

Save energy at home with natural gas space and water heating rebates

ngrid.com/save

GAS EQUIPMENT	NYC REBATE	LI REBATE
Hot Water Boilers	<i>Limited Time Increased Rebates in NYC: Apply between 11/1-12/31</i>	
Condensing boiler AFUE ¹ ≥ 94% rating	\$1,200 \$1,300	\$1,100
Condensing boiler AFUE ¹ ≥ 90% rating	\$900 \$975	\$700
Hot water boiler AFUE ¹ ≥ 85% rating	\$500 \$550	\$375
Steam Boilers		
Steam boiler with electronic ignition AFUE ¹ ≥ 82% rating	\$500 \$600	\$400
Furnaces		
Furnace AFUE ¹ ≥ 96% rating & ECM ² motor	\$800 \$900	\$700
Furnace AFUE ¹ ≥ 94% rating & ECM ² motor	\$600 \$675	\$500
Furnace AFUE ¹ ≥ 92% rating & ECM ² motor	\$400 \$450	\$200
Water Heaters		
Indirect water heater attached to a natural gas hot water boiler with ≥ 85% AFUE ¹	\$300 \$350	\$300
Condensing water heater ≥ 90% Thermal Efficiency (40 gallons or greater)	\$200 \$250	\$200
Stand alone water heater ≥ 0.70 UEF ⁴ (40 gallons or greater)	\$150 \$200	\$150
Stand alone water heater ≥ 0.72 UEF ⁴ (50 gallons or greater)	\$200 \$250	\$200
Controls		
Boiler reset control: add on unit attached to a forced hot water boiler	\$100	\$100
Contractor or self-installed ³ Wi-Fi enabled thermostats (limit 1 per gas account)	\$75 \$100	\$75
Equipment Maintenance		
Boiler Tune-Up: <ul style="list-style-type: none"> • Check of all boiler safety and operating controls • Cleaning of the burner tips, cleaning of the ignition switch and electronic connections • Lubrication and testing of any moving linkages inside burner and draft control damper • Measuring and adjusting the gas supply pressure to match the manufacturer's recommended level 	\$75**	\$75**
Furnace Tune-up: <ul style="list-style-type: none"> • Cleaning of the upper and lower combustion vents, burners, blower motor and blowout heat exchanger • Check of the thermostats for proper calibration and operation • Check of the airflow for carbon monoxide • Check for natural gas leaks 	\$75**	\$75**

¹ AFUE = Annual Fuel Utilization Efficiency ² ECM = Electronic Commutated Motor ³ Self-installed thermostats require UPC barcode ⁴ UEF = Uniform Energy Factor

* = Each gas account is limited to redeem 1 total thermostat rebates regardless if Learning or WiFi ** = Each gas account is limited to redeem 1 equipment tune-up rebate every 5 years

TO APPLY

1. Refer to www.ahridirectory.org to determine if your equipment meets the program requirements. Equipment must be installed by a qualified heating contractor or plumber.
2. Complete the energy efficiency rebate application online at <https://www.amplifyincentives.com/NationalGridNYGas/> and upload your paid contractor receipt/invoice — it's that easy. For help with portal access, call **1-877-888-3024**.
3. This program is available for installs completed between 1/1/2023 and 12/31/2023. Applications must be submitted online within 60 days of installation but no later than 12/31/2023.

PROGRAM DETAILS

Due to limited funding, the program may be terminated at any time. New York City rebate offers are available to residential customers that reside in Queens, Brooklyn, and Staten Island where natural gas is available. Long Island rebate offers are available to residential customers who reside in Nassau/Suffolk counties and the Rockaway Peninsula where natural gas is available. National Grid high-efficiency equipment rebates are available for both existing natural gas heating and oil-to-gas conversion customers of National Grid regardless of equipment manufacturer.
