The Contractor is, and shall at all times remain, an independent contractor.
- 2.2 The Contractor shall be solely responsible for all construction means, methods, techniques, sequences, procedures, safety, and compliance programs in connection with the performance of the Work. The Contractor shall supply and be fully responsible for temporary facilities. The Contractor shall locate such facilities only in approved areas designated by the Company. Temporary facilities, located at the Site, shall be removed by the Contractor prior to final payment, unless otherwise authorized in writing by the Company.
- 2.3 The Contractor represents that it has fully acquainted itself with, and has carefully examined all documents and conditions relevant to the Work and the Project to insure that they are sufficient to properly complete the Work; all relevant plans, surveys, measurements, dimensions, calculations, and estimates to be sure that they contain no errors or inaccuracies; the nature and location of the Work, the character of equipment, materials and facilities needed preliminary to and during the prosecution of the Work; the general and local conditions (including environmental conditions and labor relations); and all other matters which can in any way affect the Project and the Work and its cost under the Agreement. The Company assumes no responsibility whatsoever for ascertaining for the Contractor any facts which the Contractor could have ascertained for itself through such investigation. The Contractor shall notify its Subcontractors of the requirements of this Section 2.3. Lack of knowledge of any of the foregoing matters shall not constitute an excuse for delay or failure of performance under the Agreement, nor shall it justify any increase in the price as determined under the Agreement. The Contractor hereby represents that it has all information and documentation with respect to equipment, materials, facilities or any other matters which are or will be necessary to enable the Contractor to safely and reliably perform the Work. Except as is otherwise specified within the Agreement, all loss or damage to the Contractor arising out of its performance of the Work, whether due to the elements, unforeseen circumstances, subsurface conditions or otherwise, shall be sustained and borne by the Contractor at its sole cost and expense.
- 2.4 The Contractor hereby acknowledges and agrees that the Company will only be responsible for providing such materials and services as are expressly indicated to be the Company’s responsibility in the Specification.
- 2.5 Instructions or explanations given by the Contract Administrator or the Company to the Contractor to complete, clarify or give proper effect to the Specifications will be deemed a part of the Specifications. The Contractor shall, immediately upon identification of same, notify in writing the Company’s Field Representative and/or Contract Administrator of any discrepancy in materials, quantity, quality defects, or damages noted upon the Contractor’s receipt of Company-furnished materials. If there is any doubt as to the meaning of any portion or portions of the Specifications, such documents will be interpreted as calling for

the best quality, as to materials, equipment and workmanship capable of being supplied or applied, and any explanation provided by the Contract Administrator will be final and conclusive.

- 2.6 The Company and its engineers make no warranty for the detail, accuracy, or completeness of the Contract Documents including, but not limited to, the Specification and Drawings. The Company's review of or comments on any document shall not relieve the Contractor of its sole responsibility for the correctness and adequacy of the Contractor's Work, including but not limited to the correctness of design, detail, dimensions, or erection or any other obligation of the Contractor hereunder.
- 2.7 All documents furnished by the Company, including but not limited to the Specification and Drawings and copies thereof and documents produced by the Contractor for the Company shall be the property of the Company, shall be used by the Contractor only for performance of the Project, shall not be used on any other jobs, shall not be delivered to any third parties except as is necessary for performance of the Project hereunder, and shall be returned to the Company upon completion, cancellation or termination of the Agreement.
- 2.8 The Contract Documents including, but not limited to, the Specification and Drawings may not be complete in every detail. The Contractor shall comply with their manifest intent and general purpose, taken as a whole, and shall not ignore or misuse any errors or omissions therein to the detriment of the Project. Should any error, omission, conflict or discrepancy appear in the Contract Documents, referenced documents, or codes, standards or instructions, the Contractor shall immediately notify the Company in writing and the Company shall issue written instructions, however, unless otherwise instructed the more stringent requirement shall apply. If the Contractor proceeds with any of the Work in question prior to receiving such instructions, then required corrections shall be at the Contractor's expense.
- 2.9 If the Contractor observes that any requirement specified in the Agreement is at variance with any governing laws, ordinances, rules, regulations, permits or licenses it shall promptly notify the Company in writing before incurring any further liability, expense or obligation for the Contractor or the Company.

- 3.2 The Contractor's personnel on the Site shall include, but not be limited to, a quality-assurance representative, a certified safety professional, and an individual knowledgeable in environmental rules and regulations. In the event that the Company believes, in its sole judgment, that any of the Contractor's personnel are objectionable, the Company shall so notify the Contractor, whereupon the Contractor shall promptly investigate and take appropriate corrective action including, where requested by the Company, removal of such personnel and replacement with personnel acceptable to the Company. Whenever required by law, regulations, or code, or any applicable governmental approval, the Contractor shall employ only licensed and properly trained personnel in the performance of the Work. The Contractor and all Subcontractors shall have full responsibility for all employees employed on or in connection with the Project and shall employ only such employees who shall cooperate with all other individuals working at the Site.
- 3.3 The Contractor shall, and shall require its Subcontractors to comply with the Company's background check requirements as defined in the Company's policies and procedures set forth in this Agreement and as may be amended from time to time.
- 3.4 In the event of the Contractor's non-compliance with any or all of these background-check requirements, the Company may cancel the Agreement for its convenience pursuant to the termination provisions contained in the Agreement except that in no event shall the Company or its Affiliates be liable for any termination cost/charges to the Contractor beyond compensation for Work performed up to the date of such cancellation.
- 3.5 The Contractor shall be wholly and solely responsible for all acts of its personnel while engaged in the Work. Any illegal acts, including but not limited to terrorism affecting property and/or personnel of the Company or its Affiliates, the Contractor or third parties shall be considered grounds for finding the Contractor in default and terminating the Agreement for cause in accordance with Section 18.1, in addition to all other rights and remedies available to the Company and its Affiliates under applicable law.

## 4.0 TIME OF PERFORMANCE

- 4.1 The Contractor shall submit a schedule for the assigned Work, and provide the Company with updated progress and scheduling information as required and set forth in the Agreement. The Contractor shall perform the Work in accordance with the schedule agreed to by the Parties. Once commenced the Work shall be prosecuted continuously to completion unless otherwise agreed to by the Company. Contractor shall notify the Company orally and then in writing of any anticipated delays; however, such notification shall not relieve Contractor of any of its obligations or affect any of the Company's available remedies.
- 4.2 The Contractor shall maintain a labor force of sufficient size and competence to conform to and complete all Work on schedule and within the scheduled hours and days set forth in the schedule unless otherwise directed or approved by the Company.
- 4.3 The Contractor shall limit the Work at the Site to eight hours per day and 40 hours per week and normal working hours, between 7:00 a.m. - 5:00 p.m., Monday through Friday, unless otherwise specified elsewhere in the Agreement. Extended hours shall be subject to the Company's prior written approval.
- 4.4 **Time of performance is of the essence.** If, at any time during the term of the Agreement, except for delays occurring pursuant to Section 21.0, in the opinion of the Company the Contractor does not meet the schedule, the Company may for each incident of delay, at no additional cost to the Company, at its sole option, in addition to any other rights it may have:
- 4.4.1 Require the Contractor to get back on schedule by working additional shifts and/or additional days and/or increasing its manpower, supervision, tools, and/or equipment; and/or
  - 4.4.2 Treat such failure as a material breach and repudiate and terminate the Agreement in accordance with Section 18.1 and collect damages; and/or
  - 4.4.3 Require the Contractor to pay the Company liquidated damages, as may be provided for in the Agreement, provided, however, once the Company elects liquidated damages for an incident of delay its right to invoke the remedies under 4.4.1 or 4.4.2 for such delay shall be extinguished.
- 4.5 Any failure by the Company to invoke any of the provisions of Section 4.4 shall not constitute a waiver of its right to subsequently invoke such provisions or its entitlement to any other damages provided for elsewhere in this Agreement.
- 4.6 No request for extension of time for completion of the Work, or any other change to an approved schedule, shall be granted to the Contractor unless in a writing signed by the Company and except as provided in Sections 21.0, 14.0, and 19.0.
- 4.7 Notwithstanding the foregoing, if the Contractor incurs delays and believes that changes in the Project or changed conditions beyond the Contractor's control are the cause of the delay, the Contractor shall provide prompt written notice to the Company in the manner set forth in Section 14.3 of the changes or changed conditions that it believes justify excusing the Contractor from meeting the schedule. If the Company agrees with the Contractor, the Company will, in accordance with Section 14.3, approve an extension of time for completion of the Work. Such extensions of time however shall not include any additional payment for extended overhead.
- 4.8 If the Contractor is delayed by any act or omission by the Company, or by interference by a public authority, or strikes or injunctions, none of which are caused, instituted, or provoked by the Contractor or by any Subcontractor, agent or representative of the Contractor, and if the Contractor cannot with reasonable diligence, due to such act or omission, interference, strike or injunction, make up for such delay or delays, then the specified date or dates for completion of the work or services or the portion or portions thereof so delayed will be extended by the Company by the amount of time for such delay as determined by the Contract Administrator. Notwithstanding the foregoing, no periods of such delay will be deemed to begin until written notice thereof has been given by the Contractor to the Company. If the Contractor cannot make up for such delay by applying reasonable diligence and speed, then the Contractor may receive compensation for such delay, if appropriate. The Contract Administrator shall determine the time period covered by the delay and the amount of compensation payable to the Contractor.
- 4.9 When necessary to accommodate the Company's operating requirements, the Company shall have the option to order any portion of the Project performed at times other than normal working hours or on weekends or holidays, in which event extra costs, if any, for such work shall be paid to the Contractor in accordance with Section 14.5.

## **5.0 PERMITS AND LICENSES**

- 5.1 Permits and licenses of a temporary nature necessary for the prosecution of the Work shall be secured and paid for by the Contractor. Unless otherwise specified, permits, licenses and easements for permanent structures or permanent changes in existing facilities shall be secured and paid for by the Company. In either case the Contractor shall be responsible for prosecuting the Work in accordance with the provisions of all applicable permits and licenses.
- 5.2 The Contractor shall maintain all permits and licenses required and necessary to complete the Work so that it complies with all applicable laws, rules, regulations, requirements, orders, directives, ordinances, codes and standards of all Federal, state, and local governmental agencies having jurisdiction over the Company and its Affiliates, the Contractor, the Subcontractors, or the Project, whether the same are in force at the execution of this Agreement or may in the future be passed, enacted or directed.
- 5.3 The Contractor shall not enter into negotiations with any governmental authority or agency for acceptance of variations from or revisions to safety or health, or air, water or noise pollution laws or regulations relating to the Agreement or to the performance thereof, without the Company's prior written consent.

Deliveries shall be made between the hours of 7:00 a.m. and 2:00 p.m., Monday through Friday, unless otherwise arranged with the Field Representative or otherwise specified in the Agreement. The Contractor shall bear the cost of all packaging and shipment of equipment and material to the Site, of all unloading, storage, protection and installation of equipment and material at the Site, and of any insurance on the equipment prior to Final Acceptance by the Company, regardless of whether title has passed to the Company.
- 6.2 The Contractor warrants and shall take all action necessary to ensure that all Goods are delivered to the Company with good, clear and marketable title, free from any defects, liens, encumbrances and claims of any kind, and shall indemnify and hold harmless the Indemnified Parties and warrant and defend title against any claims or demands of third parties; and shall take such action at the Contractor's sole expense as may be necessary to discharge any defect in title, or lien or encumbrance on the Goods. Unless otherwise specified in the Agreement, title to Goods furnished hereunder shall pass to the Company upon delivery thereof F.O.B. Destination. Passage of title shall not be construed to impair any rights which the Company may otherwise have to recover damages or reject equipment which does not meet the requirements of the Agreement.

## **7.0 RISK OF LOSS**

- 7.1 Risk of loss or damage to the Work shall remain with the Contractor until Final Acceptance by the Company, regardless of whether title has passed. The Contractor shall bear the risk of loss or damage to any Work during its repair, replacement, or cure if the Contractor is responsible for such repair, replacement or cure.
- 7.2 The Contractor shall be solely responsible for storage and protection of equipment and material (whether furnished by the Company or the Contractor) against deterioration or damage from any cause, vandalism, and theft until Final Acceptance. ## 8.0 WARRANTY/REMEDY

- 8.1 The Contractor warrants that it is aware of the purpose for which the Work is being used and that its Work shall be suitable for such purpose. In addition to all other warranties, express or implied in fact or law, the Contractor warrants: 1) all Work shall conform to all requirements of the Agreement, including the Drawings and Specification, and any Supplemental Conditions or change orders, 2) if not otherwise specified, all Work shall be consistent with industry standards for the Goods and Services specified and the intended use by the Company; 3) all Goods shall be merchantable and new and be of size, capability and material sufficient to meet the Company's specifications in all respects, or as agreed to by the Company; 4) all Services shall be performed by qualified, competent, and experienced personnel, and in accordance with the highest standards of care, skill, and diligence, and consistent with recognized and sound engineering and construction practices and procedures, 5) that all Work shall be free from defects in design, workmanship, and materials of any kind, for a period of 12 months from the date placed in service or 24 months from the date of receipt, whichever is later; 6) no Work shall infringe or violate the intellectual property rights of any third party, or violate any agreement or confidentiality obligation by which the Contractor may be bound; 7) all Goods shall be free of all liens, claims and other restrictions on the Company's receipt, ownership and use thereof, and 8) all equipment shall be installed to meet current OSHA regulations. Items of materials, equipment or otherwise shall not be substituted for those specified, nor shall "or equal" items be furnished pursuant to the Agreement without the Company's prior written approval. The Company's decision on item equality shall be final and binding.
- 8.2 If the Work provided by the Contractor or its Subcontractors fails to conform to the warranties set forth above, in addition to all other remedies available at law or equity, the Contractor shall, at its sole expense and at the Company's option, promptly: 1) repair or replace the nonconforming Work; 2) refund the amount of money paid by the Company for such nonconforming Work; or 3) reimburse the Company for the cost of repairing, or replacing the nonconforming Work or having the nonconforming Work repaired or replaced by a third party. The Company may require the Contractor to use overtime work at no cost to the Company if such additional effort will shorten the time the Work is nonconforming. All warranty Work performed by the Contractor shall be scheduled by and at times acceptable to the Company. If any warranty Work is provided, the Contractor's warranties shall recommence upon the Company's acceptance of such repaired Work and shall be in effect for the duration of the warranty period or for 24 months after completion of the warranty Work, whichever is later. The terms of this section shall survive termination of the Agreement and shall survive delivery, inspection, tests, acceptance and use of the Work.
- 8.3 In addition to all remedies permitted by law, the Company reserves the right to reject and return to the Contractor for full credit and at the Contractor's expense, all over-shipments and all Work that does not conform to the Company's specifications or requirements. Further, the Company may, at its option, and without limiting its other rights, cancel all or any unfilled part of the Agreement if conforming deliveries are not made within the time specified. The Company reserves the right to charge the Contractor, and the Contractor shall be liable for any loss or expense incurred as the result of the Contractor's failure to make timely delivery. The acceptance of any late delivery shall not constitute waiver to reject subsequent deliveries not made as originally scheduled.
- 8.4 The Contractor shall obtain from each Subcontractor, and extend to the Company for its benefit, warranties for all Work performed or supplied by such Subcontractor, substantially identical to the warranties the Contractor is required to provide hereunder. Any such warranties shall be in addition to and shall not be limited by or themselves limit, the warranties of the Contractor otherwise provided in the Agreement. The Contractor shall deliver to the Company copies of any Subcontractor's warranties.
- 8.5 Company may be required by a relevant state Department of Transportation or other authority to produce certifications regarding the origin and manufacturing of certain products covered by the Buy America requirements of 23 U.S.C. § 313 (the "Buy America Requirements"), in the event such products are used in a project eligible for federal highway funding. In the event that Company notifies Contractor that Goods to be provided hereunder are subject to the Buy American Requirements, Contractor represents and warrants that all relevant Goods shall be compliant with the Buy America Requirements, and Contractor shall, upon request, produce a certification, signed by an officer of the Contractor, to that effect, stating that "all manufacturing processes for these steel and iron materials, including the application of coatings (unless granted a waiver pursuant to 23 CFR § 635.410), have occurred in the United States."
- 8.6 In the event that Company notifies Contractor that a particular order is subject to the Buy America Requirements as part of the RFP or ordering process for such Work, or otherwise prior to receiving a price

quotation, Contractor agrees that all quoted pricing shall be inclusive of any cost to comply with the Buy America Requirements. In the event that Company notifies Contractor of the applicability of the Buy America Requirements subsequent to receiving a quotation, and such Buy America Requirements increase Contractor's costs, Contractor shall notify Company of such increase, and Company may, at its discretion: (a) require Contractor to comply with the Buy America Requirements and adjust the contract price to address such increased costs, or (b) request that the relevant state Department of Transportation or other authority petition the Federal Highway Administration for a waiver of such requirement, in which case the Contractor shall reasonably cooperate in making such petition.

## **9.0 PRICE/PAYMENT**

- 9.1 The Company will compensate the Contractor for Work provided on the basis of prices stated in the Agreement.
- 9.2 Standard payment terms are "2% 10, Net 30." The Company shall pay all invoices, less monies withheld under Section 9.8, not more than 30 days after receipt by Company's Accounts Payable Department of a proper invoice and any required supporting documentation, subject to the Company's right to contest, in good faith, all or any part of the charges set forth therein. If the Massachusetts Prompt Payment Act applies to this Agreement, invoices shall be approved or rejected within 15 days of submission by Contractor. Payment shall not relieve the Contractor from any responsibilities or obligations under the Agreement, nor shall the Company's payment constitute acceptance or a waiver of any claim arising hereunder. No payment made hereunder, except for the final payment, shall be considered as acceptance of any Work. All payments shall be subject to correction or adjustment in subsequent payments.
- 9.3 Company reserves the right to utilize a variety of payment channels, including but not limited to Virtual Card, ACH, Ghost Cards and P-Cards. Contractor agrees that it will not impose a surcharge on Company's payment. Contractor shall ensure that with respect to credit card acceptance, it is in compliance with applicable law, and the rules set forth by the respective credit card network. Where applicable, Contractor shall provide Company with proof of its compliance with the Payment Card Industry Data Security Standard ("PCI DSS") and/or any related applicable requirements set forth by the PCI Security Standards Council (Ghost Cards only).
- 9.4 The Company reserves the right to determine and choose the most economical freight mode of transportation. In cases where freight is added as a line item to an invoice or otherwise, the Company will not accept markups of any form on the freight portion of an invoice. All freight must be invoiced at the Contractor's cost. The Company reserves the right to require the Contractor to secure, at the Contractor's expense, original freight invoices for verification of the freight charges added to an invoice. The Company reserves the right to withhold payment on all invoices where freight discrepancies occur, or the Contractor fails to supply validation of freight charges.
- 9.5 The Company will not accept any restocking charges for the following returns to the Contractor: (1) defective materials, (2) over shipments, (3) material not as specified, (4) materials not requested, (5) shipments made to other than stipulated location, or (6) unauthorized delivery in advance of specified dates.
- 9.6 The Contractor shall submit invoice(s) in accordance with the Agreement. Each invoice shall reference the Company's Purchase Order Number. Such invoice(s) shall include cost breakdowns and unit quantities as specified by the Company. If required by the Company, the Contractor shall submit a completed and properly executed Partial Lien Release, as set forth in the Agreement, with each invoice, for the Work included in such invoice.
- 9.7 In addition to the specific requirements for each payment, the Contractor's submittal of an invoice shall represent a certification by the Contractor that it has complied with all relevant terms of the Agreement, including, without limitation: (a) the quality assurance requirements set forth in Section 10.1; (b) all scheduling requirements set forth in Section 4.0; (c) the Safety Requirements set forth in Section 16.0; and (d) all environmental requirements set forth in Section 41.0.
- 9.8 Ten percent of each invoice (or five percent of each invoice, in the case of projects within Massachusetts with an original contract price of \$3,000,000 or more) shall be retained by the Company until Final Acceptance by the Company. Prior to Final Acceptance, Contractor shall submit an invoice to Company for the retention and any other amounts owed, along with an affidavit affirming that all Subcontractors have been fully paid and that neither Contractor nor any Subcontractor has any liens against Company in relation to the Agreement.

- 9.9 The Company shall, without waiver or limitation of any rights or remedies, be entitled from time to time to deduct from any amounts due or owing the Contractor under the Agreement any and all amounts owed by the Contractor to the Company or a Company Affiliate, whether or not in connection with the Agreement. The Company shall not be required to provide any written statement to Contractor in respect of any disapproved invoice or other request for payment. Notwithstanding the foregoing, if the Agreement is subject to the Massachusetts Prompt Payment Act, any full or partial rejection of an invoice shall be made in writing and include (a) the factual and contractual basis for the rejection and (b) a certification that the rejection is made in good faith. No interest shall accrue on any payment due to Contractor in accordance with this Agreement or any portion of retainage that is not timely released to Contractor in accordance with this Agreement.
- 9.10 Unless otherwise specified in the Agreement, the Contractor shall submit all invoices for executed Services and delivered Goods at the start of each month for any such Work carried out during the preceding month. If Contractor fails to invoice Company for any amount within six (6) months of the later of (i) the month in which the Work in question is rendered or the expense incurred, or (ii) the date the Contractor has the right to issue an invoice to Company for payment, the Contractor shall be deemed to have waived any right it may otherwise have to invoice for and collect such amount.

## 10.0 TAXES

- 10.1 The Contract Price shall include any applicable sales, use and similar taxes, unless otherwise provided for in the Agreement, including sales and use tax that will be paid by the Contractor for Goods, materials, and equipment used in the Work, and for which the Contractor is unable to claim exemption. Where no exemption applies, it is the Contractor's responsibility to include in their material and equipment pricing as part of their Contract Price, the Sales and Use taxes they will be required to pay the State in which the Project is located. All Sales and Use tax to be paid by the Contractor for Goods, materials, or equipment used in the Work will thereby become a direct pass through to the Company, with no additional overheads added to the tax. Also, the tax amount will be based strictly on the Contractor's net cost (out of pocket or supplier invoice value of the Goods, material or equipment before any mark-up is applied). Under no circumstances is the Contractor to claim exemption, or later make claim against the company for unpaid tax due to failure to account for tax in their cost of materials charged to the company, and all Contractor invoices are to include the statement: "The contractor has paid all applicable [name of State where project is located] taxes on materials used for this construction/EPC/capital improvement project." The Company shall not be responsible for any Federal, state, and/or local, personal property, license, privilege, or other like taxes owed by the Contractor, which may now or hereafter be applicable to the transactions between the Contractor and the Company under the Agreement.
- 10.2 In any State where the Contractor may apply for Sales and Use Tax exemption, they are expected to do so, and maintain records of the exemptions taken, thereby eliminating any need to "pass through" the cost of such taxes to the Company. For example, in the Commonwealth of Massachusetts the Contractor is expected, as applicable, to complete an ST-12 Exempt Certificate that will certify that "The materials, tools or fuel will be consumed and used directly and exclusively in, or The machinery, and/or replacement parts thereof, will be used directly and exclusively in furnishing gas, water, steam or electricity when delivered to consumers through mains, lines or pipes." In New York State Contractors are to use Form ST-120.1 to reduce the amount of sales tax as applicable.
- 10.3 The Contractor shall be responsible to pay all applicable Sales and Use Taxes for which they are not exempt. Contractor is advised that access to a National Grid Direct Pay Permit (DPP) for any jurisdiction or State in which a National Grid Construction, Capital Improvement, or Engineering, Procurement, Construction (EPC) project is being built by the Contractor, **does not** provide any exemption for the Contractor with respect to their responsibility to pay Sales and Use Tax on materials or equipment that the Contractor purchases or rents for the Project. For the States in which National Grid operates; i.e. New York, Massachusetts, and Rhode Island, the construction Contractor, not National Grid, is considered the end user of goods and materials that become a permanent part of the capital asset being constructed and is therefore responsible for all Sales Tax.
- 10.3.1 For Projects in New York, Massachusetts, and Rhode Island, the correct National Grid Subsidiary Company DPP may be used by any retail company or contractor acting as a retailer selling or transferring parts, materials, equipment, or renting equipment directly and outright, or as part of a service to National Grid, to release the retail company or contractor from the obligation to collect tax on the sale or rental of those items, since the DPP authorizes National Grid to self-assess these taxes and pay these taxes directly to the State.

10.3.1.1 In this instance the retail company or contractor selling the goods outright to National Grid must have the correct National Grid Direct Pay Permit for the applicable state in which the goods are being received, and for the correct National Grid Subsidiary purchasing the goods and ***shall not*** include Sales and Use Tax as a line item on their invoices to National Grid.

10.3.1.2 In the event that no Direct Pay Permit is available for the specific National Grid Subsidiary purchasing the goods, and the State in which the retail sale or service is being transacted, the retail company or contractor acting as a retailer ***shall*** include the Sales and Use Tax as a line item on their invoices to National Grid.

10.3.2 For all projects in the State of New York, the Construction/Capital Improvement/EPC Contractor may obtain from the Company a Form ST-124 Certificate of Capital Improvement with the 'Customer' portion of the form filled in and signed by the Company. This form provides evidence that the Contractor is not required to collect Sales and Use Tax from the Company for any materials used in the construction/capital improvement/EPC project providing they become a permanent part of the real property.

10.4 Contractor shall be accountable to understand and comply with each state's laws governing sales and use tax liability when fulfilling construction contracts. Accordingly, when Contractor is performing a construction contract in Massachusetts or Rhode Island and Contractor does not maintain a permanent and registered place of business in the applicable state, Contractor shall comply with the regulatory requirements for the applicable state: a) Provide a surety bond to cover all potential state tax liabilities related to the construction contract to the satisfaction of the applicable taxing authority; or b) Company will withhold from each payment to Contractor the percent, as determined by applicable state regulation, for the purpose of covering applicable state tax liability. Said withholding will be released to Contractor after the completion of the contract, only after review and certification by the applicable taxing authority that no further state taxes are due. Taxes due by a non-resident contractor that have not been paid by the non-resident contractor when due and that are instead collected by the taxing authority of the applicable state from National Grid, are non-recoverable by the Contractor.

10.5 The Contractor shall pay or cause to be paid all taxes and employer contributions imposed by present and future Federal, state, and local laws with respect to compensation of employees of the Contractor and all interest and penalties payable under such laws as a result of noncompliance therewith, and the Contractor shall indemnify and hold harmless the Indemnified Parties from and against any and all claims, liabilities and expenses with respect to the foregoing by its employees or the applicable taxing authority.

## **11.0 INSPECTION AND QUALITY ASSURANCE**

11.1 The Contractor shall inspect all Work and make or cause to be made all tests required by the Agreement.

11.2 All work will be subject to the Contract Administrator's inspection, direction, and approval. The Contractor agrees to furnish all the information pertaining to the Work as the Contract Administrator may require.

11.3 The Company shall have the right to inspect any Work covered by the Agreement and, at no cost to the Company, the right to inspect and/or audit any of the Contractor's or its Subcontractors' inspection records and associated costs pertaining to the Agreement. Such audits may be performed by either or both the Company's employees or professional auditing firms chosen by the Company. In the event the Work or associated costs are found to be deficient or not in accordance with the Agreement, the Company shall be entitled to seek reimbursement for such audit costs.

11.4 The Company shall advise the Contractor of errors, or variations from the requirements of the Agreement, and of defects in the Work, but it is expressly agreed that any omission on the Company's part to advise the Contractor of any such errors, variations, or defects or to provide any instructions or explanations shall not give the Contractor any right or claim against the Company, and shall not in any way relieve the Contractor from its obligation to provide the Work in accordance with the Agreement.

11.5 At any time during the term of the Agreement, the Company or its designated representative shall be entitled to: (1) conduct and/or witness any test required by the Agreement; (2) otherwise inspect, witness and/or test the Work; (3) review the Contractor's and Subcontractor's procedures and documents pertaining to inspection, testing or witnessing of tests; and (4) review the Contractor's and Subcontractor's documents pertaining to the Work. For such purposes the Company and its representatives shall be provided access to

- the Contractor's or Subcontractors' facilities or Work, when and in such manner as the Company may require. In the event the Contractor employs Subcontractors for any part of the Work, the Contractor shall require Subcontractors to comply with the provisions of this Section 11.5.
- 11.6 The Contractor shall provide and maintain an examination, inspection and testing system acceptable to the Company as required by the Agreement. The Contractor shall submit to the Company the results of all such examinations, tests and inspections and shall maintain records of the same and make them available to the Company.
- 11.7 In addition to any notice requirements otherwise set forth in the Agreement, the Contractor shall give the Company (a) five days prior written notice of any tests and inspections required by the Agreement, the Company or its representatives' instructions, laws, regulations or ordinances to be witnessed or approved by the Company, (b) timely notice of all other tests and inspections, and (c) 48 hours additional notice prior to actual performance of any test or inspection. Inspections by the Company shall be made promptly, and where practicable at the source of supply. If such Work should be covered up without approval or consent of the Company, the Work shall, if required by the Company, be uncovered for examination and properly restored at the Contractor's expense.
- 11.8 In all cases other than those specified in Section 11.7, if the Company requests Work to be uncovered for re-examination, the Contractor shall so comply. If such Work is found to be in accordance with the Agreement, the Company shall pay the cost of re-examination and replacement. If such Work is not in accordance with the Agreement, the Contractor shall pay such cost. If the Company is required to reimburse the Contractor for this Work, it shall be on the basis of Section 14.5.
- 11.9 All testing and inspections required under the Agreement shall be done in accordance with the Agreement. The Company may perform technical inspection of the Work as may be set forth more fully in the Specification. The Field Representative shall have authority to reject all Work and materials which do not conform to the Agreement and respond to questions which arise in the execution of the Work.
- 11.10 Neither the Company's nor its representative's inspection or testing, or witnessing of tests or inspections of the Work nor its failure to perform, require or approve tests or inspections shall (1) affect the warranties and guarantees of the Contractor, (2) relieve the Contractor from any responsibility or liability with respect to workmanship, materials or equipment, (3) constitute an acceptance of the Work by the Company or an agreement by the Company that the Work meets specified requirements, (4) impair the Company's right to reject nonconforming or defective Work, (5) constitute a waiver by the Company of any rights under the Agreement, or (6) relieve the Contractor of any of its obligations under the Agreement, notwithstanding the Company's opportunity to inspect the Work, the Company's knowledge of the nonconformance or defect, or the Company's failure to earlier reject the Work.
- 11.11 The Company shall have the right to inspect all materials, supplies, and equipment that are to be incorporated in the Project and make or cause to be made all tests required by the Agreement. The making of such inspections and tests by the Company shall not relieve the Contractor of its responsibility for inspection and testing.
- 11.12 If the Company determines that any Work has not satisfactorily passed any test or inspection or does not meet the requirements of the Agreement or that the Contractor has not conducted or has improperly conducted any required test or inspection, the Company shall have the right, in addition to any other rights set forth in the Agreement, to (1) reject the Work and (2) stop the Work in accordance with Section 18.1.
- 11.13 The Company reserves the right to inspect all Work prior to shipment. The Contractor shall notify the Company in writing of all shipments not less than ten Days prior to the date of shipment.
- 11.14 The Contractor shall maintain a formal quality assurance program throughout the duration of the Work. The quality assurance program shall provide continual inspection of construction operations and shall include coordination of the various trades involved in the Work.
- 11.15 The Company shall have the right at any time during the term of the Agreement to review the Contractor's quality assurance program and to have the Contractor's Work tested and inspected by a third party. If such Work is found to be in accordance with the Agreement, the Company shall pay the cost of re-examination and replacement. If such Work is not in accordance with the Agreement, the Contractor shall pay such cost.

- 11.16 The Company shall have the right at any time during the term of the Agreement to require the Contractor to remove and/or correct any Work at the Contractor's expense that is not performed in compliance with the Contractor's quality assurance program.
- 11.17 The Contractor shall retain all quality assurance documents, including but not limited to nondestructive examination records and testing records for the term of the Agreement. Upon Final Acceptance, termination, cancellation, expiration or as may be otherwise required by the Agreement, or sooner if requested by the Company, the Contractor shall submit copies of all such documents to the Company.
- 11.18 The Contractor shall designate a quality control representative who shall be responsible for the administration and performance of the quality assurance program. This person shall be authorized to stop the Work or any portion thereof without fear of retribution.

## **12.0 FINAL INSPECTION/ACCEPTANCE/PAYMENT**

- 12.1 Upon receipt of written notice from the Contractor that the Work is completed and ready for final inspection and acceptance, the Company shall inspect the Work and determine if the Work has been fully performed in accordance with the terms and conditions of the Agreement.
- 12.2 If the Company determines the Work is not complete, its written notice of rejection shall include a list of items that the Contractor shall finish in order for the Work to be complete under the terms and conditions of the Agreement. The Contractor shall within two Days of such notice provide for the Company's review and approval a schedule detailing when all defects will be corrected and/or the Work completed. Upon approval by the Company, the Contractor shall remedy such defective and incomplete portions of the Work. The steps in Sections 12.1 and this Section 12.2 shall be repeated until the Company accepts the Work as complete and so notifies the Contractor of its acceptance.
- 12.3 Upon acceptance, the Contractor shall deliver to the Company a complete set of as-built drawings, and shall satisfy the Company through the execution and filing with the Company of the Release and Agreement form, as set forth in the Agreement, that all bills for labor, materials, licenses, taxes and other expenses and claims for which the Company might be sued or for which a lien might be filed on account of the Agreement have been fully satisfied. Upon the Company's acceptance of the Work and the Contractor's satisfactory fulfillment of the requirements of this Section 12.3 and Section 33.3, the Company will notify the Contractor of its Final Acceptance of the Work.
- 12.4 Upon Final Acceptance, final payment, including money retained in accordance with Section 9.8, will be made.
- 12.5 Acceptance of the final payment shall constitute a waiver of all claims by the Contractor.
- 12.6 Final payment shall not relieve the Contractor of any warranty, guarantee or other continuing obligations under the Agreement.

## **13.0 WITHHOLDING PAYMENT**

- 13.1 The Company may withhold payment (in such amount as is deemed necessary by the Company, in the Company's sole judgment and discretion), in whole or in part, to the extent and for the time reasonably necessary, in the Company's sole judgment and discretion, to protect the Company from loss caused by, but not limited to:
  - 13.1.1 Defective Work not remedied;
  - 13.1.2 Claims filed or reasonable evidence indicating probable filing of claims against the Company or by the Company or other parties against the Contractor;
  - 13.1.3 Failure of the Contractor or Subcontractors (of any tier) to make payments properly to Subcontractors (of any tier) or for material or labor or for any taxes due;
  - 13.1.4 Damage to another contractor;
  - 13.1.5 Removal and replacement of condemned Work and/or material;
  - 13.1.6 Incomplete documentation;
  - 13.1.7 Inadequate insurance coverage;

- 13.1.8 Disputed Work;
  - 13.1.9 Environmental damage caused by or exacerbated by Contractor or any Subcontractor;
  - 13.1.10 Bonding of a Contractor lien;
  - 13.1.11 Failure of the Contractor or any Subcontractors to properly clean up the Site;
  - 13.1.12 Damage to utilities caused by Contractor or any Subcontractor;
  - 13.1.13 Damage to public or private property caused by Contractor or any Subcontractor; and
  - 13.1.14 Liquidated damages assessed to the Contractor.
- 13.2 When the above grounds are removed or the Contractor provides a surety bond satisfactory to the Company which protects the Company in the amount withheld, payment shall be made within 30 days thereafter to the Contractor for the amount withheld.
- 13.3 In addition to the right to delay payment as set forth above, the Company shall have the right to require that the Contractor shall, in any event, take all necessary steps, at its sole cost and expense, to cause any lien filed against the Company's or its Affiliates' property to be satisfied on the record within ten days from the Company's notice that such lien has been filed.

## **14.0 CHANGES TO WORK SCOPE/AGREEMENT CHANGES**

- 14.1 No additions to, deletions from, or alterations in the Work and no amendment or repeal of, and no substitution for any terms, conditions, provisions or requirements of the Agreement shall be made unless first authorized in writing by the Company. No oral changes in the Agreement shall be recognized by the Company unless in accordance with Section 26.2.
- 14.2 The Company may at any time make additions to or deletions from or changes in the Project and/or Work, including changes to the Specification, Drawings or the schedule. If a Company-directed change will add to or deduct from the Contractor's cost of the Work or affect the schedule the Contractor shall notify the Company in writing within five Days of receipt of such Company-directed change and provide a written estimate of such cost and/or schedule modifications and, if the Company approves a cost and/or a schedule modification for the Company-directed change, the Agreement will be adjusted accordingly. Any claim for an extension in the schedule caused by a Company-directed change shall be adjusted at the time of directing such change and the value of any such change shall be determined as provided in Section 14.5.
- 14.3 If the Contractor desires a change in the Work necessary to complete the Work or believes that any order, instruction, request, clarification or interpretation of the Company, or its representatives or compliance with any laws, orders or regulations, constitutes a substantial change in the Work, the Contractor shall submit, to the Company, prior to performance of any such Work, and within five Days of receipt or discovery thereof, a written change claim specifying the nature of the change, any increase or decrease in the cost of performing the Work, and any resulting adjustment in the schedule. Within 30 Days of receipt of such change claim, the Company shall determine whether the change claim constitutes a change in the Work and if so to what extent the Agreement should be modified. The Company shall then notify the Contractor, in writing, of its decision. Any change in the schedule resulting from the change claim shall be specified in the Company's notice and any change in price shall be determined by the Company in accordance with Section 14.5. Notwithstanding anything to the contrary in the foregoing, if the Massachusetts Prompt Payment Act applies to this Agreement, any change order invoices shall be approved or rejected by the Company within 30 days of of the Contractor submitting them, and any full or partial rejection of a change order invoice shall be made in writing and include (a) the factual and contractual basis for the rejection and (b) a certification that the rejection is made in good faith.
- 14.4 The Company may require the Contractor to proceed with Work which is the subject of a Company-directed change or a Contractor change claim prior to the Company's consent to any change in the price or schedule, in which event the Company shall so notify the Contractor in writing, and the Contractor shall then proceed with the Work, and keep an accurate account as required under Section 14.5(c), including but not limited to, submittal to the Field Representative by 10:00 a.m. of the next Day worked, of an accurate daily account of the cost and time thereof for each Day worked on each Company-directed change or Contractor change claim, and the Contractor and the Company shall then negotiate in good faith with respect to such change.

- 14.5 If the Company authorizes a change in the Work as set forth in this Section 14.0 which adds to or decreases the cost of the Work, the Contractor shall proceed with the Work as changed, and the Company shall, in its sole discretion, adjust the price by (a) a mutually agreed upon lump sum or unit price, (b) a unit price as set forth in the Agreement or, (c) in accordance with the following:
- 14.5.1 Reimbursement for all labor will be based on the actual direct verifiable amount of time incurred in performing the changes, at the labor rates set forth in the Agreement, which labor rates include all indirect and overhead expenses, including, but not limited to, field supervision, an allowance for small tools and equipment with a value less than \$1,500.00, and an allowance for new, and light duty vehicles up to 1.5 tons gross weight, and such items shall not be separately charged.
  - 14.5.2 Labor not anticipated by or itemized in the Agreement shall not be utilized by Contractor without the Company's prior written approval.
  - 14.5.3 The labor rates payable for an individual shall be reduced for each individual when that individual reaches the maximum annual FICA, FUI and SUI contribution limits;
  - 14.5.4 Except as otherwise provided in Section 14.5.1, reimbursement for the Contractor-owned tools and equipment not already employed at the Site (unless reimbursement is otherwise authorized by the Company), will be based on the actual verifiable amount of time incurred in performing the changes, at the equipment rates set forth in the Agreement, which equipment rates include costs for fuel, oil, grease, repair, parts, taxes, insurance, service and maintenance of any kind and all necessary attachments, overheads and profit and such items shall not be separately charged.
  - 14.5.5 Reimbursement shall not be allowed for any equipment or tools with a new cost of the equivalent of one thousand five hundred Dollars (\$1,500.00) or less, each.
  - 14.5.6 Contractor owned or purchased equipment not anticipated by or itemized in the Agreement shall not be utilized by Contractor without the Company's prior written approval, and the rate for such equipment shall in no event exceed the rates published in the most current "Rental Rate Blue Book for Construction Equipment" then in effect for the same or like equipment;
  - 14.5.7 Reimbursement for rental of equipment, not set forth in the Agreement, will be based on the actual verifiable cost for rental and necessary attachments, to the extent actually incurred in performing changes, plus, if applicable, the hourly operating cost, less operator and any assistants included in labor rates as set forth in Section 14.5.1. The rental rates shall in no event exceed the rates published in the then-most-current "Rental Rate Blue Book for Construction Equipment". Reimbursement shall not be allowed for any equipment or tools with a new cost of the equivalent of one thousand Dollars five hundred (\$1,500.00) or less, each.;
  - 14.5.8 Reimbursement for all Subcontractors, subject to the Company's prior authorization to subcontract in each specific instance of change, will be based on costs actually and reasonably incurred in performing changes. Applicable Subcontractor costs shall be subject to the same terms and conditions set forth in Sections 14.5.1 through 14.5.7, and 14.5.9 and 14.5.10, unless otherwise agreed to by the Company;
  - 14.5.9 Reimbursement for the actual verifiable net (no mark-ups) cost of materials directly purchased in support of the changed Work as authorized by the Company.
  - 14.5.10 In the event that the Contractor is to be paid pursuant to Sections 14.5.1 through 14.5.9, the Contractor shall, on a daily basis, furnish the Field Representative with Daily Work Reports (in a format acceptable to the Company) which briefly describe the Work rendered during the preceding Day and which are itemized to reflect: the names of all the Contractor's and the Subcontractor's personnel who performed Work under this Section 14.5(c), their rate per hour, the individual and total number of hours worked, and the total labor cost for the Day; equipment used, its rate per hour, the individual and total hours worked and the total equipment costs for the Day; and quantity(ies) of the Contractor furnished material(s) received and consumed for the Day, and the cost thereof if requested by the Company. All labor hours, equipment hours and material quantities shall be verified by signature of the Field Representative. A duplicate of the original signed Daily Work Report and receipts and invoices for the Contractor furnished materials, rented equipment and Subcontractors shall accompany all invoices which the Contractor presents for payment.
- 14.6 If the Company authorizes a change in the Work which decreases the amount and cost of the Work, such decrease shall not constitute basis for a claim by the Contractor for any loss or damages including anticipated profit.

- 14.7 The Company shall not accept any changes submitted by the Contractor pursuant to this Section 14.0 after final payment.
- 14.8 All additional Work shall be performed in accordance with the terms and conditions of the Agreement unless otherwise specified.

## **15.0 CHANGED CONDITIONS**

- 15.1 The Contractor shall promptly, and before such conditions are disturbed, give the Field Representative written notice in accordance with Section 14.3 of subsurface or latent physical conditions at the Site differing materially from those indicated in the Agreement. The Company shall promptly investigate the conditions, and if it finds that the Company bears the risk under the terms of the Agreement of such unanticipated conditions and that such conditions do so materially differ and cause an increase or decrease in the cost of, or the time required for, performance of the Agreement, an equitable adjustment shall be made in accordance with Section 14.0. Any claim of the Contractor for adjustment hereunder shall not be allowed unless it has given notice as above required and before such conditions are disturbed.

## **16.0 SAFETY**

- 16.1 The Contractor shall be solely responsible and assume all liability for the safety and supervision of its employees and other persons engaged in the Work or on the Site. The Contractor shall establish and effectively and continuously implement a safety program that includes both occupational and process safety as applicable. The Contractor shall, and shall require its Subcontractors and their employees to comply with all applicable Federal, state and local safety directives, requirements, rules, regulations, laws and ordinances, whether the same are in force upon the execution of the Agreement or may in the future be passed, enacted or directed, including without limitation, compliance with the safety regulations and standards adopted under the Occupational Safety and Health Act of 1970 (OSHA), as amended from time to time. The Contractor shall continually inspect the Project and supervise its personnel to determine and enforce compliance with the above provisions.
- 16.2 The Contractor shall, and shall require its Subcontractors and their employees to comply with the Company's Safety and applicable Process Safety Requirements and all established Project safety rules as they may be amended from time to time and to take all necessary safety and other precautions to protect property and persons from damage or injury arising out of performance on the Project, whether the same are in force at the execution of this Agreement or may in the future be passed, enacted or directed.
- 16.3 The Contractor shall provide adequate safeguards, safety devices and protective equipment and enforce their use and take any other needed actions to protect the life, health and safety of the public and to protect property in connection with its performance on the Project.
- 16.4 The Contractor shall be responsible for providing adequate fire protection, shall take all necessary measures to prevent fire from occurring at the Site, and shall be responsible for all fires associated with or affecting the Work. The Contractor shall comply with the good practices recommended in National Fire Prevention Association Standard 241 and other national consensus standards for fire safety on construction projects.
- 16.5 The Contractor shall at its sole expense provide adequate first aid facilities and shall make those facilities available for the treatment of persons who may be injured or become ill at the Site or while engaged in the performance of Work.
- 16.6 In the event that the Contractor breaches or violates (a) the terms of this Section 16.0, (b) the requirements in the Contractor Safety Requirements, or (c) any applicable Federal, state or local safety directives, requirements, rules, regulations, laws or ordinances, including without limitation, compliance with the safety regulations and standards adopted under the Occupational Safety and Health Act of 1970 (OSHA) (collectively, the "Safety Requirements"), National Grid may, in its sole discretion:
- 16.6.1 Interrupt, suspend or delay the Project pursuant to Section 19.0; and/or
  - 16.6.2 Require the Contractor to implement a corrective action plan pursuant to the Contractor Safety Requirements; or
  - 16.6.3 terminate the Agreement for cause, pursuant to Sections 18.1 hereunder.

## 17.0 SURVEYS

- 17.1 If specified, the Company will furnish the primary control to be used for establishing lines and grades required for the Work. The Contractor shall preserve all monuments, benchmarks, reference points and stakes. From the information provided by the Company, the Contractor shall develop and make all detail surveys needed for the performance of the Work.

## 18.0 TERM/TERMINATION

- 18.1 Termination for Cause.
- 18.1.1 If, during the term of the Agreement, the Company notifies the Contractor that any part of the Work is defective or deficient or not in accordance with any provision of the Agreement, regardless of the stage of its completion or the time or place of discovery of such errors and regardless of whether the Company has previously accepted it, the Company may order the Contractor to stop performing the Work until such defect or default has been corrected at the Contractor's sole expense. If the Contractor does not correct the default or defect within ten Days of notice, the Company may suspend its performance until such defect or default is corrected, and/or removed and replaced at the Contractor's expense.
- 18.1.2 The Contractor shall, at its sole expense, promptly remove from the Project all Work condemned by the Company as failing to meet the requirements of the Agreement, whether incorporated in the Project or not. The Contractor shall, at its sole expense, promptly replace and re-execute the condemned Work in accordance with the Agreement and shall remedy and/or correct all portions of the Project damaged by such removal and/or correction, including the work of other contractors.
- 18.1.3 If the Contractor does not take action to remove such condemned Work within ten Days after written notice from the Company, the Company may remove such Work and store it at the Contractor's expense. If the Contractor does not pay the expense of such removal and storage within ten Days thereafter, the Company may, upon written notice, remove such Work, which cost shall be borne by the Contractor, or sell such Work at auction or at private sale and retain the proceeds.
- 18.1.4 If the Company corrects Work or has Work corrected that has been damaged or that was not done in accordance with the Agreement, the Company may deduct the cost from the price as determined under the Agreement or invoice the Contractor for such costs, at its sole option. If the Company elects to invoice the Contractor, the Contractor shall remit to the Company such invoiced amount within thirty days of the date of the invoice.
- 18.1.5 The Contractor shall not be entitled to an extension of time by reason of the Work being found defective, deficient or in any way not in accordance with the requirements of the Agreement.
- 18.1.6 Notwithstanding any other provision of the Agreement, if the Contractor: (1) fails to prosecute the Work with diligence or has fallen behind the schedule and if in the opinion of the Company, fails to take all necessary steps to remedy the Contractor's failure to comply with the terms of the schedule; (2) fails to make prompt payment when due to Subcontractors; (3) fails to comply with any of the terms or conditions of the Agreement; (4) sells or transfers all or substantially all of its assets without the Company's prior written consent; (5) enters into any voluntary or involuntary bankruptcy proceeding or receivership; (6) makes a general assignment for the benefit of its creditors; (7) experiences a labor dispute which threatens adversely to affect the progress or cost of the Project hereunder or the Company's operation; (8) abandons the Work; (9) loses control of the Work from any cause; (10) refuses or neglects to provide sufficient and properly skilled or other labor or sufficient materials of proper quality; (11) does not meet the Company's requirements of a passive dashboard grade in ISN, "C" or above, prior to the contract award and throughout the lifecycle of the contract, or (12) fails to comply with the Safety Requirements, or (13) directly or indirectly causes a disruption of the Project, or should its presence result in a disruption of the Project or the Company's operation, then the Company shall have the right, without prejudice to any other right or remedy to terminate the Agreement, in whole or part. Such termination shall be effective upon written notice to the Contractor setting forth (a) the date of the termination and (b) that the Contractor shall immediately discontinue the Work to the extent specified in such notice. The Company may exercise its right of partial termination under the Agreement any number of times.
- 18.1.7 In the event the Company terminates all or any part of the Agreement for cause, the Company may finish the Work or have the Work finished by a third party by whatever method it may deem

expedient. The Company shall not be required to obtain the lowest price for completion of the Work, but may make such reasonable expenditures as may best accomplish such completion; and the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price as determined under the Agreement exceeds the expense of finishing the Work, including compensation for additional managerial and administrative services and all other costs and expenses actually incurred by the Company as a direct result of the breach and termination, the Contractor hereby waives such excess. If such expenses exceed the unpaid balance, the Contractor shall pay the difference to the Company within 30 Days of the Company's notice thereof to the Contractor.

- 18.1.8 If all or any part of the Agreement is terminated for cause, the Company shall be entitled, at its option, to (a) retain any Work previously delivered to the Project or paid for by the Company, (b) require delivery of any Work and/or documents, regardless of their stage of completion which are in the Contractor's possession or control, (c) require the Contractor to assign to the Company all or any of the Contractor's rights with respect to orders or subcontracts which relate to the Project, (d) reject all or any of the Work, regardless of whether it has been delivered to the Project, (e) require the Contractor to cooperate with a new contractor for the period of time necessary to familiarize the new contractor with the Project, (f) have another contractor complete the Agreement at the Contractor's expense, (g) require completion according to the terms of the Agreement of any Work which has not been terminated, and (h) take possession of all or part of the Contractor's equipment located at the Site for the purpose of completing the Work. The Contractor shall be required to refund to the Company any payments theretofore made for rejected Work. The Company shall be entitled to withhold from any payment otherwise due to the Contractor an amount sufficient to protect the Company from any outstanding or anticipated liens or claims in connection with Work which has not been rejected or anticipated costs to complete the Work in excess of the remaining Contract Price. The Company shall not be liable for any loss or damage (including, but not limited to, special, indirect, incidental, or consequential damages or anticipated profits) incurred by reason of termination for cause of the Agreement.
- 18.1.9 No amount shall be paid or payable by the Company for the Contractor's termination costs including, but not limited to, demobilization costs, costs associated with the transfer or termination of personnel, or loss of anticipated profit.
- 18.1.10 All warranties and guarantees, including without limitation those set forth in Section 8.0, shall survive termination of the Agreement to the extent that they relate to Work which has not been rejected or terminated, and any other provisions of the Agreement which survive the date of termination shall continue to be binding upon the Contractor.
- 18.1.11 In the event that a termination by the Company of all or part of the Agreement for cause, under Section 18.1 is determined to have been made without cause, such termination shall thereafter be treated as termination for convenience under Section 18.2.

## 18.2 Termination for Convenience.

- 18.2.1 Notwithstanding any other provision of the Agreement, the Company may, at its sole discretion, at any time, for any reason, by notice to the Contractor, terminate the Agreement in whole or in part without cause, and such termination shall not constitute a breach of contract. Such termination shall be effective upon the date set forth in the written notice and the Contractor, unless otherwise directed by the Company, shall immediately:
- (a) Stop the Work hereunder on the date and to the extent specified in such notice;
  - (b) Place no further orders or subcontracts for any part of the Project other than for Work which has not been terminated;
  - (c) Terminate, as directed by the Company, all orders and subcontracts to the extent that they relate to Work which has been terminated;
  - (d) Settle, with the approval or ratification of the Company, to the extent the Company may require, all outstanding liabilities and claims arising out of the Contractor's termination of orders and subcontracts pursuant to Section 18.2;
  - (e) Assign to the Company, as required by the Company, any and all of the Contractor's rights with respect to orders or subcontracts which relate to terminated Work;

- (f) Deliver to the Company, as required by the Company, any or all Work or documents, technical data or other information and materials regardless of their stage of completion, which are in the Contractor's possession or control;
  - (g) Use its best efforts to sell, transfer or otherwise dispose, for the Company's credit, in the manner, at the times, to the extent and at the prices directed or authorized by the Company, any or all of the Work, provided that the Contractor (a) shall not be required to extend credit to any buyer, and (b) may acquire any such Work upon the same terms as it would be entitled to sell or transfer such Work to a third party;
  - (h) Work with a new contractor for the period of time necessary to familiarize the new contractor with the Project;
  - (i) Complete any Work which has not been terminated pursuant to such notice; and
  - (j) Take whatever action may be necessary to preserve and protect the Work and to mitigate the Contractor's damages in connection with the partial or complete termination of the Agreement.
- 18.2.2 In no event shall the total of the Partial Performance Payment and/or termination costs (as provided in Section 18.2.6) exceed the price as determined under the Agreement.
- 18.2.3 The Contractor's claim for Partial Performance Payment and/or termination costs shall be contingent upon the Contractor's good faith diligent compliance with the provisions of Section 18.2 to the Company's satisfaction which will not be unreasonably withheld, and shall be submitted to the Company within three months of the effective date of termination for convenience. If such claim is not submitted within three months, the Contractor waives any right to the claim for Partial Performance Payment and/or termination costs.
- 18.2.4 All warranties and guarantees set forth in Section 8.0 shall survive termination of the Agreement to the extent that they relate to Work which has not been rejected or terminated, and any other provisions of the Agreement which survive the date of termination shall continue to be binding upon the Contractor.
- 18.2.5 A termination for convenience shall not entitle the Contractor to damage remedies that would normally arise as a result of breach of contract, whether such damage remedies are categorized as direct, special, indirect, incidental or consequential damages. Rather, the Contractor's rights are exclusively limited to Partial Performance Payment and/or termination costs.
- 18.2.6 In the case of termination for convenience of the Agreement, the Contractor's termination costs shall be limited to: (1) reasonable documented direct costs that are directly associated with termination responsibilities identified in Section 18.2; and (2) reasonable demobilization costs incurred within thirty days of the date of termination. In no case shall the Contractor be entitled to recover lost profits, nor to recover any costs and expenses associated with the inability of the Contractor to find work for idle employees and equipment that have been rendered idle as a result of termination of the Agreement.
- 18.3 In the case of termination of the Agreement, the Contractor, if notified to do so by the Company, shall promptly, but in any event no more than seven Days from the Company's request, remove any part or all of its equipment, material, and supplies from the Site, failing which the Company shall have the right to remove such equipment and supplies at the expense of the Contractor.
- 18.4 The Agreement shall become effective when executed by both parties and shall continue in full force and effect until the expiration of all guarantees, warranties and indemnities provided for therein, unless earlier terminated in accordance with Section 18.1 or 18.2.

## **19.0 COMPANY'S RIGHT TO SUSPEND THE AGREEMENT**

- 19.1 The Company may at its sole discretion interrupt, suspend or delay execution of all or any part of the Project for any reason whatsoever upon written notice to the Contractor specifying the nature and expected duration of the interruption, suspension or delay. The Company's notice of suspension shall designate the amount and type of labor and equipment to be committed to the Work, if any, during the period of suspension. The Contractor shall utilize its labor, equipment and any other resources so that costs are minimized during the suspension. Except as provided in Section 34.6, if, in the Contractor's opinion, such interruption would result in substantially increased cost, the Contractor shall promptly notify the Company in writing in accordance with Section 14.0.

- 19.2 The Contractor shall immediately resume any of the Work so interrupted, suspended or delayed when directed to do so by the Company. Except as provided in Section 18.1.9, the schedule and price as determined under the Agreement shall be revised to compensate for the interruption, suspension or delay. Adjustments to the price shall be adequate to compensate the Contractor for any verifiable reasonable costs or expenses the Contractor actually incurs as a direct result of the interruption, suspension or delay despite reasonable efforts to mitigate such costs and expenses. Such adjustment to the price and schedule shall constitute full settlement to the Contractor for the suspension. In no event shall the total paid to the Contractor exceed the Contract Price as set forth in the Agreement. In no event shall the Contractor be entitled to any damages, including loss of anticipated profits.
- 19.3 In its notice of suspension, the Company will designate what Work, if any, is to be continued. Upon receipt of such notice, the Contractor shall, unless otherwise directed by the Company:
- 19.3.1 Immediately discontinue the Work on the date and to the extent specified in the notice;
  - 19.3.2 Place no further orders or subcontracts for or in connection with the Project other than to the extent required in the notice of suspension;
  - 19.3.3 Promptly make every reasonable effort to obtain suspension upon terms satisfactory to the Company of all orders and subcontracts to the extent required by the suspension; and
  - 19.3.4 Continue to protect and preserve the Project.
- 19.4 Notwithstanding any other provision of the Agreement, no compensation or extension of time will be granted to the Contractor for any suspension to the extent that the suspension is caused directly or indirectly by the Contractor's acts or failure to act, including, but not limited to, the Contractor's failure to comply with the safety and environmental protection provisions of the Agreement or to the extent that an equitable adjustment is provided for or excluded under any other provision of the Agreement.
- 19.5 Notwithstanding the foregoing, if the Work may directly affect the continuity of electrical or gas service, the Company, at its option, may from time to time immediately suspend the Contractor's Work without prior written notice in order to avoid problems such as safety hazards or interruption of service.

## **20.0 EMERGENCY ASSISTANCE (CONTRACTOR'S RIGHT TO SUSPEND PERFORMANCE)**

- 20.1 If the Contractor is notified and requested to provide emergency assistance, by an entity other than the Company, the Contractor shall request a temporary release from the Agreement. It will be in the Company's discretion as to whether this request will be granted. If the Company agrees to temporarily authorize the release of the Contractor from its current obligations, both parties shall sign a temporary release document, indicating for whom the Contractor will be working and the anticipated release period. The temporary release document will include the Contractor warranties that the Company will not incur any costs or liabilities due to the Contractor's release and that the release will cause no significant delay in the completion of the Company's Project.

## **21.0 FORCE MAJEURE**

- 21.1 Any delay of either party in the performance of its required obligations hereunder shall be excused if and to the extent caused by unprecedented weather conditions, fire, explosion, riot, war, strike by the Company's or its Affiliates' employees, court injunction or order, federal and/or state law or regulation, or order by any federal or state regulatory agency, but only to the extent that: 1) such events are beyond the reasonable control of the party affected, 2) such events were unforeseeable by the affected party and the effects were beyond its reasonable efforts to prevent, avoid or mitigate, 3) the affected party uses every reasonable effort to prevent, avoid or mitigate the effects, 4) prompt written notice of such delay be given by such affected party to the other; and 5) the party affected uses its best efforts to remedy the resulting effects in the shortest practicable time. Upon receipt of such notice, if necessary, the time for performing the affected activities shall be extended for a period of time reasonably necessary to overcome the effect of such delays. Such extension shall be the sole remedy and compensation for each *force majeure* event. Notwithstanding the foregoing, the Company shall have the right to terminate the Agreement under Section 18.2.
- 21.2 The written notice required under Section 21.1 shall be sent by the affected party within five Days of the commencement of any such delay and shall specify the nature, cause, date of commencement and anticipated extent of such delay or nonperformance and whether it anticipates that any delays in scheduled delivery or

performance will result. Such notice shall be submitted in ample time to permit full investigation and evaluation of any claimed delay or nonperformance. Failure to provide such notice shall constitute a waiver of any claim.

- 21.3 Within 30 Days after the termination of any delay occasioned by an event of *force majeure*, the affected party shall give written notice to the other party specifying the actual duration and impact of the delay.
- 21.4 Notwithstanding the foregoing, neither the Contractor's inability to obtain required permits on schedule, nor strikes and/or labor disputes involving the Contractor's and its Subcontractors' employees shall be considered a *force majeure* event.
- 21.5 The Company shall extend the schedule for changes in the Project, as provided in Section 14.0, for *force majeure* events, as provided in Section 21.0, or for suspension of Work, as provided in Section 19.0. Unless pursuant to Sections 14.0 or 19.0, extensions of time shall not be a basis for any increased payment under the Agreement.
- 21.6 The Contractor shall give the Company prompt written notice of any occurrence or conditions which in the Contractor's opinion entitle it to an extension of time. Such notice shall be submitted in ample time to permit full investigation and evaluation of the Contractor's claim. Failure to provide such notice shall constitute a waiver by the Contractor of any claim.

## **22.0 LIABILITY AND INDEMNIFICATION**

- 22.1 If any act or omission on the part of the Contractor or its Subcontractors or any person under Contractor's control causes in whole or in part, death or injury to any person, including but not limited to the Company's or its Affiliates' employees, or any damage to, environmental contamination of, or destruction of any property, including but not limited to property of the Indemnified Parties, the Contractor shall be liable for any claims, losses, damages and costs (including legal expenses) arising therefrom.
- 22.2 To the fullest extent allowed by law, the Contractor shall indemnify, defend, and save harmless the Indemnified Parties from any loss, damage, liability, cost, third party suit, charge, expense, or third party cause of action, including the Indemnified Parties' legal expenses, whether unconditionally certain or otherwise, as they exist on the effective date of the Agreement or arise at any time thereafter, (including but not limited to reasonable fees and disbursements of counsel incurred by an Indemnified Party in any action or proceeding between an Indemnified Party and any third party) arising out of any damage or injury to property of an Indemnified Party, the Contractor and/or third parties (including real property, personal property and environmental damages), persons (including injuries resulting in death), or economic damages, directly or indirectly caused by or arising out of or in any way connected with (i) Work or Services performed in connection with the Agreement, including, but not limited to, any act or omission of the Contractor, its agents, employees, Subcontractors, or suppliers, including any breach of the Agreement thereby, (ii) any negligence, willful misconduct, or breach of law of the Contractor, its agents, employees, Subcontractors, and suppliers, (iii) any third party claim under U.S. law pertaining to copyright infringement, trademark infringement, patent infringement, libel, slander, defamation, invasion of privacy, piracy, or plagiarism arising from the Company's use, consistent with the terms of the Agreement, of the final deliverables (except to the extent that such third party claim arises from materials supplied by the Company, or any unauthorized modifications to the deliverables by the Company), (iv) any equipment, property or facilities used by the Contractor, its agents, employees, Subcontractors, and suppliers, or (v) failure of the Contractor or its Subcontractors to comply with Laws and Standards.
- 22.3 The Contractor shall take prompt action to defend and indemnify the Indemnified Parties against claims, actual or threatened, but in no event later than notice by the Company to the Contractor of the service of a summons, complaint, petition or other service of process against the Company alleging damage, injury, liability, or expenses subject to the indemnification obligations set forth in Section 22.1. If such claim is subject to the foregoing indemnity obligation, the Contractor shall defend any such claim or threatened claim, including as applicable, engagement of legal counsel, to respond to, defend, settle, or compromise any claim or threatened claim. The Contractor shall not settle any claim, action, suit or proceeding for which it is indemnifying the Company in a manner that would impose any legal liability or financial obligation on the Company without first obtaining the Company's written consent.
- 22.4 Furthermore, the Contractor understands that, in the event that it has breached its obligations under this Section 22.0, it is responsible for any and all reasonable costs and expenses incurred by the Company to enforce this indemnification provision.

- 22.5 The Company may participate in the defense and retain its own counsel in connection with any claim. If the Contractor fails to assume control of the defense of any claim, the Company may defend the claim at the Contractor's cost. The Company's defense of a claim does not relieve the Contractor from its obligations to defend or indemnify.
- 22.6 The obligations under Section 22.0 shall not be limited in any way by any limitation on the Contractor's insurance or by a limitation on the amount or type of damages. In addition, the obligations under Section 22.0 shall not be limited in any way by any compensation or benefits payable by or for the Contractor or any Subcontractor under worker's compensation acts, disability benefit acts or other employee acts.
- 22.7 The Contractor shall obtain from its Subcontractors, for the Indemnified Parties' benefit, agreements substantially similar to those contained in this Section 22.0. Notwithstanding any other provision of the Agreement, this Section 22.0 shall survive the termination, cancellation, or expiration of the Agreement.

**23.0 INSURANCE**

23.1 From the commencement of the Agreement, through final expiration or longer where specified below, the Contractor shall provide and maintain, at its own expense, insurance policies, intended to be primary (with no right of contribution by any other coverage available to the Insured Parties), covering all Work and Services to be performed under or in connection with this Agreement, issued by reputable insurance companies with an A.M. Best Rating of at least B+, which at least meet or exceed the requirements listed herein:

23.1.1 Workers Compensation and Employers Liability Insurance as required by the applicable law. Coverage shall include the U.S. Longshoremen's and Harbor Workers Compensation Act, the Jones Act, and Alternate Employer endorsement, if applicable. The employer's liability limit shall be at least \$1,000,000 each per accident, per person disease and disease policy limit. In the event the Alternate Employer endorsement has not been added to the policy at the time a claim arises, the Contractor shall indemnify and hold harmless the Insured Parties from any liability that would have otherwise been covered had that endorsement been added. If the Contractor is exempt from having to obtain and maintain workers' compensation coverage due to their legal status as a sole proprietor or partnership, Contractor shall obtain: 1) Long term disability insurance covering any illness or injury incurred in connection with this Agreement that prevents the Contractor from working, with benefits of at least 50% of the Contractor's monthly income on the last day before the disability begins; and 2) Health care insurance, covering any loss occasioned by bodily injury, sickness or disease, and medical expense, with limits, coverage, deductibles, co-insurance payments, and any other cost sharing features customarily maintained by other contractors of a similar size and business nature.

23.1.2 Commercial General Liability Insurance ("CGL"), covering all Work to be performed under the Agreement, with minimum limits of:

Combined Single Limit	\$1,000,000 per occurrence
General Aggregate and Product Aggregate	\$2,000,000

Downstate NY Requirements:

Combined Single Limit	\$2,000,000 per occurrence
General Aggregate and Product Aggregate	\$4,000,000

This policy shall include Contractual Liability (with this Agreement being included under the definition of "Insured Contract" thereunder), Products-Completed Operations coverage, and, if applicable, explosion, collapse, and underground coverage ("XC&U"). If the Products-Completed Operations coverage is written on a claims-made basis, coverage shall be maintained continuously until the later of: (a) three years after Final Acceptance, or (b) the applicable state statute of repose.

A liability insurance policy containing an annual aggregate limit of liability shall be amended to reflect that the annual aggregate limit applies on a per project basis.

- 23.1.3 Automobile Liability, covering all owned, non-owned and hired vehicles used in connection with all Work or Services to be performed by or on behalf of Contractor with minimum limits of:
- |                       |                            |

| Combined Single Limit | \$1,000,000 per occurrence |
|-----------------------|----------------------------|
- 23.1.4 Umbrella or Excess Liability, with a minimum per occurrence limit of \$4,000,000 (or \$8,000,000 if the Work involves Downstate New York paving Work or \$25,000,000 if the Work involves Downstate New York gas mains and services). This coverage shall run concurrent to the CGL required in 23.1.2 above, shall apply excess of the required automobile, CGL and employer's liability coverage required in this Section 23.0, and shall provide additional insured status as outlined below.
- 23.1.5 Watercraft Liability, if the Work or Services requires the use of watercraft, with the same minimum limits of liability as outlined in Section 23.1.2.
- 23.1.6 Aircraft Liability, if the Work or Services requires the use of aircraft, with a limit of liability of not less than \$10,000,000 combined single limit.
- 23.1.7 Owners & Contractors Protective Liability, with a limit of liability not less than \$1,000,000, if required by use of subcontractors in the work being performed and mutually agreed to by the Company and the Contractor. Proof of coverage under the Contractor's CGL policy will satisfy this requirement.
- 23.1.8 Other insurance as required and as mutually agreed upon by the Company and the Contractor.
- 23.1.9 The Contractor shall name the Insured Parties as additional insureds, in order to provide the same protection under the Contractor's policies as other insureds automatically covered, on the coverages in Sections 23.1.2, 23.1.3, and 23.1.4. The following language should be used when referencing the additional insured status: **National Grid USA, its direct and indirect parents, subsidiaries and affiliates shall be named as additional insured.** These policies shall be primary and noncontributory for liabilities associated with or arising out of all Work or Services to be performed by or on behalf of the Contractor, including ongoing and completed operations.
- 23.1.10 Contractors Pollution Liability ("CPL"): covering any sudden and accidental pollution liability which may arise out of, under, or in connection with this Agreement, including all Work and Services to be performed by or on behalf of Contractor, or that arise out of the Contractors use of any owned, non-owned or hired vehicles, with a minimum liability limit of: (a) Bodily Injury ("BI") - \$1,000,000 per occurrence and Property Damage ("PD") - \$ 500,000 per occurrence; or (b) Combined Single Limit - \$1,000,000 per occurrence. This coverage shall apply on a per project basis. This requirement may be satisfied by providing either this CPL policy, which would include naming the Insured Parties, including their officers and employees, as additional insured's as outlined in this section **OR** by providing coverage for sudden and accidental pollution liability under the CGL and commercial automobile insurance policies required above - limited solely by the Insurance Services Organization ("ISO") standard pollution exclusion, or its equivalent. No Subcontractor is intended to be or shall be deemed a third party beneficiary of the Agreement. As a condition of any subcontract, the Contractor shall require any Subcontractor to remove any claim it might have, in law or equity directly against the Company or its Affiliates. The Contractor shall be fully responsible to the Company for the acts and/or omissions of any Subcontractor and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by the Contractor as if no Subcontractors were in place.
