The Contractor is, and shall at all times remain, an independent contractor.

2.2 Contractor shall furnish all necessary management, technical, and other personnel necessary for the timely prosecution of the Work to the Company’s satisfaction.
3.0 CONTRACTOR PERSONNEL

3.1 The Contractor shall, and shall require its Subcontractors to comply with the Company’s background check requirements as defined in the Company’s policies and procedures set forth in this Agreement and as may be amended from time to time.

3.2 In the event of the Contractor’s non-compliance with any or all of these background-check requirements, the Company may cancel the Agreement for its convenience pursuant to the termination provisions contained in the Agreement except that in no event shall the Company or its Affiliates be liable for any termination cost/charges to the Contractor beyond compensation for Work performed up to the date of such cancellation.

3.3 The Contractor shall be wholly and solely responsible for all acts of its personnel while engaged in the Work. Any illegal acts, including but not limited to terrorism affecting property and/or personnel of the Company or its Affiliates, the Contractor or third parties shall be considered grounds for finding the Contractor in default and terminating the Agreement for cause in accordance with Section 18.1, in addition to all other rights and remedies available to the Company and its Affiliates under applicable law.

4.0 TIME OF PERFORMANCE

4.1 The Contractor shall perform the Work in accordance with the schedule agreed to by the Parties. Once commenced the Work shall be prosecuted continuously to completion unless otherwise agreed to by the Company. The Contractor shall notify the Company orally and then in writing of any anticipated delays; however, such notification shall not relieve Contractor of any of its obligations or affect any of the Company’s available remedies.

4.2 The Contractor shall maintain a labor force of sufficient size and competence to conform to and complete all Work on schedule and within the scheduled hours and days set forth in the schedule unless otherwise directed or approved by the Company.

4.3 Contractor shall limit the Work at the Site to eight hours per day and 40 hours per week and normal working hours, between 7:00 a.m. - 5:00 p.m., Monday through Friday, unless otherwise specified elsewhere in the Agreement. Extended hours shall be subject to the Company’s prior written approval.

4.4 Time of performance is of the essence. If, at any time during the term of the Agreement, except for delays occurring pursuant to Section 21.1, in the opinion of the Company the Contractor does not meet the schedule, the Company may for each incident of delay, at no additional cost to the Company, at its sole option, in addition to any other rights it may have:

4.4.1 Require the Contractor to get back on schedule by working additional shifts and/or additional days and/or increasing its manpower, supervision, and/or equipment; and/or

4.4.2 Treat such failure as a material breach and repudiate and terminate the Agreement in accordance with Section 18.1 and collect damages; and/or

4.4.3 Require the Contractor to pay the Company liquidated damages, as may be provided for in the Agreement, provided, however, once the Company elects liquidated damages for an incident of delay its right to invoke the remedies under 4.4.1 or 4.4.2 for such delay shall be extinguished.

4.5 Any failure by the Company to invoke any of the provisions of Section 4.4 shall not constitute a waiver of its right to subsequently invoke such provisions or its entitlement to any other damages provided for elsewhere in this Agreement.
4.6 No request for extension of time for completion of the Work, or any other change to an approved schedule, shall be granted to the Contractor unless in a writing signed by the Company, and except as provided in Section 21.1, 14.0, and 19.1.

4.7 Notwithstanding the foregoing, if the Contractor incurs delays and believes that changes in the Project or changed conditions beyond the Contractor’s control are the cause of the delay, the Contractor shall provide prompt written notice to the Company in the manner set forth in Section 14.3 of the changes or changed conditions that it believes justify excusing the Contractor from meeting the schedule. If the Company agrees with the Contractor, the Company will, in accordance with Section 14.3, approve an extension of time for completion of the Work. Such extensions of time however shall not include any additional payment for extended overhead.

4.8 If the Contractor is delayed by any act or omission by the Company, or by interference by a public authority, or strikes or injunctions, none of which are caused, instituted, or provoked by the Contractor or by any Subcontractor, agent, or representative of the Contractor, and if the Contractor cannot with reasonable diligence, due to such act or omission, interference, strike or injunction, make up for such delay or delays, then the specified date or dates for completion of the work or services or the portion or portions thereof so delayed will be extended by the Company by the amount of time for such delay as determined by the Contract Administrator. Notwithstanding the foregoing, no periods of such delay will be deemed to begin until written notice thereof has been given by the Contractor to the Company. If the Contractor cannot make up for such delay by applying reasonable diligence and speed, then the Contractor may receive compensation for such delay, if appropriate. The Contract Administrator shall determine the time period covered by the delay and the amount of compensation payable to the Contractor.

4.9 When necessary to accommodate the Company’s operating requirements, the Company shall have the option to order any portion of the Project performed at times other than normal working hours or on weekends or holidays, in which event extra costs, if any, for such work shall be paid to the Contractor in accordance with Section 14.5.

5.0 PERMITS AND LICENSES

5.1 Permits and licenses of a temporary nature necessary for the prosecution of the Work shall be secured and paid for by the Contractor. Unless otherwise specified, permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured and paid for by the Company. In either case the Contractor shall be responsible for prosecuting the Work in accordance with the provisions of all applicable permits and licenses.

5.2 The Contractor shall maintain all permits and licenses required and necessary to complete the Work so that it complies with all applicable laws, rules, regulations, requirements, orders, directives, ordinances, codes and standards of all Federal, state, and local governmental agencies having jurisdiction over the Company and its Affiliates, the Contractor, the Subcontractors, or the Project, whether the same are in force at the execution of this Agreement or may in the future be passed, enacted or directed.

5.3 The Contractor shall not enter into negotiations with any governmental authority or agency for acceptance of variations from or revisions to safety or health, or air, water or noise pollution laws or regulations relating to the Agreement or to the performance thereof, without the Company’s prior written consent.

6.0 SHIPMENT

6.1 The Contractor shall bear all costs of transportation and shipment unless otherwise expressly provided in the Specification.
7.0 RISK OF LOSS

7.1 Risk of loss or damage to the Work shall remain with the Contractor until Final Acceptance by the Company, regardless of whether title has passed. The Contractor shall bear the risk of loss or damage to any Work during its repair, replacement, or cure if the Contractor is responsible for such repair, replacement or cure.

7.2 The Contractor shall be solely responsible for storage and protection of equipment and material (whether furnished by the Company or the Contractor) against deterioration or damage from any cause, vandalism, and theft until Final Acceptance.

7.3 The Contractor shall be responsible for the security of all materials and equipment under its custody and control.

7.4 The Contractor shall at all times conduct operations in a manner to ensure the safety of the general public and to avoid the risk of loss, theft, or damage by vandalism, sabotage, or any other means.

8.0 WARRANTY/REMEDY

8.1 The Contractor warrants that it is aware of the purpose for which the Work is being used and that its Work shall be suitable for such purpose. In addition to all other warranties, express or implied in fact or law, the Contractor warrants: 1) all Work shall conform to all requirements of the Agreement, including the Specification, and any Supplemental Conditions or change orders, if any; 2) if not otherwise specified, all Work shall be consistent with industry standards for the Services specified and the intended use by the Company; 3) all Services shall be performed by qualified, competent, and experienced personnel, and in accordance with the highest standards of care, skill, and diligence, and consistent with recognized and sound professional practices and procedures; 4) that all Work shall be free from defects in design, workmanship, and materials of any kind, for a period of twelve (12) months from the date placed in service or twenty-four (24) months from the date of receipt, whichever is later; 5) no Work shall infringe or violate the intellectual property rights of any third party, or violate any agreement or confidentiality obligation by which the Contractor may be bound; and 6) if any equipment is installed by Contractor in connection with the Services, all such equipment is installed to meet current OSHA regulations. Items of materials, equipment or otherwise shall not be substituted for those specified, nor shall “or equal” items be furnished pursuant to the Agreement without the Company’s prior written approval. The Company’s decision on item equality shall be final and binding.

8.2 If the Work provided by the Contractor or its Subcontractors fails to conform to the warranties set forth above, in addition to all other remedies available at law or equity, the Contractor shall, at its sole expense and at the Company’s option, promptly: 1) re-perform the nonconforming Work; 2) refund the amount of money paid by the Company for such nonconforming Work; or 3) reimburse the Company for the cost of replacing, repairing, curing, or re-performing the nonconforming Work or having the nonconforming Work re-performed, cured, repaired, or replaced by a third party. The Company may require the Contractor to use overtime work at no cost to the Company if such additional effort will shorten the time the Work is nonconforming. All warranty Work performed by the Contractor shall be scheduled by and at times acceptable to the Company. If any warranty work is provided, the Contractor’s warranties shall recommence upon the Company’s acceptance of such repaired, re-performed, cured, or replaced Work and shall be in effect for the duration of the warranty period or for twenty-four (24) months after completion of the warranty work, whichever is later. The terms of this section shall survive termination of the Agreement and shall survive delivery, inspection, tests, acceptance, and use of the Work.

8.3 In addition to all remedies permitted by law, the Company reserves the right to reject and return to the Contractor for full credit and at the Contractor’s expense, all Work that does not conform to the Company’s specifications or requirements. Further, the Company may, at its option, and without limiting its other rights, cancel all or any unfilled part of the Agreement if conforming performance of the Work are not made within the time specified. The Company reserves the right to charge the Contractor, and the Contractor shall be
liable for any loss or expense incurred as the result of the Contractor’s failure to make timely performance of the Work. The acceptance of any late performance of the Work shall not constitute waiver to reject subsequent performance not made as originally scheduled.

8.4 If there are Contractor personnel at a Company Site, in the event that the Company believes, in its sole judgment, that any of the Contractor’s personnel are objectionable, the Company shall so notify the Contractor, whereupon the Contractor shall promptly investigate and take appropriate corrective action including, where requested by the Company, removal of such personnel and replacement with personnel acceptable to the Company. Whenever required by law, regulations, or code, or any applicable governmental approval, the Contractor shall employ only licensed and properly trained personnel in the performance of the Work. The Contractor and all Subcontractors shall have full responsibility for all employees employed on or in connection with the Project and shall employ only such employees who shall cooperate with all other individuals working at the Site.

8.5 The Contractor represents that it has fully acquainted itself with, and has carefully examined all documents and conditions relevant to the Work and the Project to insure that they are sufficient to properly complete the Work; all relevant plans, surveys, measurements, dimensions, calculations, and estimates to be sure that they contain no errors or inaccuracies; the nature and location of the Work, the character of equipment, materials and facilities needed preliminary to and during the prosecution of the Work; the general and local conditions (including environmental conditions and labor relations); and all other matters which can in any way affect the Project and the Work and its cost under the Agreement. The Company assumes no responsibility whatsoever for ascertaining for the Contractor any facts which the Contractor could have ascertained for itself through such investigation. The Contractor shall notify its Subcontractors of the requirements of this Section 8.5. Lack of knowledge of any of the foregoing matters shall not constitute an excuse for delay or failure of performance under the Agreement, nor shall it justify any increase in the price as determined under the Agreement. The Contractor hereby represents that it has all information and documentation with respect to equipment, materials, facilities or any other matters which are or will be necessary to enable the Contractor to safely and reliably perform the Work. Except as is otherwise specified within the Agreement, all loss or damage to the Contractor arising out of its performance of the Work, whether due to the elements, unforeseen circumstances, or otherwise, shall be sustained and borne by the Contractor at its sole cost and expense.

8.6 The Contractor hereby acknowledges and agrees that the Company will only be responsible for providing such materials and services as are expressly indicated to be the Company’s responsibility in the Specification, if any.

8.7 Instructions or explanations given by the Contract Administrator or the Company to the Contractor to complete, clarify or give proper effect to the Specifications, if any, will be deemed a part of the Specifications. If there is any doubt as to the meaning of any portion or portions of the Specifications, such documents will be interpreted as calling for the best quality, as to materials, equipment and workmanship capable of being supplied or applied, and any explanation provided by the Contract Administrator’s will be final and conclusive.

8.8 The Contractor shall obtain from each Subcontractor, and extend to the Company for its benefit, warranties for all Work performed or supplied by such Subcontractor, substantially identical to the warranties the Contractor is required to provide hereunder. Any such warranties shall be in addition to and shall not be limited by or themselves limit, the warranties of the Contractor otherwise provided in the Agreement. The Contractor shall deliver to the Company copies of any Subcontractor’s warranties.

9.0 PRICE/PAYMENT

9.1 The Company will compensate the Contractor for Work provided on the basis of prices stated in the Agreement.
9.2 Standard payment terms are “2% 10, Net 30.” The Company shall pay all invoices not more than 30 days after receipt by Company’s Accounts Payable Department of a proper invoice and any required supporting documentation, subject to the Company’s right to contest, in good faith, all or any part of the charges set forth therein. If the Massachusetts Prompt Payment Act applies to this Agreement, invoices shall be approved or rejected within 15 days of submission by Contractor. Payment shall not relieve the Contractor from any responsibilities or obligations under the Agreement, nor shall the Company’s payment constitute acceptance or a waiver of any claim arising hereunder. No payment made hereunder, except for the final payment, shall be considered as acceptance of any Work. All payments shall be subject to correction or adjustment in subsequent payments.

9.3 Company reserves the right to utilize a variety of payment channels, including but not limited to Virtual Card, ACH, Ghost Cards and P-Cards. Contractor agrees that it will not impose a surcharge on Company’s payment. Contractor shall ensure that with respect to credit card acceptance, it is in compliance with applicable law, and the rules set forth by the respective credit card network. Where applicable, Contractor shall provide Company with proof of its compliance with the Payment Card Industry Data Security Standard (“PCI DSS”) and/or any related applicable requirements set forth by the PCI Security Standards Council (Ghost Cards only).

9.4 Contractor shall submit invoice(s) in accordance with the Agreement. Each invoice shall reference the Company’s Purchase Order Number. Such invoice(s) shall include cost breakdowns and schedule of performance of Services as specified by the Company. In addition to the specific requirements for each payment, the Contractor’s submittal of an invoice shall represent a certification by the Contractor that it has complied with all relevant terms of the Agreement, including, without limitation: a) the quality assurance requirements set forth in Section 11.0; b) all scheduling requirements set forth in Section 4.0; c) the safety requirements set forth in Section 16.0; and d) all environmental requirements set forth in Section 41.0.

9.5 The Company shall, without waiver or limitation of any rights or remedies, be entitled from time to time to deduct from any amounts due or owing the Contractor under the Agreement any and all amounts owed by the Contractor to the Company or a Company Affiliate, whether or not in connection with the Agreement. The Company shall not be required to provide any written statement to Contractor in respect of any disapproved invoice or other request for payment. Notwithstanding the foregoing, if the Agreement is subject to the Massachusetts Prompt Payment Act, any full or partial rejection of an invoice shall be made in writing and include (a) the factual and contractual basis for the rejection and (b) a certification that the rejection is made in good faith. No interest shall accrue on any payment due to Contractor in accordance with this Agreement or any portion of retainage that is not timely released to Contractor in accordance with this Agreement.

9.6 Unless otherwise specified in the Agreement, the Contractor shall submit all invoices for executed Services and delivered Goods at the start of each month for any such Work carried out during the preceding month. If Contractor fails to invoice Company for any amount within six (6) months of the later of (i) the month in which the Work in question is rendered or the expense incurred, or (ii) the date the Contractor has the right to issue an invoice to Company for payment, the Contractor shall be deemed to have waived any right it may otherwise have to invoice for and collect such amount.

10.0 TAXES

10.1 The Contract Price shall include sales, use and similar taxes, unless otherwise provided for in the Agreement. The Company shall not be responsible for any Federal, state, and/or local, personal property, license, privilege, or other like taxes, which may now or hereafter be applicable to the transactions under the Agreement.

10.2 Contractor shall pay or cause to be paid all taxes and employer contributions imposed by present and future Federal, state, and local laws with respect to compensation of employees of the Contractor and all interest and penalties payable under such laws as a result of noncompliance therewith, and the Contractor shall
indemnify and hold harmless the Indemnified Parties from and against any and all claims, liabilities and expenses with respect to the foregoing.

10.3 The Company self-assesses sales taxes. For taxable materials and/or services delivered within each state in which the Work is performed, the Contractor shall not include sales tax as per direct payment permit. For the application of sales tax when rendering an invoice, the Contractor shall obtain a permit and adhere to the policies set forth in the following web page:

11.0 INSPECTION AND QUALITY ASSURANCE

11.1 The Contractor shall inspect all Work and make or cause to be made all tests required by the Agreement.

11.2 All Work will be subject to the Contract Administrator’s inspection, direction, and approval. The Contractor agrees to furnish all the information pertaining to the Work as the Contract Administrator may require.

11.3 The Company shall have the right to inspect any Work covered by the Agreement, and any processes used to perform the work, at no cost to the Company, and the right to inspect and/or audit any of the Contractor’s or its Subcontractors’ inspection records and associated costs pertaining to the Agreement. Such audits may be performed by either or both the Company’s employees or professional auditing firms chosen by the Company. In the event the Work or associated costs are found to be deficient or not in accordance with the Agreement, the Company shall be entitled to seek reimbursement for such audit costs.

11.4 The Company shall advise the Contractor of errors, or variations from the requirements of the Agreement, and of defects in the Work, but it is expressly agreed that any omission on the Company’s part to advise the Contractor of any such errors, variations, or defects or to provide any instructions or explanations shall not give the Contractor any right or claim against the Company, and shall not in any way relieve the Contractor from its obligation to provide the Work in accordance with the Agreement.

11.5 At any time during the term of the Agreement, the Company or its designated representative shall be entitled to: (1) conduct and/or witness any test required by the Agreement; (2) otherwise inspect, witness and/or test the Work; (3) review the Contractor’s and Subcontractor’s procedures and documents pertaining to inspection, testing or witnessing of tests; and (4) review the Contractor’s and Subcontractor’s documents pertaining to the Work. For such purposes the Company and its representatives shall be provided access to the Contractor’s or Subcontractors’ facilities or Work, when and in such manner as the Company may require. In the event the Contractor employs Subcontractors for any part of the Work, the Contractor shall require Subcontractors to comply with the provisions of this Section 11.5.

11.6 The Contractor shall provide and maintain an examination, inspection and testing system acceptable to the Company as required by the Agreement. The Contractor shall submit to the Company the results of all such examinations, tests and inspections and shall maintain records of the same and make them available to the Company.

11.7 In addition to any notice requirements otherwise set forth in the Agreement, the Contractor shall give the Company (a) five days prior written notice of any tests and inspections required by the Agreement, the Company or its representatives’ instructions, laws, regulations or ordinances to be witnessed or approved by the Company, (b) timely notice of all other tests and inspections, and (c) 48 hours additional notice prior to actual performance of any test or inspection. Inspections by the Company shall be made promptly, and where practicable at the source of supply.
11.8 All testing and inspections required under the Agreement shall be done in accordance with the Agreement. The Company may perform technical inspection of the Work as may be set forth more fully in the Specification. The Contract Administrator shall have authority to reject all Work and materials which do not conform to the Agreement and respond to questions which arise in the execution of the Work.

11.9 Neither the Company’s nor its representative’s inspection or testing, or witnessing of tests or inspections of the Work nor its failure to perform, require or approve tests or inspections shall (1) affect the warranties and guarantees of the Contractor, (2) relieve the Contractor from any responsibility or liability with respect to workmanship, materials or equipment, (3) constitute an acceptance of the Work by the Company or an agreement by the Company that the Work meets specified requirements, (4) impair the Company’s right to reject nonconforming or defective Work, (5) constitute a waiver by the Company of any rights under the Agreement, or (6) relieve the Contractor of any of its obligations under the Agreement, notwithstanding the Company’s opportunity to inspect the Work, the Company’s knowledge of the nonconformance or defect, or the Company’s failure to earlier reject the Work.

11.10 The Company shall have the right to inspect all materials, supplies, and equipment that are to be incorporated in the Project and make or cause to be made all tests required by the Agreement. The making of such inspections and tests by the Company shall not relieve the Contractor of its responsibility for inspection and testing.

11.11 If the Company determines that any Work has not satisfactorily passed any test or inspection or does not meet the requirements of the Agreement or that the Contractor has not conducted or has improperly conducted any required test or inspection, the Company shall have the right, in addition to any other rights set forth in the Agreement, to (1) reject the Work and (2) stop the Work in accordance with Section 18.1.

12.0 FINAL INSPECTION/ACCEPTANCE/PAYMENT

12.1 Upon receipt of written notice from the Contractor that the Work is completed and ready for final inspection and acceptance, the Company shall inspect the Work and determine if the Work has been fully performed in accordance with the terms and conditions of the Agreement.

12.2 If the Company determines the Work is not complete, its written notice of rejection shall include a list of items that the Contractor shall finish in order for the Work to be complete under the terms and conditions of the Agreement. The Contractor shall within two Days of such notice provide for the Company’s review and approval a schedule detailing when all defects will be corrected and/or the Work completed. Upon approval by the Company, the Contractor shall remedy such defective and incomplete portions of the Work. The steps in Sections 12.1 and this Section 12.2 shall be repeated until the Company accepts the Work as complete and so notifies the Contractor of its acceptance.

12.3 Upon Final Acceptance, final payment will be made.

12.4 Acceptance of the final payment shall constitute a waiver of all claims by the Contractor.

12.5 Final payment shall not relieve the Contractor of any warranty, guarantee or other continuing obligations under the Agreement.

13.0 WITHHOLDING PAYMENT

13.1 The Company may withhold payment (in such amount as is deemed necessary by the Company, in the Company’s sole judgment and discretion), in whole or in part, to the extent and for the time reasonably necessary, in the Company’s sole judgment and discretion, to protect the Company from loss caused by, but not limited to:
13.1.1 Defective Work not remedied;
13.1.2 Claims filed or reasonable evidence indicating probable filing of claims against the Company or by the Company or other parties against the Contractor;
13.1.3 Failure of the Contractor or Subcontractors (of any tier) to make payments properly to Subcontractors (of any tier) or for material or labor or for any taxes due;
13.1.4 Damage to another contractor;
13.1.5 Removal and replacement of condemned Work and/or material;
13.1.6 Incomplete documentation;
13.1.7 Inadequate insurance coverage;
13.1.8 Disputed Work;
13.1.9 Environmental damage caused by or exacerbated by Contractor or any Subcontractor;
13.1.10 Bonding of a Contractor lien
13.1.11 Failure of the Contractor or any Subcontractor to properly clean up the Site;
13.1.12 Damage to utilities caused by Contractor or any Subcontractor;
13.1.13 Damage to public or private property caused by Contractor or any Subcontractor; and
13.1.14 Liquidated damages assessed to the Contractor.

13.2 When the above grounds are removed or the Contractor provides a surety bond satisfactory to the Company which protects the Company in the amount withheld, payment shall be made within 30 days thereafter to the Contractor for the amount withheld.

13.3 In addition to the right to delay payment as set forth above, the Company shall have the right to require that the Contractor shall, in any event, take all necessary steps, at its sole cost and expense, to cause any lien filed against the Company’s or its Affiliates’ property to be satisfied on the record within ten days from the Company’s notice that such lien has been filed.

14.0 CHANGES TO WORK SCOPE/AGREEMENT CHANGES

14.1 No additions to, deletions from, or alterations in the Work and no amendment or repeal of, and no substitution for any terms, conditions, provisions or requirements of the Agreement shall be made unless first authorized in writing by the Company. No oral changes in the Agreement shall be recognized by the Company unless in accordance with Section 26.2.

14.2 The Company may at any time make additions to or deletions from or changes in the Project and/or Work, including changes to the Specification or the schedule. If a Company-directed change will add to or deduct from the Contractor’s cost of the Work or affect the schedule, the Contractor shall notify the Company in writing within five Days of receipt of such Company-directed change and provide a written estimate of such cost and/or schedule modifications and, if the Company approves, the Agreement will be adjusted accordingly. Any claim for an extension in the schedule caused thereby shall be adjusted at the time of directing such change and the value of any such change shall be determined as provided in Section 14.5.

14.3 If the Contractor desires a change in the Work necessary to complete the Work or believes that any order, instruction, request, clarification or interpretation of the Company, or its representatives or compliance with any laws, orders or regulations, constitutes a substantial change in the Work, the Contractor shall submit, to the Company, prior to performance of any such Work, and within five Days of receipt or discovery thereof, a written claim specifying the nature of the change, any increase or decrease in the cost of performing the Work, and any resulting change in the schedule. Within 30 Days of receipt of such notice, the Company shall determine whether the claim constitutes a change in the Work and if so to what extent the Agreement...
should be modified. The Company shall then notify the Contractor, in writing, of its decision. Any change in the schedule shall be specified in the Company’s notice and any change in price as determined under the Agreement shall be determined in accordance with Section 14.5. Notwithstanding anything to the contrary in the foregoing, if the Massachusetts Prompt Payment Act applies to this Agreement, any change order invoices shall be approved or rejected by the Company within 30 days of the Contractor submitting them, and any full or partial rejection of a change order invoice shall be made in writing and include (a) the factual and contractual basis for the rejection and (b) a certification that the rejection is made in good faith.

14.4 The Company may require the Contractor to proceed with Work that is the subject of a proposed or claimed change in the Work prior to the Company’s consent to any change in the price or schedule, in which event the Company shall so notify the Contractor in writing, and the Contractor shall then proceed with the Work, and keep an accurate account of such, and the Contractor and the Company shall then negotiate in good faith with respect to such change.

14.5 If the Company authorizes a change in the Work as set forth in this Section 14.0 which adds to or decreases the cost of the Work, the Contractor shall proceed with the Work as changed, and the Company shall, in its sole discretion, adjust the price by (a) a mutually agreed upon lump sum or rate price, (b) a rate price as set forth in the Agreement or, (c) in accordance with the following:

14.5.1 Reimbursement for all Subcontractors, subject to the Company’s prior authorization to subcontract in each specific instance of change, based on costs actually and reasonably incurred in performing changes. Applicable Subcontractor costs shall be subject to the same terms and conditions set forth in Section 14.5, unless otherwise agreed to by the Company; and

14.5.2 Reimbursement for the actual verifiable net (no mark-ups) cost of materials directly purchased in support of the extra Work as authorized by the Company.

14.6 If the Company authorizes a change in the Work which decreases the amount and cost of the Work, such decrease shall not constitute basis for a claim by the Contractor for any loss or damages including anticipated profit.

14.7 The Company shall not accept any changes submitted by the Contractor pursuant to this Section 14.0 after final payment.

14.8 All additional work shall be performed in accordance with the terms and conditions of the Agreement insofar as they are applicable thereto.

15.0 SURVIVAL

15.1 All provisions related to warranty, indemnification, confidentiality and proprietary rights shall expressly survive termination or expiration of the Agreement.

16.0 SAFETY

16.1 The Contractor shall be solely responsible and assume all liability for the safety and supervision of its employees and other persons engaged in the Work or on the Site. The Contractor shall establish and effectively and continuously implement a safety program that includes both occupational and process safety as applicable. The Contractor shall, and shall require its Subcontractors and their employees to comply with all applicable Federal, state and local safety directives, requirements, rules, regulations, laws and ordinances, whether the same are in force upon the execution of the Agreement or may in the future be passed, enacted or directed, including without limitation, compliance with the safety regulations and standards adopted under the Occupational Safety and Health Act of 1970 (OSHA), as amended from time to time. The Contractor
shall continually inspect the Project and supervise its personnel to determine and enforce compliance with the above provisions.

16.2 The Contractor shall, and shall require its Subcontractors and their employees to comply with the Company’s Safety and applicable Process Safety Requirements and all established Project safety rules as they may be amended from time to time and to take all necessary safety and other precautions to protect property and persons from damage or injury arising out of performance on the Project, whether the same are in force at the execution of this Agreement or may in the future be passed, enacted or directed.

16.3 The Contractor shall provide adequate safeguards, safety devices and protective equipment and enforce their use and take any other needed actions to protect the life, health and safety of the public and to protect property in connection with its performance on the Project.

17.0 MINIMIZING DISRUPTIONS

17.1 Work shall be performed in a manner which minimizes to the greatest extent possible any disruption to the surrounding landscapes, waterways, communities and the general public.

18.0 TERM/TERMINATION

18.1 Termination for Cause.

18.1.1 If, during the term of the Agreement, the Company notifies the Contractor that any part of the Work is defective or deficient or not in accordance with any provision of the Agreement, regardless of the stage of its completion or the time or place of discovery of such errors and regardless of whether the Company has previously accepted it, the Company may order the Contractor to stop performing the Work until such defect or default has been corrected at the Contractor’s sole expense. If the Contractor does not correct the default or defect within ten Days of notice, the Company may suspend its performance until such defect or default is corrected, and/or removed and replaced at the Contractor’s expense.

18.1.2 Contractor shall, at its sole expense, promptly replace and re-execute the defective or deficient Work in accordance with the Agreement.

18.1.3 If the Company corrects Work or has Work corrected that has been damaged or that was not done in accordance with the Agreement, the Company may deduct the cost from the price as determined under the Agreement, or invoice the Contractor for such costs, at its sole option. If the Company elects to invoice the Contractor, the Contractor shall remit to the Company such invoiced amount within 30 days of the date of the invoice.

18.1.4 The Contractor shall not be entitled to an extension of time by reason of the Work being found defective, deficient or in any way not in accordance with the requirements of the Agreement.

18.1.5 Notwithstanding any other provision of the Agreement, if the Contractor: (1) fails to prosecute the Work with diligence or has fallen behind the schedule and if in the opinion of the Company, fails to take all necessary steps to remedy the Contractor’s failure to comply with the terms of the schedule; (2) fails to make prompt payment when due to Subcontractors; (3) fails to comply with any of the terms or conditions of the Agreement; (4) sells or transfers all or substantially all of its assets without the Company’s prior written consent; (5) enters into any voluntary or involuntary bankruptcy proceeding or receivership; (6) makes a general assignment for the benefit of its creditors; (7) experiences a labor dispute which threatens adversely to affect the progress or cost of the Project hereunder or the Company’s operation; (8) abandons the Work; (9) loses control of the Work from

any cause; (10) refuses or neglects to provide sufficient and properly skilled or other labor or sufficient materials of proper quality; or (11) directly or indirectly causes a disruption of the Project, or should its presence result in a disruption of the Project or the Company’s operation, then the Company shall have the right, without prejudice to any other right or remedy to terminate the Agreement, in whole or part. Such termination shall be effective upon written notice to the Contractor setting forth (a) the date of the termination and (b) that the Contractor shall immediately discontinue the Work to the extent specified in such notice. The Company may exercise its right of partial termination under the Agreement any number of times.

18.1.6 In the event the Company terminates all or any part of the Agreement for cause, the Company may finish the Work or have the Work finished by a third party by whatever method it may deem expedient. The Company shall not be required to obtain the lowest price for completion of the Work, but may make such reasonable expenditures as may best accomplish such completion; and the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price as determined under the Agreement exceeds the expense of finishing the Work, including compensation for additional managerial and administrative services and all other costs and expenses actually incurred by the Company as a direct result of the breach and termination, the Contractor hereby waives such excess. If such expenses exceed the unpaid balance, the Contractor shall pay the difference to the Company within 30 Days of the Company’s notice thereof to the Contractor.

18.1.7 If all or any part of the Agreement is terminated for cause, the Company shall be entitled, at its option, to (a) retain any Work previously delivered to the Project or paid for by the Company, (b) require delivery of any Work and/or documents, regardless of their stage of completion which are in the Contractor’s possession or control, (c) require the Contractor to assign to the Company all or any of the Contractor’s rights with respect to orders or subcontracts which relate to the Project, (d) reject all or any of the Work, regardless of whether it has been delivered for the Project, (e) require the Contractor to cooperate with a new contractor for the period of time necessary to familiarize the new contractor with the Project, (f) have another contractor complete the Agreement at the Contractor’s expense, and (g) require completion according to the terms of the Agreement of any Work which has not been terminated Contractor shall be required to refund to the Company any payments theretofore made for rejected Work. The Company shall be entitled to withhold from any payment otherwise due to the Contractor an amount sufficient to protect the Company from any outstanding or anticipated liens or claims in connection with Work which has not been rejected or anticipated costs to complete the Work in excess of the remaining Contract Price. The Company shall not be liable for any loss or damage (including, but not limited to, special, indirect, incidental, or consequential damages or anticipated profits) incurred by reason of termination for cause of the Agreement.

18.1.8 No amount shall be paid or payable by the Company for the Contractor’s termination costs including, but not limited to, demobilization costs, costs associated with the transfer or termination of personnel, or loss of anticipated profit.

18.1.9 All warranties and guarantees, including without limitation those set forth in Section 8.0, shall survive termination of the Agreement to the extent that they relate to Work which has not been rejected or terminated, and any other provisions of the Agreement which survive the date of termination shall continue to be binding upon the Contractor.

18.1.10 In the event that a termination by the Company of all or part of the Agreement for cause, under Section 18.1 is determined to have been made without cause, such termination shall thereafter be treated as termination for convenience under Section 18.2.

18.2 Termination for Convenience.
18.2.1 Notwithstanding any other provision of the Agreement, the Company may, at its sole discretion, at any time, for any reason, by notice to the Contractor, terminate the Agreement in whole or in part without cause, and such termination shall not constitute a breach of contract. Such termination shall be effective upon the date set forth in the written notice and the Contractor, unless otherwise directed by the Company, shall immediately:

(a) Stop the Work hereunder on the date and to the extent specified in such notice;

(b) Place no further orders or subcontracts for any part of the Project other than for Work which has not been terminated;

(c) Terminate, as directed by the Company, all orders and subcontracts to the extent that they relate to Work which has been terminated;

(d) Settle, with the approval or ratification of the Company, to the extent the Company may require, all outstanding liabilities and claims arising out of the Contractor’s termination of orders and subcontracts pursuant to Section 18.2;

(e) Assign to the Company, as required by the Company, any and all of the Contractor’s rights with respect to orders or subcontracts which relate to terminated Work;

(f) Deliver to the Company, as required by the Company, any or all Work or documents, technical data or other information and materials regardless of their stage of completion, which are in the Contractor’s possession or control;

(g) Use its best efforts to sell, transfer or otherwise dispose, for the Company’s credit, in the manner, at the times, to the extent and at the prices directed or authorized by the Company, any or all of the Work, provided that the Contractor (a) shall not be required to extend credit to any buyer, and (b) may acquire any such Work upon the same terms as it would be entitled to sell or transfer such Work to a third party;

(h) Work with a new contractor for the period of time necessary to familiarize the new contractor with the Project;

(i) Complete any Work which has not been terminated pursuant to such notice; and

(j) Take whatever action may be necessary to preserve and protect the Work and to mitigate the Contractor’s damages in connection with the partial or complete termination of the Agreement.

18.2.2 In no event shall the total of the Partial Performance Payment and/or termination costs (as provided in Section 18.2.6) exceed the price as determined under the Agreement.

18.2.3 The Contractor’s claim for Partial Performance Payment and/or termination costs shall be contingent upon the Contractor’s good faith diligent compliance with the provisions of Section 18.2, to the Company’s satisfaction which will not be unreasonably withheld, and shall be submitted to the Company within three months of the effective date of termination for convenience. If such claim is not submitted within three months, the Contractor waives any right to the claim for Partial Performance Payment and/or termination costs.
18.2.4 All warranties and guarantees set forth in Section 8.0 shall survive termination of the Agreement to the extent that they relate to Work which has not been rejected or terminated, and any other provisions of the Agreement which survive the date of termination shall continue to be binding upon the Contractor.

18.2.5 A termination for convenience shall not entitle the Contractor to damage remedies that would normally arise as a result of breach of contract, whether such damage remedies are categorized as direct, special, indirect, incidental or consequential damages. Rather, the Contractor’s rights are exclusively limited to Partial Performance Payment and/or termination costs.

18.2.6 In the case of termination for convenience of the Agreement, the Contractor’s termination costs shall be limited to: (1) reasonable documented direct costs that are directly associated with termination responsibilities identified in Section 18.2; and (2) reasonable demobilization costs incurred within thirty days of the date of termination. In no case shall the Contractor be entitled to recover lost profits, nor to recover any costs and expenses associated with the inability of the Contractor to find work for idle employees and equipment that have been rendered idle as a result of termination of the Agreement.

18.3 In the case of termination of the Agreement, the Contractor, if notified to do so by the Company, shall promptly, but in any event no more than seven Days from the Company’s request, remove any part or all of its equipment, material, and supplies, if any, from the Site, failing which the Company shall have the right to remove such equipment and supplies at the expense of the Contractor.

18.4 The Agreement shall become effective when executed by both parties and shall continue in full force and effect until the expiration of all guarantees, warranties and indemnities provided for therein, unless earlier terminated in accordance with Section 18.1 or 18.2.

19.0 COMPANY’S RIGHT TO SUSPEND THE AGREEMENT

19.1 The Company may at its sole discretion interrupt, suspend or delay execution of all or any part of the Project for any reason whatsoever upon written notice to the Contractor specifying the nature and expected duration of the interruption, suspension or delay. The Company’s notice of suspension shall designate the amount and type of labor and equipment to be committed to the Work, if any, during the period of suspension. The Contractor shall utilize its labor, equipment and any other resources so that costs are minimized during the suspension. Except as provided in Section 34.6, if, in the Contractor’s opinion, such interruption would result in substantially increased cost, the Contractor shall promptly notify the Company in writing in accordance with Section 14.0.

19.2 Contractor shall immediately resume any of the Work so interrupted, suspended or delayed when directed to do so by the Company. Except as provided in Section 18.1.8, the schedule and price as determined under the Agreement shall be revised to compensate for the interruption, suspension or delay. Adjustments to the price shall be adequate to compensate the Contractor for any verifiable reasonable costs or expenses the Contractor actually incurs as a direct result of the interruption, suspension or delay despite reasonable efforts to mitigate such costs and expenses. Such adjustment to the price and schedule shall constitute full settlement to the Contractor for the suspension. In no event shall the total paid to the Contractor exceed the Contract Price as set forth in the Agreement. In no event shall the Contractor be entitled to any damages, including loss of anticipated profits.

19.3 In its notice of suspension, the Company will designate what Work, if any, is to be continued. Upon receipt of such notice, the Contractor shall, unless otherwise directed by the Company:

19.3.1 Immediately discontinue the Work on the date and to the extent specified in the notice;

19.3.2 Place no further orders or subcontracts for or in connection with the Project other than to the extent required in the notice of suspension;
19.3.3 Promptly make every reasonable effort to obtain suspension upon terms satisfactory to the Company of all orders and subcontracts to the extent required by the suspension; and

19.3.4 Continue to protect and preserve the Project.

19.4 Notwithstanding any other provision of the Agreement, no compensation or extension of time will be granted to the Contractor for any suspension to the extent that the suspension is caused directly or indirectly by the Contractor’s acts or failure to act, including, but not limited to, the Contractor’s failure to comply with the safety and environmental protection provisions of the Agreement or to the extent that an equitable adjustment is provided for or excluded under any other provision of the Agreement.

19.5 Notwithstanding the foregoing, if the Work may directly affect the continuity of electrical or gas service, the Company, at its option, may from time to time immediately suspend the Contractor’s Work without prior written notice in order to avoid problems such as safety hazards or interruption of service.

20.0 EMERGENCY ASSISTANCE

20.1 If the Contractor is notified and requested to provide emergency assistance, by an entity other than the Company, the Contractor shall request a temporary release from the Agreement. It will be in the Company’s discretion as to whether this request will be granted. If the Company agrees to temporarily authorize the release of the Contractor from its current obligations, both parties shall sign a temporary release document, indicating for whom the Contractor will be working and the anticipated release period. The temporary release document will include the Contractor warranties that the Company will not incur any costs or liabilities due to the Contractor’s release and that the release will cause no significant delay in the completion of the Company’s Project.

21.0 FORCE MAJEURE

21.1 Any delay of either party in the performance of its required obligations hereunder shall be excused if and to the extent caused by unprecedented weather conditions, fire, explosion, riot, war, strike by the Company’s or its Affiliates’ employees, court injunction or order, federal and/or state law or regulation, or order by any federal or state regulatory agency, but only to the extent that: 1) such events are beyond the reasonable control of the party affected, 2) such events were unforeseeable by the affected party and the effects were beyond its reasonable efforts to prevent, avoid or mitigate, 3) the affected party uses every reasonable effort to prevent, avoid or mitigate the effects, 4) prompt written notice of such delay be given by such affected party to the other; and 5) the party affected uses its best efforts to remedy the resulting effects in the shortest practicable time. Upon receipt of such notice, if necessary, the time for performing the affected activities shall be extended for a period of time reasonably necessary to overcome the effect of such delays. Such extension shall be the sole remedy and compensation for each force majeure event. Notwithstanding the foregoing, the Company shall have the right to terminate the Agreement under Section 18.2.

21.2 The written notice required under Section 21.1 shall be sent by the affected party within five Days of the commencement of any such delay and shall specify the nature, cause, date of commencement and anticipated extent of such delay or nonperformance and whether it anticipates that any delays in scheduled delivery or performance will result. Such notice shall be submitted in ample time to permit full investigation and evaluation of any claimed delay or nonperformance. Failure to provide such notice shall constitute a waiver of any claim.

21.3 Within 30 Days after the termination of any delay occasioned by an event of force majeure, the affected party shall give written notice to the other party specifying the actual duration and impact of the delay.

21.4 Notwithstanding the foregoing, neither the Contractor’s inability to obtain required permits on schedule, nor strikes and/or labor disputes involving the Contractor’s and its Subcontractors’ employees shall be considered a force majeure event.
21.5 The Company shall extend the schedule for changes in the Project, as provided in Section 14.0, for force majeure events, as provided in Section 21.0, or for suspension of Work, as provided in Section 19.0. Unless pursuant to Sections 14.0 or 19.0, extensions of time shall not be a basis for any increased payment under the Agreement.

21.6 Contractor shall give the Company prompt written notice of any occurrence or conditions which in the Contractor’s opinion entitle it to an extension of time. Such notice shall be submitted in ample time to permit full investigation and evaluation of the Contractor’s claim. Failure to provide such notice shall constitute a waiver by the Contractor of any claim.

22.0 LIABILITY AND INDEMNIFICATION

22.1 To the fullest extent allowed by law, the Contractor shall indemnify, defend, and save harmless the Indemnified Parties from any loss, damage, liability, cost, third party suit, charge, expense, or third party cause of action, including the Indemnified Parties’ legal expenses, whether unconditionally certain or otherwise, as they exist on the effective date of the Agreement or arise at any time thereafter, (including but not limited to reasonable fees and disbursements of counsel incurred by an Indemnified Party in any action or proceeding between an Indemnified Party and any third party arising out of any damage or injury to property of an Indemnified Party, the Contractor and/or third parties (including real property, personal property and environmental damages), persons (including injuries resulting in death), or economic damages, directly or indirectly caused by or arising out of or in any way connected with (i) any act or omission of the Contractor in breach of the Agreement, (ii) any negligence, willful misconduct, or breach of law of the Contractor, its agents, employees, Subcontractors, and suppliers, (iii) any third-party claim under U.S. law pertaining to copyright infringement, trademark infringement, libel, slander, defamation, invasion of privacy, piracy, or plagiarism arising from the Company’s use, consistent with the terms of the Agreement, of the final deliverables (except to the extent that such third-party claim arises from materials supplied by the Company, or any unauthorized modifications to the deliverables by the Company), (iv) any equipment, property or facilities used by the Contractor, its agents, employees, Subcontractors, and suppliers, or (v) failure of the Contractor or its Subcontractors to comply with Laws and Standards. The Indemnified Parties shall not be indemnified or held harmless against liability for damage arising out of bodily injury to persons or damage to property caused by or resulting from the sole negligence of the Indemnified Parties.

22.2 Contractor shall take prompt action to defend and indemnify the Indemnified Parties against claims, actual or threatened, but in no event later than notice by the Company to the Contractor of the service of a summons, complaint, petition or other service of process against the Company alleging damage, injury, liability, or expenses subject to the indemnification obligations set forth in Section 22.1. If such claim is subject to the foregoing indemnity obligation, the Contractor shall defend any such claim or threatened claim, including as applicable, engagement of legal counsel, to respond to, defend, settle, or compromise any claim or threatened claim. The Contractor shall not settle any claim, action, suit or proceeding for which it is indemnifying the Company in a manner that would impose any legal liability or financial obligation on the Company without first obtaining the Company’s written consent.

22.3 Furthermore, the Contractor understands that, in the event that it has breached its obligations under this Section 22.0, it is responsible for any and all reasonable costs and expenses incurred by the Company to enforce this indemnification provision.

22.5 The Company may participate in the defense and retain its own counsel in connection with any claim. If the Contractor fails to assume control of the defense of any claim, the Company may defend the claim at the
Contractor’s cost. The Company’s defense of a claim does not relieve the Contractor from its obligations to indemnify.

22.6 The obligations under Section 22.0 shall not be limited in any way by any limitation on the Contractor’s insurance or by a limitation on the amount or type of damages. In addition, the obligations under Section 22.0 shall not be limited in any way by any compensation or benefits payable by or for the Contractor or any Subcontractor under worker’s compensation acts, disability benefit acts or other employee acts.

22.7 Royalties and fees for patents covering materials, articles, apparatus, devices, equipment or processes used in the Work shall be included in the Contract Price. The Contractor shall satisfy all demands that may be made at any time for such royalties or fees.

22.8 Contractor shall obtain from its Subcontractors, for the Indemnified Parties’ benefit, agreements substantially similar to those contained in this Section 22.0. 23.8 Compliance. These requirements are in addition to any other insurance requirements which may be required elsewhere in the Agreement. The Contractor shall comply with any governmental and/or site specific insurance requirements even if not stated herein.

If the Contractor proceeds with any of the Work in question prior to receiving such instructions, then required corrections shall be at the Contractor’s expense.

28.1 The Contractor hereby acknowledges that during the course of the Contractor’s participation in a bid and/or selection process and in the performance of the requirements of the Agreement, the Contractor may be furnished with or exposed to information that is proprietary and confidential to the Company and/or its Affiliates (“Confidential Information”). 28.2 The Contractor agrees that (a) the Contractor shall use such Confidential Information only in connection with its participation in a bid and/or selection process or the requirements performed under the Agreement, and (b) shall not disclose such Confidential Information to third parties or use such Confidential Information for any other purpose without the prior written consent of an authorized representative of the Company.

28.3 The Contractor may disclose Confidential Information to its partner(s), employee(s), agent(s), vendor(s), contractor(s), Subcontractor(s), or any other party employed by the Contractor if and only if 1) such disclosure is necessary in order to perform the Work and/or Service under the Agreement; and 2) the party to whom the Confidential Information will be disclosed has executed and delivered to the Company a Non-Disclosure Agreement. If the Contractor has any question about whether information is Confidential Information, it shall contact the Company prior to disclosing such information for a determination as to its proprietary status.

28.4 Upon termination of the Agreement, the Contractor shall immediately return such Confidential Information, including without limitation any drawings, maps, or electronic data or copies thereof, to the Company.

28.5 Both Parties acknowledge that the breach of the Contractor’s obligations under this provision will result in irreparable harm to the Company and/or its Affiliates. Any breach of these provisions by the Contractor shall entitle the Company and/or its Affiliates to make use of any and all available remedies, at law and in equity, including, but not limited to, injunctive relief.

28.6 If either Party is required by law to disclose Confidential Information of the other Party (by oral questions, interrogatories, requests for information or documents, subpoena, civil investigative demands, regulation, statute or otherwise), the Party required to make such disclosure will, when permitted by law, (i) notify the other Party and provide the other Party the opportunity to review the Confidential Information, and (ii) provide the other Party the opportunity to seek a protective order or other appropriate remedy. In the event that a protective order or other remedy is not obtained or is not pursued within a reasonable period of time, the Party required to make disclosure or such Party’s representatives will furnish only that portion of the Confidential Information that it is legally required to disclose and the Party required to make disclosure will request that confidential treatment be accorded to the Confidential Information by relevant third parties.

28.7 Notwithstanding anything to the contrary in this Section 28.0, neither Party shall be required to hold confidential any information that (i) becomes publicly available other than through disclosure by the Receiving Party; (ii) is independently developed by the Receiving Party; or (iii) becomes available to the Receiving Party without restriction from a third party, provided that such third party is not bound by a confidentiality agreement with the Disclosing Party or its representatives.
28.8 In no event shall data or information provided by the Contractor under the Agreement or generated as a result of performance of the Work thereunder be deemed as proprietary to the Contractor. Likewise, reports generated as a result of performance of the Work thereunder shall not be proprietary to the Contractor.

28.9 The obligations set forth in this Section 28.0 shall survive expiration or termination of this Agreement for a period of five (5) years.

29.0 PUBLICITY

29.1 Notwithstanding any other provision of the Agreement, the Contractor shall not, without the Company’s prior written consent, publish any information pertaining to the Agreement, whether during the term of the Agreement or thereafter.

29.2 Contractor shall not display any sign, posters or other advertising matter in or around the Site without prior written approval of the Company.

30.0 COMMUNICATIONS WITH REGULATORS, MEDIA, OR PUBLIC

30.1 The Contractor shall immediately notify the Company of all communications from regulatory agencies including, but not limited to, notices, postings, letters, telephone calls or visits. 31.2 The Contractor shall submit to the Company specific reports as may be required elsewhere in the Agreement.

32.0 NERC CIP

32.1 For any Work that requires access to the Physical Security Perimeter at a current control house as identified by the Company, or is in the process of constructing a new control house environment, the Contractor shall, and shall require its Subcontractors to (1) complete the contract document containing “National Grid Contractor Requirements for Compliance with NERC Cyber Security Standards,” attached to this Agreement, and (2) comply with the terms and conditions and obligations of the Contractor with respect to NERC CIP. The Contractor shall be responsible hereunder for any breach of such terms and conditions and obligations of the Contractor with respect to NERC CIP under this Agreement to the extent caused by its Subcontractors.

32.2 In the event of non-compliance or breach on the part of Contractor, its employees, agents or subcontractors with or of any or all of the NERC Cyber Security Standards, the Contractor shall be solely liable for any and
all resulting costs, losses, penalties, damages and liabilities, including any costs, losses, penalties, damages or liabilities incurred by the Company, and the Company may terminate this Agreement for cause, pursuant to the termination provisions contained herein.

33.2 Upon completion of the Work, the Contractor shall remove all excess material, equipment, temporary facilities and rubbish from Company Sites; shall repair or replace, in an acceptable manner, all property which may have been damaged or destroyed at a Company Site; and shall leave Company Sites in a neat and presentable condition and return disrupted or damaged areas to the condition existing before the start of the Work. Approval of clean-up of any Company Sites is required from the Company prior to Final Acceptance.

33.3 In the event of the Contractor’s failure to comply with this Section 33.0, the Company shall be entitled to withhold from the Contractor, or obtain reimbursement from the Contractor for, any costs incurred in accomplishing the same.

34.0 LABOR RELATIONS

34.1 The Contractor shall give the Company prompt written notice of any labor dispute or anticipated labor dispute which may reasonably be expected to affect: (1) the cost, schedule or performance of the Project; (2) other activities at the Site; or (3) the Company’s ongoing operations.

34.2 The Contractor shall conduct its labor relations in accordance with its established labor agreements. The Contractor agrees to advise the Company, prior to making any new commitments, whether the negotiation of new agreements or understandings with local or national labor organizations affect the Work to be performed under the Agreement.

34.3 In addition to the Contractor’s legal obligations under the Labor Management Relations Act, in the event the Contractor is a subscriber to a multi-employer bargaining association or group, the Contractor shall, if the Company so directs, participate to the fullest extent in the collective bargaining of that group with any of those labor organizations claiming jurisdiction over any portion of the Project under the Agreement or any subcontract.

34.4 To the extent applicable to Work being performed under the Agreement, the Contractor shall supply the Company with copies of all national agreements to which it is a party. No later than 30 Days before the expiration of any labor agreement which may affect the Project, the Contractor shall meet with the Company to discuss the appropriate course of action.

34.5 The Contractor shall take any and all steps that may be available in connection with the resolution of violations of collective bargaining agreements and jurisdictional disputes, including, without limitation, the filing of appropriate process with any court or administrative agency having jurisdiction to settle, enjoin or to award damages resulting from violations of collective bargaining agreements or jurisdictional disputes.

34.6 In the event of a labor dispute which threatens to adversely affect the progress or cost of the Project, the Company reserves the right to restrict additional hiring of employees by the Contractor or any Subcontractors, or to suspend or delay the Project, or in the Company’s sole discretion to terminate the Agreement for cause under Section 18.1, without incurring contractual liability to the Contractor or its Subcontractors or suppliers. such labor dispute and whether or not the dispute involves or affects employees or disputing parties standing in the proximate relation of employer and employee with the Contractor or Subcontractor.

35.0 ADDITIONAL CONTRACTS AND INTERESTS

35.1 Whenever work being done by the Company’s or by other contractors’ forces is contiguous to Work covered by the Agreement, the respective rights of the various interests involved shall be established by the Company to secure the completion of the various portions of the Project in an orderly and timely manner. At no time shall the Contractor restrict the movement of other personnel and/or equipment in the performance of their work.

35.2 The Contractor shall be responsible for promptly notifying the Company in the event that it shall be necessary to coordinate work between the Contractor and others.

35.3 The Company reserves the right to enter into other contracts related to the Agreement or the Project and may require any other contractor, including the Company or its Affiliates, to provide labor or materials to the Project, and such other contracts shall not be cause for the Contractor to claim a change in the Project under Section 14.0. The Contractor shall afford other contractors, the Company or its Affiliates reasonable opportunity for the introduction and storage of their materials and the execution of their work, and the Contractor shall cooperate with the Company, its Affiliates and any other contractors in coordinating their activities.

35.4 The Contractor acknowledges that coordination with other contractors, the Company or its Affiliates and occasional rescheduling of the Work or Project may be required and that minor delays in performance of the Work may result. Any difference or conflict which may arise between the Contractor and other contractors, or between the Contractor and workmen of the Company or its Affiliates, in regard to their work, shall be resolved as determined by the Company. Notwithstanding any other provision of the Agreement, the Contractor acknowledges that such coordination, occasional rescheduling and minor delays shall not justify an increase in the price as determined under the Agreement or an extension of time for delivery or performance.

35.5 The Contractor shall promptly remedy, at its sole expense, any injury or damage that may be sustained by other contractors or the Company and its Affiliates as a result of the Contractor’s activities under the Agreement.

35.6 If the Contractor’s Work depends upon the work of others, the Contractor shall inspect and give the Company prompt written notice of any defects in the work that renders it unsuitable for the Contractor to perform the Work.

36.0 LIENS/BONDS

36.1 The Contractor, for itself, its Subcontractors and all other persons performing under the Agreement hereby waives, to the full extent permitted by law, all right to have filed or maintained any mechanics’ or other liens or claims for or on account of the services, labor or materials to be furnished under the Agreement. The Contractor shall pay punctually for all labor, equipment and materials and all liabilities incurred by it in performance of the Agreement, and when requested shall furnish the Company with satisfactory evidence of such payment.

36.2 The Contractor shall (1) indemnify and save harmless the Company and its Affiliates and their officers, directors, employees, agents, servants, and assigns from all laborers’, materialmen’s, and mechanics’ liens upon the real property upon which the Project is located arising out of the Services, equipment and materials furnished by the Contractor and its Subcontractors in connection with the Project, and (2) to the full extent
permitted by law, keep such property free and clear of all liens, claims, and encumbrances arising from the performance of the Agreement by the Contractor and Subcontractors.

36.3 The Contractor shall not cause or permit any lien or security interest to attach to any real or personal property of Company.

36.4 Within 15 Days of signing the Agreement, the Contractor shall, at the Company’s option, provide the Company with an executed copy of each a Payment Bond, a Performance Bond and a Lien Bond for the Work in the amount of the Contract Price covering the payment of, and performance of all obligations arising under the Agreement and to keep the Company’s property clear of any encumbrances relating to the Agreement. The Company may require additional bonds if the value of the Agreement, in the Company’s opinion, is appreciably increased.

36.5 The Payment Bond and the Performance Bond form shall be AIA Document A312, as published most recently published by the American Institute of Architects, except that the definition of claimant found in the Payment Bond, shall be modified to include all persons or entities, of any tier, having a direct contract with the Contractor or with a Subcontractor (including suppliers), of any tier, to furnish labor, materials or equipment for use in the performance of the Agreement. All other parts of the definition of claimant shall remain unmodified. The Lien Bond shall be on the form as set forth in the Agreement.

36.6 The Contractor shall furnish a copy of the Payment Bond to all Subcontractors (including suppliers) with whom it has a contract to furnish labor, equipment or materials for use in the performance of the Agreement, and shall require that all Subcontractors, of any tier, supply copies of the Payment Bond to their Subcontractors (including suppliers).

36.7 The cost for the Payment Bond, Performance Bond, and Lien Bonds are included in the prices referenced in the Agreement or Purchase Order.

37.0 ASSIGNMENT/SUBCONTRACTING

37.1 The Agreement is binding upon the Parties and their heirs, executors, administrators, successors, and assigns. The Contractor shall not assign the Agreement, or any of the moneys to become due and payable under the Agreement, or subcontract the whole or any part of the Work, without first having obtained the Company’s written consent to such assignment or subcontract. Any such assignment or subcontract for which the Company’s written consent is not obtained will be null and void. If the Contractor proposes to subcontract any of the Work, it shall give written notice thereof to the Company specifying the name, address, qualifications, and experience of the Subcontractor, and the specific Work which the Subcontractor is to perform. If the Company consents in writing, the Contractor may subcontract the specific Work to the Subcontractor. All Work performed for the Contractor by a Subcontractor shall be pursuant to an agreement between the Contractor and Subcontractor which binds the Subcontractor to the applicable terms and conditions of the Agreement for the benefit of the Company and its Affiliates.

37.2 The Company may assign the Agreement or any part thereof to any Affiliate.

37.3 If the Contractor terminates its existence as a corporate entity or if the Contractor is part of a merger, acquisition, sale, consolidation or take-over, or if all or substantially all of the Contractor’s assets are transferred to another person, or business entity, the Company shall, in its sole discretion, have the right to terminate the Agreement as set forth in Section 18.1 or to require the Contractor’s successor to carry out the duties and obligations of the Contractor under the Agreement.

37.4 If at any time during the performance of the Project, the Company determines that any Subcontractor is not performing in accordance with the Agreement, the Company may so notify the Contractor who shall take immediate steps to remedy the performance or to cancel the subcontract, whichever the Company so requests.
37.5 All Subcontractors shall be subject to the foregoing provisions, and nothing contained in the Agreement shall create any contractual relation between any Subcontractor and the Company or its Affiliates, nor relieve the Contractor of any obligation to perform the Work. No Subcontractor is intended to be or shall be deemed a third party beneficiary of the Agreement. As a condition of any subcontract, the Contractor shall require any Subcontractor to remove any claim it might have, in law or equity directly against the Company or its Affiliates. The Contractor shall be fully responsible to the Company for the acts and/or omissions of any Subcontractor and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by the Contractor as if no Subcontractors were in place. Any obligation imposed by the Agreement upon the Contractor, where applicable, shall be equally binding upon and shall be construed as having application to any Subcontractor.

37.6 To the fullest extent permitted by law, the Contractor shall require Subcontractors to indemnify, defend at the Company’s option, and hold the Indemnified Parties harmless from and against any and all claims, demands, actions, losses, damages and expenses, including attorney’s fees and other expenses, resulting from or arising out of any of its Subcontractors’ performance of Work or Services. The complete or partial failure of any insurance carrier to fully protect and indemnify the Indemnified Parties, or the inadequacy of the insurance, shall not in any way lessen or affect the obligation of the Contractor or its Subcontractors to indemnify the Indemnified Parties.

37.7 Notwithstanding any other provision of the Agreement, Section 37.6 shall survive the termination or expiration of the Agreement

38.0 ENTIRE AGREEMENT

38.1 The Agreement constitutes the entire Agreement between the Company and the Contractor with respect to the Work specified, and all previous representations relative thereto, either written or oral are hereby annulled and superseded. No modification of any of the provisions of the Agreement shall be binding unless in writing and signed by a duly authorized representative of each party hereto.

39.0 SEVERABILITY/MISCELLANEOUS

39.1 If any section, phrase, provision or portion of the Agreement is, for any reason, held or adjudged to be invalid or illegal or unenforceable by any court of competent jurisdiction, such section, phrase, provision or portion so adjudged will be deemed separate, distinct and independent and the remainder of the terms of the Agreement will be and remain in full force and effect and will not be invalidated or rendered illegal or unenforceable or otherwise affected by such adjudication. The parties shall negotiate in good faith an equitable adjustment in the affected provision of the Agreement; however, the validity and enforceability of the remaining parts thereof shall be otherwise fully enforceable. Paragraph headings are for the convenience of the Parties only and are not to be construed as part of the Agreement.
