Property to be Demolished / Service Removed:			
Account Number:			
House #:		Street:	
Town/City:		State:	Zip:
List all meter numbers to be removed. Having all meter numbers to be removed is essential to processing your request, without this information your request cannot be processed.			
Earliest Date Service can be removed:			

Removal of service and meter for a residential demolition can take 16 to 20 days to complete from the date the request is received by National Grid. Customers cannot choose the date they would like the service removed.

If your town requires their form be signed once service is removed, please submit the town sign-off form with this request.

The customer of record on the account will be responsible for any electric usage up until the service and meter are removed.

Additional Comments:

Please fill out all necessary information completely and legibly.

ANY INCOMPLETE ORDERS WILL NOT BE PROCESSED
