Available ProPILOT Assist can make driving less stressful.

With ProPILOT you can keep pace with the car in front of you and maintain a set distance, all while staying centered in your lane. It even works through slight curves. You can come to a stop automatically, and resume, without driver intervention.

e-Pedal Mode, a more natural way to manage traffic

Accelerate or brake in traffic, using a single pedal, easing traffic congestion. Come to a complete stop and hold, even on steep hills, without the brake pedal.

Advanced Safety Features

Standard Automatic Emergency Braking

The braking system helps you avoid frontal collisions and can reduce the severity in the event of an unavoidable collision.
