

nationalgrid

Become an Approved Program Partner

Boost your business and deliver more value to your customers.

The National Grid **Total Home Comfort Program** offers rebates for a variety of energy-saving upgrades that help customers save energy and create a more comfortable home. As an **Approved Program Partner**, you will assist residential gas customers of Long Island, Queens, Brooklyn, and Staten Island with implementing these upgrades and applying for available rebates from National Grid. In turn, your company will increase sales, gain new revenue streams, and enhance customer satisfaction.

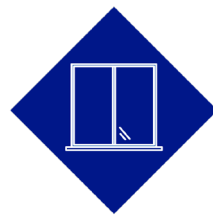

The program provides rebates to your customers and your business:

Adding insulation
helps use less
energy

Sealing up leaks
reduces transfer of
outside air and drafts

Installing new windows
keeps homes more
comfortable

Your business
can earn up to
\$250
per approved
project*

Enroll your company today.
