential customers; (2) \$0.00209 per kWh for commercial customers (rate classes G-1 and streetlighting); and (3) \$0.00092 per kWh for industrial customers (rate classes G-2 and G-3).

If the Companies’ BSCAs are approved as proposed, the monthly bill for an average basic service residential customer (i.e., a customer using 600 kWh of electricity per month) will increase by approximately \$0.49 or 0.3 percent per month. For all other rate classes, the Companies state that the impact for customers on basic service will range between increases of 0.1 percent to 0.4 percent depending on class and usage. For specific bill impacts, please contact the Companies as shown below.
