

See if you qualify for no-cost energy-efficiency upgrades.

It all starts with a no-cost Home Energy Assessment through our Income Eligible Program.

National Grid knows that your health, comfort and savings are now more important than ever. If you qualify, we may be able to help by creating a more energy-efficient living environment that's healthier, more comfortable and more affordable for you and your family—at no cost to you.

HOW TO PARTICIPATE:

1. Schedule a Home Energy Assessment with an Energy Specialist, either in-person at your home or remotely over the phone.
2. You will receive no-cost energy-saving products including LED light bulbs, faucet aerators and low-flow showerheads.
3. Based on the results of your Home Energy Assessment, you may qualify for **no-cost** energy-saving upgrades such as:

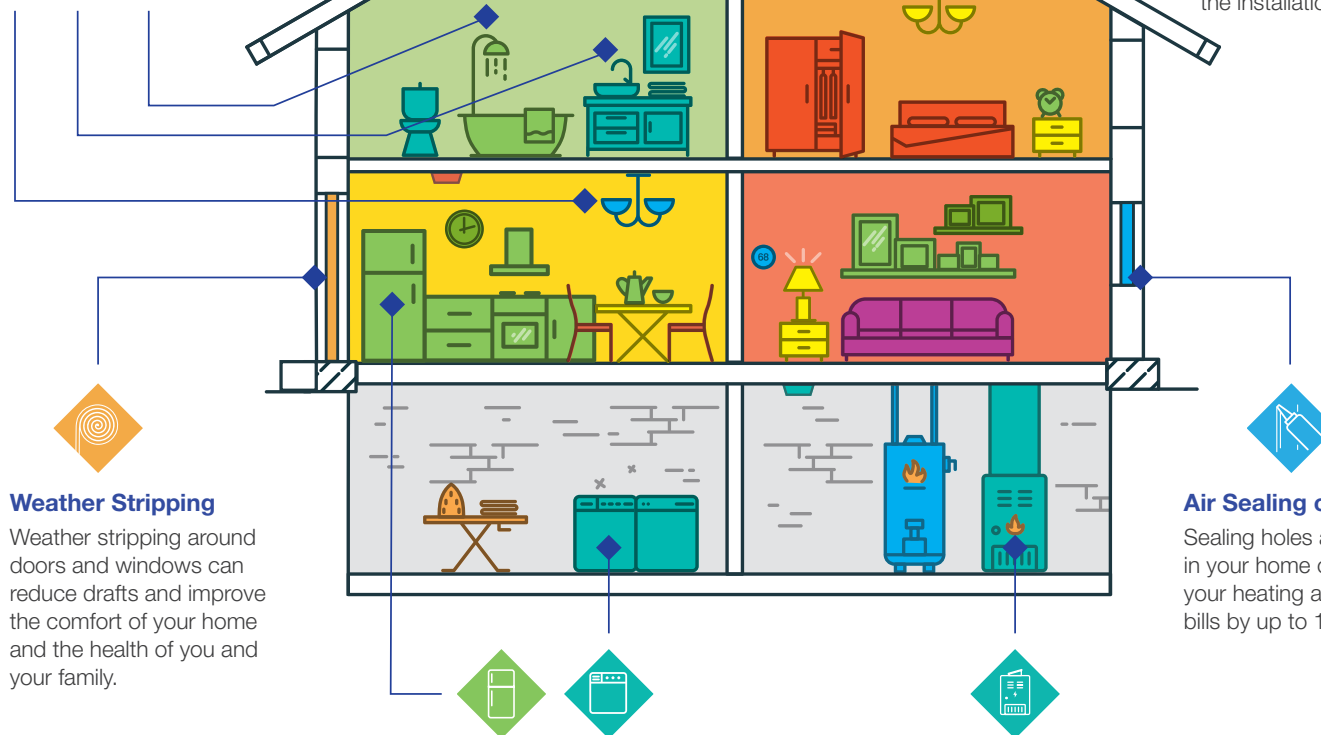

Energy- and Water-Saving Devices

You will receive LED bulbs, faucet aerators and low-flow showerheads all at no-cost.

Home Insulation

If your home needs additional attic or wall insulation, we'll consult with you to schedule the installation.

Weather Stripping

Weather stripping around doors and windows can reduce drafts and improve the comfort of your home and the health of you and your family.

Air Sealing of Leaks

Sealing holes and cracks in your home can lower your heating and cooling bills by up to 15%.

Appliance Replacement

Inefficient appliances such as refrigerators, clothes washers, freezers, dehumidifiers and window air conditioners may be replaced at no cost.

Heating System Replacement

A new, energy-efficient heating system will reduce maintenance costs and improve comfort.

FIND OUT IF YOU QUALIFY NOW.

We're ready to help. Find out if you qualify for these energy-saving services by calling our program expert, CLEAResult, at 401-351-1800, your local CAP agency, or by visiting ngrid.com/ri-income.
