mail-in rebate
for thermostat(s)

Available to National Grid residential customers with natural gas heating or electric central air conditioning in Rhode Island.

Must be National Grid gas heating customer. **Programmable thermostats are not available for electric customers.*

Rebates also available for high efficiency gas boilers, furnaces, water heaters go to:

www.ngrid.com/riheat

Program Guidelines: RI Thermostats

- ▶ Thermostats purchased between January 1, 2022 and December 31, 2022 are eligible for rebate, pending funding availability. Rebate amount not to exceed purchase price. Maximum rebate amount is \$25 (gas heating customers) for programmable and \$75 on smart thermostats. Rebate will be issued as a Visa® prepaid card. Program is subject to change without notice.
- ▶ Must be a National Grid residential natural gas customer or residential electric customer with central air conditioning in Rhode Island to be eligible for rebate.
- ▶ Apply Online at ngrid.com/rirebates or mail-in application along with the following items to the address listed on the right.
 - (1) Completed and signed Rebate Form,
 - (2) A copy of your dated sales receipt detailing the model and purchase price of the thermostat(s), and
 - (3) The original UPC code(s).

Customers are not eligible to receive incentives for the same equipment through any other rebate program.

These programs are funded by the energy efficiency charge on all customers' gas and electric bills, in accordance with Rhode Island law.

All material must be received within 60 days of the purchase date.

Rebates also available for high efficiency heating and water heating equipment www.ngrid.com/riheat

- ▶ Customer agrees that the Energy Efficiency Program Provider (EEPP) has the unilateral right to apply for any ISO-NE capacity payments or environmental credits resulting from this energy efficiency project, and agrees not to file for such payments or credits either directly or indirectly. Manufacturer and/or retailer agree to provide the EEPP with such further documentation as the EEPP may request to confirm the EEPP's ownership of such benefits.

Older thermostats may contain mercury and should be disposed of properly. For more information on mercury and proper disposal, please visit www.epa.gov/mercury/mercury-consumer-products. For local disposal options, visit <http://search.earth911.com>.

Questions? Please call 1-800-292-2032 or email ask@efi.org.
