DEPARTMENT OF PUBLIC UTILITIES

NOTICE OF FILING AND REQUEST FOR COMMENTS

D.P.U. 26-80

June 22, 2026

Petition of Massachusetts Electric Company and Nantucket Electric Company each d/b/a National Grid for Approval of the Companies' Annual Basic Service Administrative Cost Factor Filing for effect August 1, 2026.

On June 15, 2026, Massachusetts Electric Company and Nantucket Electric Company, each doing business as National Grid ("Companies"), filed with the Department of Public Utilities ("Department") their annual reconciliation filing of administrative costs associated with basic service, and the proposed Basic Service Administrative Cost Factors ("BSACF"). The Department docketed this matter as D.P.U. 26-80.

The Companies propose to recover through their BSACFs the reconciliation of their electric supply-related administrative costs and revenues from January 2025 through December 2025 and their supply-related administrative forecasted costs from January 2026 through December 2026, which include: (1) cash working capital; (2) bad debt; (3) administration of basic service; (4) conducting the competitive bidding processes; and (5) regulatory compliance. In 2025, the Companies state that they under-recovered their supply-related administrative costs by approximately \$3.6 million. The Companies' forecasted costs from January 2026 through December 2026 are approximately \$17.0 million. The Companies' total BSACF amount is \$20.6 million.

The Companies propose the following BSACFs to take effect on August 1, 2026: (1) \$0.00687 per kilowatt-hour ("kWh") for residential customers (rate classes R-1 and R-2); (2) \$0.00523 per kWh for commercial customers (rate classes G-1 and streetlighting); and (3) \$0.00287 per kWh for industrial customers (rate classes G-2 and G-3).

If the Companies' BSACFs are approved as proposed, the monthly bill for an average basic service residential customer (i.e., a customer using 600 kWh of electricity per month) will increase by approximately \$0.40, or 0.2 percent. The monthly bill impacts for all customers will range from a decrease of 0.3 percent to an increase of 0.2 percent. For specific bill impacts depending on rate class and usage, please contact the Companies as shown below.
