On April 15, 2022, Nantucket Electric Company d/b/a National Grid ("Company") filed with the Department of Public Utilities ("Department") seeking approval to reduce its cable facilities surcharge ("CFS") factors for effect beginning June 1, 2022 for the second of the two submarine cables that serve the island of Nantucket ("Proposal"). The proposal would reduce CFS factors from the current average of 0.525 cents per kilowatt hour ("kWh") to an average CFS factor of 0.395 cents per kWh through 2026. The Department will accept written comments on the Company's Proposal. Any person interested in commenting on this matter may submit written comments no later than the close of business (5:00 p.m.) on **May 16, 2022**. Importantly, all large files submitted must be broken down into electronic files that do not exceed 20 MB.

In addition, one copy of all written comments should be emailed to the Company's attorney, Meabh Purcell, Esq. at meabh.purcell@nationalgrid.com.
